SHERIFF'S PREFACE

Message from the Sheriff

As Ventura County's largest and most diverse public safety agency, we have a duty; beyond enforcing the laws, and caring for those in our custody; to be prepared to respond to virtually any type of critical incident that could arise. I believe we also bear the responsibility of continuously adapting to an ever-changing environment, employing creative and innovative strategies to suppress crime, and working tirelessly to build and maintain the trust of the community we serve.

To be successful, we must work together as a team toward our shared mission of safeguarding lives and property and addressing public concerns in a manner which promotes neighborhoods free from the fear of crime. Every employee and volunteer with our organization plays a role in growing our legitimacy and credibility with the community we serve; I count on each of you to keep this critical component to our success in mind as you carry out your duties.

I am incredibly honored and humbled to be your sheriff and to lead our great agency. I will work each and every day to provide a work environment that promotes creativity and innovation; to set an admirable example in my deeds and words; to provide you with open and honest communication; and to be worthy of the Office of the Sheriff of Ventura County.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

ROLE OF THE VENTURA COUNTY SHERIFF'S OFFICE OF EMERGENCY SERVICES

202.1 PURPOSE AND SCOPE

The County has prepared an Emergency Operations Plan (EOP) for use by all county employees in the event of a major disaster or other emergency event. The plan outlines the Ventura County Operational Area's strategic and coordinated response by all employees and assigns specific responsibilities in the event that the plan is activated (Government Code § 8610; County Ordinance 4410, Article 2, Section 5325).

Ventura County is vulnerable to a wide range of human-caused, technological and natural disasters including earthquakes, floods, fires, hazardous material incidents, dam failures, civil unrest, transportation accidents, tsunamis, terrorism, and public health and agricultural emergencies.

The Ventura County Sheriff's Office of Emergency Services (OES) is responsible for the day-to-day administration of the County's preparedness, mitigation, response and recovery programs. OES is responsible for the development and maintenance of the Ventura County Operational Area Emergency Operations Plan (EOP), maintaining the County's Emergency Operations Center (EOC), and coordinating EOC activities during a disaster. OES staff also oversees the County's Disaster Service Worker Program (DSW), which includes the Auxiliary Communications Services (ACS), Disaster Assistance Response Teams (DART), and the Sheriff's Search and Rescue (SAR) Team.

Within California's emergency management organizational structure, each county serves as an operational area. The Ventura County Operational Area includes the County and all political subdivisions within the County area. In this role, Ventura County Sheriff's OES acts as an agent between State OES and the cities, special districts and unincorporated areas of Ventura County. During a disaster, this includes gathering information on the County's emergency response needs, assessing county and state resources, and facilitating the acquisition, coordination and use of those resources. For more information link to County's preparedness and disaster information website at

<http://readyventuracounty.org/>

202.2 ROLE OF THE VENTURA COUNTY SHERIFF

The Sheriff is the Director of the Office Emergency Services (OES) and the Operational Area Coordinator. The County's disaster ordinance (4410, Article 2, Section 5323-1) grants the Sheriff with a number of powers and duties:

Section 5323-1.1 To request the Board of Supervisors proclaim the existence of a "local emergency" if the Board is in session, or to issue such proclamation if the Board is not in session, subject to ratification by the Board within (7) seven days thereafter, or the proclamation shall have no further force or effect.

Ventura County Sheriff's Office

Failure to promptly respond to an order to report for duty may result in discipline.

202.3 ROLE OF THE VENTURA COUNTY EMERGENCY OPERATIONS CENTER (EOC)

An Emergency Operations Center (EOC) is a pre-designated facility established by an agency or jurisdiction to coordinate the overall agency or jurisdictional response and support to an emergency. The County's EOC is activated when the field level responders need additional support. Emergencies requiring EOC activation include the following:

A significant earthquake causing damage in the county or neighboring jurisdictions.

An uncontrolled release or failure of a dam.

An impending or declared "state of war emergency".

An emergency situation that has occurred or might occur that will require a large commitment of resources from two or more county departments over an extended period of time, such as a civil disturbance or aircraft disaster.

In addition, as the Operational Area Coordinator, the Sheriff may be required to activate the EOC under the following conditions:

A local government has activated its EOC and requests activation of the operational area EOC to support their emergency operations. Two or more cities within the operational area have proclaimed a local emergency.

The County and/or city (ies) within the county have requested a governor's proclamation of a "state of emergency".

The operational area is requesting, or has received, resources from outside its boundaries. This does not include resources used in day-to-day operations, which are obtained through existing mutual aid agreements.

For planning purposes, the Ventura County Emergency Operations Plan (EOP) recognizes three levels of response to peacetime emergencies, which are based on the severity of the situation and the availability of resources.

LEVEL ONE - Decentralized Coordination and Direction

A minor to moderate incident where local resources are adequate and available. A Local Emergency may or may not be proclaimed. The County EOC may or may not be activated. Off-duty personnel may be recalled.

LEVEL TWO - Centralized Coordination and Decentralized Direction

Ventura County Sheriff's Office

Ventura County SO Policy Manual

ROLE OF THE VENTURA COUNTY SHERIFF'S OFFICE OF EMERGENCY SERVICES

Off-duty personnel may be recalled. A Local Emergency will be proclaimed and a State of Emergency may be proclaimed.

LEVEL THREE - Centralized Coordination and Direction

A major local or regional disaster where resources in or near the impacted area are overwhelmed and extensive state and/or federal resources are required. A Local Emergency and a State of Emergency will be proclaimed and a Presidential Declaration of an Emergency or Disaster will be requested. All response and early recovery activities will be directed from the EOC. Off-duty personnel will be recalled.

Electronic Mail

205.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the department's electronic mail (e-mail) system by employees of this department. E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the e-mail system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the department.

205.2 E-MAIL RIGHT OF PRIVACY

All e-mail messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its e-mail system or that is stored on any department system.

The e-mail system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the e-mail system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of e-mail. Employees using the Department's e-mail system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange e-mail or other information that is related to the official business of the Department.

205.3 PROHIBITED USE OF E-MAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the e-mail system is prohibited and may result in discipline. This includes all photographs sent through the department's electronic mail system. Profile/signature photographs that can be attached to email programs such as Microsoft Outlook shall only be a photograph of the employee on the email account and shall only be an official Sheriff's Office portrait photograph.

E-mail messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved at the command staff level. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's e-mail, name and/or password by others.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Electronic Mail

205.4 MANAGEMENT OF E-MAIL

Because the e-mail system is not designed for long-term retention of messages, e-mail that the employee desires to save or that becomes part of an official record should be printed and/or stored in another database. Users of e-mail are solely responsible for the management of their mailboxes. Messages should be purged manually by the user at least once per week. All messages in excess of one month will be deleted at regular intervals from the server computer.

Ventura County SO Policy Manual

Retiree Concealed Firearms

- (e) Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).
- (f) The Watch Commander or the Sheriff's Adjutant should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Sheriff.
- (g) The personal and written notification should be as follows:
 1. The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period
 2. The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
 3. The retiree's CCW endorsement is immediately and temporarily suspended.
- (h) In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Watch Commander may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the deputy or another person (Government Code § 7286(a)).

Intercede - includes, but is not limited to, physically stopping the excessive force, recording the excessive force, if equipped with a body-worn camera, and documenting efforts to intervene, efforts to deescalate the offending officer's excessive force, and confronting the offending officer about the excessive force during the use of force and, if the officer continues, reporting to dispatch or the watch commander on duty and stating the offending officer's name, unit, location, time, and situation, in order to establish a duty for the officer to intervene (Government Code 7286(a)(4)).

Retaliation - means demotion, failure to promote to a higher position when warranted by merit, denial of access to training and professional development opportunities, denial of access to resources necessary for an officer to properly perform their duties, or intimidation, harassment, or the threat of injury while on duty or off duty (Government Code 7286(a)(6)).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Serious bodily injury - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

Totality of the circumstances - All facts known to the deputy at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Use of Force

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Deputies are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any deputy present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable deputy under the circumstances, shall, when in a position to do so, intercede (as defined by Government Code § 7286) to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each deputy should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

300.2.2 DE-ESCALATION

When feasible, deputies should utilize de-escalation techniques in an attempt to gain voluntary compliance from resistive subjects prior to the use of force. De-escalation techniques that are used, or the reason they were not used, should be documented by the deputy in the related report.

300.2.3 FAIR AND UNBIASED USE OF FORCE

Deputies are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Bias-Based Policing Policy for additional guidance.

300.2.4 DUTY TO REPORT EXCESSIVE FORCE

Any deputy who observes a law enforcement officer or an employee use force that potentially exceeds what the deputy reasonably believes to be necessary shall immediately report these observations to a supervisor (Government Code § 7286(b)).

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.2.5 FAILURE TO INTERCEDE

A deputy who has received the required training on the duty to intercede and then fails to act to intercede when required by law, may be disciplined in the same manner as the deputy who used force beyond that which is necessary (Government Code § 7286(b)).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Use of Force

300.2.6 RETALIATION PROHIBITED FOR REPORTING VIOLATIONS

A deputy shall not be retaliated against for reporting a suspected violation of a law or regulation of another deputy to a supervisor or other person in the Department who has the authority to investigate the violation (Government Code § 7286(b)).

300.3 USE OF FORCE

Deputies shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Deputies may only use a level of force that they reasonably believe is proportional to the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the approved or authorized tools, weapons, or methods provided by the Department. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall a deputy be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Use of Force

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to deputies or others (Penal Code § 835a).
- (b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time (Penal Code § 835a).
- (c) Deputy/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subjects).
- (d) The conduct of the involved deputy leading up to the use of force (Penal Code § 835a).
- (e) The effects of suspected drugs or alcohol.
- (f) The individual's apparent mental state or capacity (Penal Code § 835a).
- (g) The individual's apparent ability to understand and comply with deputy commands (Penal Code § 835a).
- (h) Proximity of weapons or dangerous improvised devices.
- (i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
- (k) Seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.
- (l) Training and experience of the deputy.
- (m) Potential for injury to deputies, suspects, bystanders, and others.
- (n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the deputy.
- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
- (r) Prior contacts with the subject or awareness of any propensity for violence.
- (s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Deputies may only apply those pain compliance techniques for which they have

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Use of Force

successfully completed department-approved training. Deputies utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the deputy.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the deputy determines that compliance has been achieved.

300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted.

300.3.5 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, deputies should consider actions that may increase deputy safety and may decrease the need for using force:

- (a) Summoning additional resources that are able to respond in a reasonably timely manner.
- (b) Formulating a plan with responding deputies before entering an unstable situation that does not reasonably appear to require immediate intervention.
- (c) Employing other tactics that do not unreasonably increase deputy jeopardy.

In addition, when reasonable, deputies should evaluate the totality of circumstances presented at the time in each situation and, when feasible, consider and utilize reasonably available alternative tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)). Such alternatives may include but are not limited to:

- (a) Attempts to de-escalate a situation.
- (b) If reasonably available, the use of crisis intervention techniques by properly trained personnel.

300.3.6 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Deputies of this department are not authorized to use a choke hold. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person's trachea or windpipe (Government Code § 7286.5).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Use of Force

300.3.7 ADDITIONAL RESTRICTIONS

Terms such as "positional asphyxia," "restraint asphyxia," and "excited delirium" continue to remain the subject of debate among experts and medical professionals, are not universally recognized medical conditions, and frequently involve other collateral or controlling factors such as narcotics or alcohol influence or pre-existing medical conditions. While it is impractical to restrict a deputy's use of reasonable control methods when attempting to restrain a combative individual, deputies are not authorized to use any restraint or transportation method which might unreasonably impair an individual's breathing or respiratory capacity for a period beyond the point when the individual has been adequately and safely controlled. Once the individual is safely secured, deputies should promptly check and continuously monitor the individual's condition for signs of medical distress (Government Code § 7286.5).

300.4 DEADLY FORCE APPLICATIONS

Where feasible, the deputy shall, prior to the use of deadly force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the deputy has objectively reasonable grounds to believe the person is aware of those facts (Penal Code § 835a).

If an objectively reasonable deputy would consider it safe and feasible to do so under the totality of the circumstances, deputies shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably practical, deputies should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the deputy reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- (a) A deputy may use deadly force to protect themselves or others from what the deputy reasonably believes is an imminent threat of death or serious bodily injury to the deputy or another person.
- (b) A deputy may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the deputy reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

Deputies shall not use deadly force against a person based on the danger that person poses to themselves, if an objectively reasonable deputy would believe the person does not pose an imminent threat of death or serious bodily injury to the deputy or to another person (Penal Code § 835a).

Additionally, a deputy should not use deadly force against a person whose actions are a threat solely to property.

An "imminent" threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable deputy in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the deputy or another person. A deputy's subjective fear of future harm alone is insufficient as

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Use of Force

an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force. When feasible, deputies should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others (Government Code § 7286(b)).

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 DISPLAYING OF FIREARMS

Given that individuals might perceive the display of a firearm as a potential application of force, deputies should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

- (a) If the deputy does not initially perceive a threat but reasonably believes that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.
- (b) If the deputy reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such threat until the deputy no longer perceives such threat.

Once it is reasonably safe to do so, deputies should carefully secure all firearms.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The deputy should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.. documentation. These reports shall be completed in a General Offense Report with an assigned RB number. The report shall include a narration in the Officer's Narrative describing the use of force. A separate Blue Team Use of Force template shall also be completed.

Physical force is defined as any physical contact with, or use of any lethal or less-lethal weapon against a person (or persons), where there is a reasonable potential for injury. For "hands-on" techniques, it does not include manual escorts but does include control holds, take-downs, pressure points, strikes, etc. It also includes any deployment of a less-lethal weapon regardless of whether or not the person is actually struck or contacted. Examples include: baton strike (whether or not contact is made), discharge of OC at a person, Taser deployment (probes fired at a person or drive stun), 40mm launcher and less lethal shotgun discharge (whether or not contact is made).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Use of Force

Pointing a firearm, less lethal shotgun, 40mm launcher, or Taser (with or without the laser) directly at a person or displaying a warning arc at a suspect are all considered uses of force; however, they are not considered physical force under this policy. These incidents shall be accurately documented in a General Offense Report. In cases where more than one deputy points a firearm, less lethal shotgun, 40mm launcher, or Taser at the same suspect(s) at the same time (for example, during a high risk traffic stop), only one deputy needs to document the use of force for the group.

300.5.1 NOTIFICATION TO SUPERVISOR

Any use of force by a deputy shall be reported immediately to a supervisor, including but not limited to the following circumstances (Penal Code § 832.13)

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable deputy to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.5.2 ADMINISTRATIVE NOTIFICATION TO AREA CAPTAIN

All uses of force also require notification to the area/unit captain. The on-duty sergeant shall notify the area captain and review the Blue Team Use of Force template. The sergeant will complete the summary portion of the template and forward the Blue Team Use of Force to the area/unit captain. Absent extenuating circumstances or permission from the area/unit captain, the Blue Team Use of Force template shall be submitted by the end of the shift.

This notification process is separate from those listed in the Critical Incidents and Shooting, Member Involved policy.

300.5.3 AREA CAPTAIN RESPONSIBILITIES

Area captains receiving a Blue Team Use of Force Notification shall review the force incident for policy compliance and liability issues. If the reviewing captain believes the force incident is within policy, the captain shall forward the Blue Team Use of Force to the Incident Review Team (IRT) for training purposes. If the captain believes the force incident is, or may be, out of compliance with policy, the captain shall forward their findings to the division commander for possible referral

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Use of Force

to the Internal Affairs Captain for further review. When the matter is referred to Internal Affairs, the Blue Team Use of Force Notification shall be retrieved from the Blue Team database.

300.5.4 PROFESSIONAL STANDARDS RESPONSIBILITIES

The Audit and Inspections Unit Captain shall obtain a Use of Force Report monthly. The report is generated from the VCIJIS system and provides a department wide list of all reportable use of force. The Audit and Inspections Unit will review this report as a starting point to identify any potential trends or problems related to liability, training, policy issues, etc. Areas of concern will be reported to the Professional Standards commander for possible action. Additionally, the Audit and Inspections Unit captain shall forward the Use of Force Report to the area captains monthly for their review.

300.5.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Bureau Policy.

300.5.6 REPORT RESTRICTIONS

Deputies shall not use the term "excited delirium" to describe an individual in an incident report. Deputies may describe the characteristics of an individual's conduct, but shall not generally describe the individual's demeanor, conduct, or physical and mental condition at issue as "excited delirium" (Health and Safety Code § 24402).

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, properly trained deputies should promptly provide or procure medical assistance for any person injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed.

Based upon the deputy's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another deputy and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling deputy shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the deputy reasonably

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Use of Force

believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain, or who require a protracted physical encounter with multiple deputies to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Deputies who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

- (a) Obtain the basic facts from the involved deputies. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (d) Identify any witnesses not already included in related reports.
- (e) Review and approve all related reports.
- (f) Determine the potential likelihood for civil litigation. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.,
- (g) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.8 USE OF FORCE ANALYSIS

At least annually, FTAC (Force Training Analysis Committee) should prepare an analysis report on the use of force incidents. Copies of the report should be submitted to all four Assistant Sheriffs. The report should not contain the names of deputies, suspects, or case numbers, and should include:

- The identification of any trends in the use of force by members
- Training needs recommendations
- Equipment needs recommendations

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Use of Force

- Policy revision recommendations

300.9 TRAINING

Deputies, investigators, and supervisors will receive periodic training on this policy and demonstrate their knowledge and understanding (Government Code § 7286(b)).

Subject to available resources, the Training Sergeant should ensure that deputies receive periodic training on de-escalation tactics, including alternatives to force.

Training should also include (Government Code § 7286(b)):

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities.
- (b) Training courses required by and consistent with POST guidelines set forth in Penal Code § 13519.10.

See the Training Policy for restrictions relating to deputies who are the subject of a sustained use of force complaint.

300.10 POLICY AVAILABILITY

The Sheriff or the authorized designee should ensure this policy is accessible to the public (Government Code § 7286(c)).

300.11 POLICY REVIEW

The Sheriff or the authorized designee should regularly review and update this policy to reflect developing practices and procedures (Government Code § 7286(b)).

300.12 USE OF FORCE COMPLAINTS

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

300.13 PUBLIC RECORDS REQUESTS

Requests for public records involving a deputy's personnel records shall be processed in accordance with Penal Code § 832.7 and the Personnel Records and Records Maintenance and Release policies (Government Code § 7286(b)).

Handcuffing and Restraints

301.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

301.2 POLICY

The Ventura County Sheriff's Office authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

301.3 USE OF RESTRAINTS

Only members who have successfully completed Ventura County Sheriff's Office-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

301.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of deputies and others. When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

301.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and in no event shall these persons be restrained by the use of leg irons, waist chains or handcuffs behind the body.

No person who is in labor, delivery or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, deputies or others (Penal Code § 3407; Penal Code § 6030).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Handcuffing and Restraints

301.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the deputy, or damage property.

301.3.4 NOTIFICATIONS

Whenever a deputy transports a person with the use of restraints other than handcuffs, the deputy shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

301.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Deputies should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, deputies should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

301.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Deputies should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Deputies should avoid comingling those wearing spit hoods with other detainees.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Handcuffing and Restraints

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

301.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

301.6.1 AUTHORIZED LEG RESTRAINT

The RIPP Hobble, manufactured by RIPP Restraints, is the only hobble authorized by the Sheriff's Office. Deputies shall only use the approved RIPP Hobble leg restraint.

Leg shackles may also be used as a leg device.

301.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, deputies should consider:

- (a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting deputy while handcuffed, kicking at objects or deputies).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

301.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, deputies should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Handcuffing and Restraints

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the deputy arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by a deputy while in the leg restraint. The deputy should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The deputy should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by a deputy when requested by medical personnel. The transporting deputy should describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

301.8 AUTHORIZED PROTECTIVE HEADGEAR

Protective Headgear, manufactured by ProForce or Century Martial Arts, are the only protective headgear authorized by the Sheriff's Office. Deputies shall only use headgear provided by the department.

301.8.1 GUIDELINES AND APPLICATION OF PROTECTIVE HEADGEAR

Protective headgear may be used to protect the head of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation.

A supervisor shall be notified as soon as practicable after the application of the protective headgear.

In determining whether to use the protective headgear, deputies should consider:

- (a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit)
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., use of their head to strike at windows of the patrol unit).
- (d) Protective headgear should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing protective headgear, the protective headgear should be removed.

Those who have had protective headgear placed on them should be continually monitored by sworn personnel and shall not be left unattended until the protective headgear is removed. The

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Handcuffing and Restraints

protective headgear will be cleaned and disinfected after each use through the use of antibacterial sprays and/or wipes.

301.9 AUTHORIZED BODY RESTRAINT

The WRAP Restraint, manufactured by Safe Restraints, Inc., is the only body restraint device authorized in a patrol environment. Additional body restraint devices may be authorized for use in Detention Services. Deputies shall only use approved body restraint devices.

301.9.1 APPLICATION OF THE WRAP

The WRAP shall be applied by a minimum of two deputies. Only qualified personnel who have received training in the use of The WRAP should use this restraining device.

A supervisor shall be notified as soon as practicable after the application of The WRAP. The Watch Commander shall be notified if an individual is kept in The WRAP for longer than 60 minutes. The Watch Commander may authorize or deny continued use of The WRAP at the Watch Commander's discretion based on the totality of the circumstances the deputy is facing. If continued use of The WRAP is authorized, the Watch Commander should set a clear time frame for removal or renotification and ensure the subject is being continually monitored for signs of medical distress

301.9.2 TRANSPORTATION

To carry the restrained person, a minimum of 3 personnel shall be used. Depending on the size and weight of the subject, more may be necessary. Use of a gurney in the seated position is also a method for escort.

Restrained subjects may be transported in a patrol unit. Prior to transport, re-check all belts to ensure that they are securely fastened. The subject shall be in a seated upright position and secured by a seat belt. When transported by ambulance, the subject shall be accompanied by a Deputy.

301.9.3 GUIDELINES FOR THE USE OF THE WRAP

Subjects shall be monitored and kept under constant supervision by sworn personnel at all times while in The WRAP. If the restrained subject complains or shows signs of respiratory distress (i.e., coughing, gasping, gagging, visibly short of breath, unable to speak in full sentences, breathing more than 30 times per minute, complaint of inability to breath, change in facial color, loss of consciousness, sudden quiet or inactivity, etc.), the device shall be removed, and medical attention shall be sought immediately. The WRAP can be used prior to or after a violent/ combative subject is controlled using approved departmental methods, in order to limit a violent/combatative subject from causing injury to themselves or others, or to prevent the violent/combatative subject from causing property damage by kicking. As with any restraint device, do not assume The WRAP is escape proof.

The WRAP should only be used under the following situations:

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Handcuffing and Restraints

- (a) When pre-assaultive, violent, or combative behavior is indicated. Pre-assaultive indicators are actions or statements made by a person that a reasonable deputy would believe indicate the person will become violent or destructive if arrested or transported and use of The WRAP would prevent injuries or damage caused by that person.
- (b) To immobilize a violent/combative subject.
- (c) When conventional methods of restraint are not effective.
- (d) In transportation of violent/combative subjects.

Once the subject is properly restrained in The WRAP, the subject shall be placed on his/her side, or in a sitting position. This will increase the oxygen recovery rate and will reduce the incident of respiratory fatigue.

The WRAP is only intended for use during vehicle transportation, when transporting a violent inmate to/from court or in a hospital environment where other forms of restraint have proven to be ineffective in safely controlling the subject.

Use of The WRAP as punishment, discipline, playfulness, or carelessness is strictly forbidden.

Subjects whose behavior is problematic, and/or a nuisance only, shall not be restrained in The WRAP. No arrestee in The WRAP shall be subjected to ridicule, embarrassment or inhumane treatment.

301.9.4 NOTIFICATION TO JAIL STAFF

If an arrestee is transported to the jail in The WRAP, the transporting deputy shall notify booking deputies of its use. The booking nurse shall be notified of its usage so the arrestee can be evaluated for signs of respiratory distress

301.10 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the deputy shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Deputies should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Handcuffing and Restraints

301.11 TRAINING

Subject to available resources, the Training Sergeant should ensure that deputies receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

302.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Ventura County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

302.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, deputies should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

302.4 RESPONSIBILITIES

302.4.1 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to County property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

302.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Control Devices and Techniques

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

302.6 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

302.6.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

302.6.2 TREATMENT FOR OC SPRAY EXPOSURE

1. The following procedure should be followed after exposing a suspect to pepper spray (O.C.)
 - (a) Decontamination procedure for the suspect should begin as soon as the exposed suspect has been properly restrained and the situation is safe for the deputy.
 - (b) Decontamination should be based on the effects being displayed or verbalized by the suspect.
2. Decontamination should consist of the following:
 - (a) EXPOSE TO FRESH AIR - Fresh air is defined as air free from pepper spray. Moving air from a fan, open window or wind is preferred and will help to reduce the effects.
 - (b) WATER "" Water should be used for the following effects. If the suspect is complaining of pain to the skin, water can be applied to the effected area by splashing, pouring, misting or wet towel (no rubbing).
3. If the suspects eyes are closed and they are complaining of pain they should be instructed to keep their eyes closed. Pepper spray is only painful when the eyes are open. If complaint of pain to the eyes continues, water can be splashed, poured or misted onto the eyes. Do not force or flush water into the eyes.
 - (a) Be advised that using water around the eyes when they are not affected can activate the pepper spray and re-effect the eyes.
 - (b) SOAP AND WATER "" Pepper spray will rapidly dry after being sprayed. To ensure complete removal the officer should wash with soap and water. The suspect should be advised at booking to wash with soap and water.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Control Devices and Techniques

4. The suspect should be told not to use salves, ointments or moisturizing agents on the effected areas.
5. Remove contaminated clothing as soon as practical.
6. Deputies are reminded that some people wear contact lenses and that, when it is safe to do so, the person exposed to the OC should be permitted to remove them in order to ensure a thorough flushing.
7. If the suspect is still experiencing symptoms 45 minutes after decontamination measures have been taken, the deputy shall obtain medical treatment for the exposed subject.

302.7 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, deputies should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

302.8 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

Kinetic energy projectiles are approved by the department and are fired from a Remington 870, 12 ga. shotgun with an 18" barrel or a modified 14" barrel, florescent orange stock and fore end or 37mm / 40mm weapons. Certain munitions can be used in an attempt to de-escalate a potentially deadly situation, with a reduced potential for death or serious physical injury. Kinetic energy projectiles include the following:

"Super-Sock" 12 ga. or munitions currently approved and issued by the department.

37mm / 40mm Multiple Rubber Baton Rounds or a Single Baton Round

37mm / 40mm Stinger Rubber Rounds

Assorted Jaycor Pepperball Munitions

302.8.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Deputies are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved deputy determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and deputies takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Control Devices and Techniques

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or deputies.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

302.8.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the deputy should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other deputies and individuals that the device is being deployed.

Deputies should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, deputies are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

302.8.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

- (a) At the beginning of each shift, the deputy assigned the less lethal shotgun shall conduct a "B.E.E.F.S." (Refer to department's Firearms and Qualification Policy for details) check of the weapon to ensure the weapon is operational and unloaded. The side saddle shall only contain six (6) rounds of the department approved bean-bag ammunition.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Control Devices and Techniques

- (b) The Less Lethal Shotgun shall be stored unloaded. The weapon should only be loaded at the scene of the incident, by the deputy intending to fire the weapon. The deputy intending to fire the weapon is responsible for confirming the loading of the approved ammunition. When deployment is not anticipated, the weapon shall remain in the trunk or secured area of the vehicle.
- (c) Range qualification and subsequent training of all extended range impact weapons, including the less lethal shotgun, shall be under the direct supervision of department approved instructors. Deputies will be required to demonstrate current proficiency in the use of the 12 ga. less lethal shotgun and munitions, as well as the TASER once every year, during the bimonthly qualification designated for less lethal training.

302.9 TRAINING FOR CONTROL DEVICES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER devices.

303.2 POLICY

The TASER® device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to deputies and suspects.

303.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Deputies shall only use the TASER device and cartridges that have been issued by the Department. Uniformed deputies who have been issued the TASER device shall wear the device in an approved holster.

Members carrying the TASER device should perform a spark test prior to every shift.

Deputies who carry the TASER device while in uniform shall carry it in a weak-side holster on the side opposite the duty weapon (Penal Code § 13660).

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, deputies should carry two or more cartridges on their person when carrying the TASER device.
- (c) Deputies shall be responsible for ensuring that the issued TASER device is properly maintained and in good working order.
- (d) Deputies should not hold a firearm and the TASER device at the same time.

303.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other deputies and individuals with a warning that the TASER device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with a deputy's lawful orders and it appears both reasonable and feasible under the circumstances, the deputy may, but is not required to, display the electrical arc or the laser in a further attempt to gain compliance prior

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Conducted Energy Device

to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the deputy deploying the TASER device in the related report.

303.4.1 PROBE REMOVAL / POST DEPLOYMENT PROCEDURE

- (a) Deputies trained in removing the probes from non-sensitive areas should remove probes as soon as practical, unless exigent circumstances exist. Probe removal from sensitive areas (e.g. groin, female breast, near the eyes) should be done by qualified medical personnel as soon as practical.
- (b) Probes shall be treated as a biohazard and handled appropriately.
- (c) Anytime the TASER device is used, regardless if it strikes the person, the cartridge, wires, and probes shall be collected and booked into evidence whenever they can be recovered. If the cartridge, wires, and/or probes cannot be recovered and booked into evidence, the reason should be documented in a report.
- (d) If the TASER device is utilized the deputy shall present the TASER device to a supervisor for exchange or data download prior to end of the shift.
- (e) A supervisor shall ensure deputies complete reports and that photographs are taken of the probes, the probe impact sites and any injuries or non-injuries related to the use of the TASER device.
- (f) A supervisor shall ensure the administrative sergeant or TASER device liaison is notified of the TASER device usage so a data download can be completed.
- (g) Each division shall have a TASER device liaison that is responsible for maintaining the download reports on each weapon and shall ensure a control log is maintained for weapon, cartridge issuance and weapon repairs. The TASER device liaisons will ensure the report downloads are forwarded to the Training Center.

303.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, deputies should be aware that the device may not achieve the intended results and be prepared with other options.

303.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the deputy at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Conducted Energy Device

- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm deputies, him/herself or others.

Mere flight from a pursuing deputy, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

303.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between deputies and the subject, thereby giving deputies time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

303.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the deputy to limit the application of the TASER device probes to a precise target area, deputies should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

303.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Deputies should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Conducted Energy Device

deputy reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the deputy should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Deputies should generally not intentionally apply more than one TASER device at a time against a single subject.

303.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Deputies shall notify a supervisor of all TASER device discharges. The expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

When a TASER is **unintentionally discharged** by a member of this Office, the following shall occur:

1. The member shall immediately determine if anyone was injured and, if necessary, render aid and/or appropriate emergency medical services.
2. The member shall immediately notify a supervisor. As soon as practical, the member shall write a memorandum detailing the event and submit it to the supervisor.
 - (a) The Supervisor shall ensure that a copy all documentation related to the incident is routed to the Captain and Commander where the employee is assigned.
3. If it is believed the TASER may have malfunctioned:
 - (a) the supervisor shall obtain and submit the involved TASER, any other item which may have contributed to the discharge (such as a holster, etc.), and a copy of all related documentation to the Training Center Captain. Unintentional discharges caused by an obvious trigger pull do not require that the device or its associated items be sent to the Training Center.
 - (b) The TASER Liaison Officer representing the member's assignment shall arrange for a replacement TASER, or related equipment, as needed.
 - (c) The Training Center Captain will be responsible for notifying the Support Services Commander.
 - (d) The Training Center Captain, or designee, shall arrange for a qualified Department TASER instructor to conduct an inspection of the TASER to determine if a mechanical malfunction could have been responsible for, or contributed to, the discharge.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Conducted Energy Device

- (e) The person conducting the inspection shall write a memorandum describing the mechanical condition of the TASER and any related equipment, the apparent cause(s) of the discharge, and any recommendations regarding the TASER, equipment or training of the involved member and forward it to the Training Center Captain. As needed, the Training Center Captain shall seek the expertise of a qualified expert should the TASER or other factors exceed the capabilities of the department TASER Instructor(s).
 - (f) The Training Center Captain shall forward the findings to the Professional Standards Commander for disposition.
4. If the discharge of the taser is not related to a malfunction, the supervisor shall forward the memorandum to the Training Center Captain.
 5. Members are considered negligent if their actions in any way contributed to the discharge, or the discharge occurred during the course of some prohibited or unsafe action.
 6. Members found to be responsible for the discharge due to negligence may be required to participate in remedial training and may be subject to progressive discipline. The appropriate level of training and discipline shall be determined on a case-by-case basis by the Professional Standards Commander after an appropriate investigation is conducted. In all cases, at a minimum a training DPR shall be completed to memorialize the incident.
 7. If applicable, the Training Center shall contact the member as soon as practicable and schedule remedial training if the discharge was due to negligent handling of the TASER.
 8. The member must successfully complete the remediation training that shall be documented by the TASER Instructor conducting the training. The memo detailing the training given and the member's ability to safely manipulate and operate the TASER at the completion of training shall be maintained in the member's training file. Successful completion of remedial training shall not preclude the imposition of further sanctions as provided in number eleven above.

303.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

303.5.7 OFF-DUTY CONSIDERATIONS

Deputies are not authorized to carry department TASER devices while off-duty.

Deputies shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

303.6 DOCUMENTATION

Deputies shall document all TASER device discharges in the appropriate report.. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges,

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Conducted Energy Device

pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

303.6.1 REPORTS

The deputy should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

303.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols only appropriate medical personnel should remove TASER device probes from sensitive areas of a person's body (e.g. groin, female breast, in or near the eyes). Removed TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically cleared by on-scene paramedics/emergency medical personnel prior to being transported to a hospital for medical clearance prior to booking.

303.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

directions of travel, locations and positions where force was applied, and where physical evidence may be located. Involved officers will not be questioned about their perceptions, intentions, or state of mind during the pre-interview walk-through.

304.6 THE SHOOTING OR CRITICAL INCIDENT CRIMINAL INVESTIGATION

Once notified of an officer-involved shooting or critical incident, it shall be the responsibility of the Major Crimes captain to assign appropriate detective personnel to handle the investigation of related crimes. Detectives will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

It shall be the policy of this department to notify the District Attorney's Office of any officer-involved shooting involving injury or death.

Detective personnel from this department may be assigned to partner with investigators from the District Attorney's Office so as to not duplicate efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators will be given the next opportunity to interview involved deputies in order to provide them with an opportunity to give a voluntary statement. The following shall be considered for the involved deputy:

- (a) Supervisors and Professional Standards personnel should not participate directly in any voluntary interview of deputies. This will not prohibit such personnel from monitoring such interviews or indirectly providing areas for inquiry.
- (b) If requested, any involved deputy will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney, prior to speaking with criminal investigators. However, in order to maintain the integrity of each individual deputy's statement, involved deputies shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Critical incidents and Shooting, Member Involved

While the involved deputy may write the report, it is generally recommended that such reports be completed by assigned investigators who should interview involved deputies as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved deputies should focus on evidence to establish the elements of criminal activities by involved suspects. Care should be taken not to duplicate information provided by involved deputies in other reports.

Nothing in this section shall be construed to deprive an involved deputy of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures, but should also be included for reference in the investigation of the officer-involved shooting or critical incident.

304.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, deputies should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

304.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or a critical incident, this department will conduct an internal administrative investigation to determine

Ventura County Sheriff's Office

conformance with department policy. This investigation will be conducted under the supervision of the Professional Standards Bureau and will be considered a confidential peace officer personnel file.

- (a) Any deputy involved in a shooting or critical incident shall not be administratively compelled to provide a blood sample for alcohol/drug screening unless there is reasonable suspicion to believe the deputy may be under the influence of a drug or alcohol. Absent consent from the deputy, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any deputy has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved deputy.
 - 1. If a further interview of the deputy is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved deputy shall be provided with a copy of his or her prior statement before proceeding with any subsequent interview(s) (Government Code § 3303(g))
- (c) In the event that an involved deputy has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the deputy's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the deputy shall have the opportunity to select an uninvolved representative to be present during the interview (Government Code § 3303(i)) However, in order to maintain the integrity of each individual [officer's/deputy's] statement, involved deputies shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - 3. Administrative interview(s) should be recorded by the investigator (the deputy may also record the interview) (Government Code § 3303(g)).
 - 4. The deputy shall be informed of all constitutional *Miranda* rights (Government Code § 3303(h)) and, assuming no voluntary waiver, will then be given an administrative order to provide full and truthful answers to all questions (Government Code § 3303(e)). The deputy shall be informed, however, that the interview will be for administrative purposes only and that the statement cannot be used criminally (The *Lybarger* or *Garrity* admonishment).
 - 5. The administrative interview shall be considered part of the deputy's confidential personnel file.
 - 6. Professional Standards shall compile all relevant information and reports necessary for the department to determine compliance with applicable policies.
 - 7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

Firearms and Qualification

Members who repeatedly fail to qualify will be relieved from field assignment and appropriate disciplinary action may follow.

Sworn members will have up to three attempts to qualify. Failure to qualify will result in the following:

- (a) Remedial training will be given immediately by the firearms staff.
- (b) Remedial training will be followed by a minimum standards test.
- (c) Failure to pass the minimum standards test will result in notification to the Professional Standards Commander by the Training Center Captain or watch commander. The sworn member shall be removed from field duty and temporarily re-assigned.
- (d) Remedial training will be scheduled by the firearms staff for a period of two weeks. Remedial training will consist of one on one instruction as needed to enhance their skills and proficiency. If the sworn member is unable to pass the minimum standards test after remedial training, they shall be deemed unfit for duty and subject to termination.
- (e) The sworn member will be returned to field duty upon passing the minimum standard test. The member shall be required to qualify monthly until they demonstrate continued proficiency for six months.
- (f) Any sworn member may be assigned to attend the handgun update course by the range staff.

COMPLIANCE

An unexcused failure to comply with the range requirement will result in disciplinary action. A letter of reprimand will be placed into the deputy's personnel file upon the first failure to comply.

Upon a second failure to comply within a twelve-month period from occurrence date, a one-day suspension will be imposed, in addition to a mandatory qualification. Deputies who fail to comply with range requirements within twelve months of receiving a suspension for a violation of this policy, will be subject to progressive discipline, including removal from field duty and suspension of the privilege to carry a weapon off-duty.

Captains and above will receive discipline in accordance with their respective Memorandum of Agreement or County policy.

Deputies shall not be exempted from the requirements of this policy other than for medical reasons, or those on leaves of absence. Special circumstances preventing deputies from complying with this policy must be explained by a memorandum addressed to the respective bureau commander.

306.6 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the deputy reasonably believes that they appear necessary, effective and reasonably safe.

Ventura County Sheriff's Office

306.7 DESTRUCTION OF ANIMALS

Deputies are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances in which deputies have sufficient advance notice that a potentially dangerous animal may be encountered, deputies should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any deputy from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

306.7.1 INJURED ANIMALS

With the approval of a supervisor, a deputy may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)). Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners cannot be destroyed under the law and every reasonable effort should be taken to have the dog or cat transported to an appropriate veterinary facility (via County Animal Services or other means) for determination of whether it should be treated or humanely destroyed.

306.8 REPORT OF FIREARM DISCHARGE

This policy applies to any department member who unintentionally discharges a firearm, not in the presence of a person suspected of committing a crime, under the following circumstances:

- (a) All incidents where a department member is on duty (including off duty hours where the member is acting in the capacity of a peace officer) regardless of the type of firearm, including shotguns and less lethal bean bag weapons.
- (b) All incidents occurring on county property or at any department sanctioned event, regardless of the type of firearm.
- (c) All incidents occurring off-duty and the firearm involved is issued by the department, or approved for use on-duty or off-duty by the department, including optional on-duty and back-up firearms.
- (d) The intent of this policy is to identify incidents where a member of this department discharges a firearm due to negligent handling or faulty equipment, not in the presence of a suspect.

This policy does not apply to the unintentional discharge of a firearm that takes place on the firing line at a range or other training facility when the firearm is pointed in a safe direction.

Anytime a firearm is unintentionally discharged by a department member under the conditions described above, the following shall occur:

- (a) The member shall immediately determine if anyone was injured and, if necessary, render aid and/or appropriate emergency medical services.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Firearms and Qualification

- (b) The member shall immediately notify a supervisor. As soon as practical, the member shall write a memorandum detailing the event and submit it to the supervisor.
- (c) As soon as practical, the supervisor shall obtain and submit the involved firearm, any other item which may have contributed to the discharge (such as a holster, etc.), and a copy of all related documentation to the Training Center Captain.
- (d) The Training Center Captain shall arrange for replacement of the firearm, or related equipment, as needed.
- (e) The Training Center Captain will be responsible for notifying the Professional Standards Commander.
- (f) The Professional Standards Commander is responsible for notifying the Support Services Assistant Sheriff.
- (g) The Training Bureau shall arrange for a qualified department armorer to conduct an inspection of the firearm to determine if a mechanical malfunction could have been responsible for, or contributed to, the discharge. The person conducting the inspection shall write a memorandum describing:
 - 1. The mechanical condition of the firearm and any related equipment.
 - 2. The apparent cause(s) of the discharge and any recommendations regarding the firearm or equipment.
 - 3. Any needed training of the involved member.
- (h) The department armorer shall forward his or her findings to the Training Center Captain, who will forward it to the Firearms Safety Committee Chair for review with comments. As needed, the Firearms Safety Committee Chair shall seek the expertise of a qualified expert should the firearm or other factors exceed the capabilities of the department armorer.
- (i) The Firearms Safety Committee Chair shall forward the committee's findings to the Professional Standards Commander for disposition.
- (j) Members are considered negligent if their actions in any way contributed to the discharge, or the discharge occurred during the course of some prohibited or unsafe behavior such as loading or unloading the firearm in an unauthorized area.
- (k) When a negligent discharge occurs, the responsible party shall be required to participate in remedial training and may be subject to progressive discipline. The appropriate level of training and discipline shall be determined on a case-by-case basis by the Professional Standards Commander after an appropriate investigation is conducted.
- (l) After a determination has been made regarding a disposition of the incident, the Training Center shall contact the responsible member and schedule remedial training if the discharge was due to negligent handling of the firearm. The member must successfully complete the remediation training that shall be documented by the firearms staff member conducting the training.
- (m) A memo detailing the training given and the member's ability to safely manipulate and operate the firearm at the completion of training shall be maintained in the

Ventura County Sheriff's Office

Firearms and Qualification

member's training file. Successful completion of remedial training shall not preclude the imposition of further sanctions as provided in section 'k' above.

306.9 FIREARMS COMMITTEE

The Firearms Committee reviews policies and makes recommendations on issues related to firearms, firearms instruction, use of force equipment, and safety including, but not limited to, design, evaluation and documentation of instruction (both basic and in-service).

RESPONSIBILITIES

- A. Review of incidents involving the intentional discharge of a firearm while on duty, which occurs at a location other than a Sheriff's range facility.
- B. Review of any non-intentional discharge of a firearm, whether on or off duty, which occurs at a location other than a range, shooting or hunting facility.
- C. Review of any non-intentional discharge of a firearm, which results in any personal injury or property damage.
 - 1. The above reviews shall be conducted by the Firearms Committee upon endorsement by the Support Services Assistant Sheriff or designee, either during the internal affairs/administrative investigation or after the conclusion of such investigation.
- D. Review and recommend modifications in department firearms equipment inclusive of weapons, ammunition, holsters, etc.
- E. Review and recommend modifications to the Sheriff's range facility with respect to layout and construction.
- F. Development, evaluation, and oversight of firearms training inclusive of basic academy, in-service, and bi-monthly qualification. These functions shall be conducted in cooperation with the Training Center Captain.
- G. Review of any unintentional discharge of a firearm by an employee of another law enforcement agency resulting in injury while utilizing a Sheriff's range facility

PROCEDURE FOR EQUIPMENT EVALUATION

- (a) No firearms, holsters, ammunition or related equipment shall be used by deputies unless approved for use by the department.
- (b) All requests for evaluation shall be sent to the Training Center Captain for submission to the Firearms Committee. All recommendations will be forwarded to the Sheriff or designee for approval.
- (c) Any equipment approved by the Firearms Committee will be documented on a memorandum and posted on the Intranet, "Approved Equipment."

306.10 MAINTENANCE AND REPAIR

Firearms carried on duty shall be maintained in a clean, serviceable condition. Since the use of personally owned weapons is at the option of the individual deputy, that deputy will be responsible for the furnishing, maintenance and repair of such weapon.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Firearms and Qualification

306.10.1 REPAIR OR MODIFICATIONS OF DUTY WEAPONS

The department armorer at the Sheriff's Range shall be the only person authorized to repair or modify any department-owned weapon. All repairs and/or modifications of department issued weapons not performed by the department armorer must be approved in advance by the armorer and accomplished by a department approved gunsmith.

Any repairs or modifications to the deputy's personally owned weapon shall be done at his or her expense and must be approved by the Rangemaster.

306.11 SHOTGUN

This policy is to standardize the manner in which the shotgun is to be utilized and carried. Sworn personnel working patrol are required to carry a shotgun while on duty.

Exception: Sworn personnel who are issued a patrol rifle may carry their patrol rifle in place of a shotgun while working patrol. Nothing in this policy precludes sworn personnel who are issued a patrol rifle from carrying a shotgun and their patrol rifle while working patrol. Sworn personnel who opt to carry their patrol rifle instead of the shotgun must still qualify with the shotgun bi-monthly.

306.11.1 AMMUNITION

Only department issued ammunition is approved for use in the shotgun.

306.11.2 SERVICE CHECKS

Service (B.E.E.F.S.) checks will be conducted at the beginning of each shift. B.E.E.F.S. checks consist of checking the following: Barrel, Extractor, Ejector, Firing Pin, and Safety.

306.11.3 CRUISER CARRY

When not deployed, shotguns shall be in "cruiser carry" condition and properly secured in a locking weapons rack or in the trunk of a vehicle without a locking weapons rack.

"Cruiser Carry"

- Safety in the "On" position
- Chamber empty
- The trigger has been depressed so the hammer is no longer in the cocked position
- Four rounds of department issued ammunition loaded in the magazine tube

306.11.4 CARRYING ADDITIONAL AMMUNITION

Additional shotgun shells will be carried only in the department provided carrying devices located on the shotgun.

306.11.5 QUALIFICATION

All deputies are required to qualify with a shotgun during each bi-monthly qualification period. Those patrol deputies that qualify while on duty shall qualify with the shotgun from their patrol vehicle. Those deputies that are issued a shotgun are required to qualify with their issued shotgun.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Firearms and Qualification

306.11.6 CLEANING

The shotgun shall be cleaned after each qualification. Supervisors shall be responsible for ensuring the shotguns are inspected, clean and in good working order.

306.11.7 TACTICAL RIFLE (DEPARTMENT ISSUED)

SPECIFICATIONS - Only weapons and ammunition that meet agency authorized specifications, approved by the firearms committee, may be utilized by deputies. The authorized patrol rifle issued by the department is the Colt M-16 A1, Colt AR-15, or similar clone of varying manufacture and chambered in .223 or 5.56X45mm. Refer to the Approved Firearms Equipment List on the Sheriff's Intranet for specifics.

AUTHORIZATION FORM - A tactical rifle authorization form must be completed and submitted per this policy prior to a member carrying a department issued tactical rifle on duty.

https://sheriffintranet/wp-content/uploads/2018/08/PM_Tactical_Authorization_Form.pdf

Optics are approved for use with department approved tactical rifles. The optics must be of quality manufacture (i.e. Leupold, Aimpoint, Trijicon, Eotech, etc.). Optics utilizing magnification may not exceed 4X magnification.

A privately purchased tactical rifle requires a separate process. (Refer to section 306.11.14 below.)

306.11.8 INSPECTION & RIFLE MAINTENANCE

The initial inspection of tactical rifles, whether department issued or privately purchased, will occur at the beginning of the mandatory POST 24-hour Tactical Rifle Course.

It will be the responsibility of the individual deputy to care for and maintain all issued equipment. The deputy's weapon will be cleaned after every range qualification or firing of the weapon. Deputies are only authorized to take the weapon apart to the condition known as "field stripping" for cleaning; all other maintenance or modifications shall only be performed by department armorers.

306.11.9 TRAINING

Deputies shall not carry or utilize the tactical rifle unless they have successfully completed departmental training. This training shall consist of an initial 24-hour POST approved tactical rifle-training program. Deputies shall thereafter be required to successfully complete a bi-monthly qualification. Any deputy who fails to qualify or who fails to successfully complete department sanctioned training/qualification sessions will no longer be authorized to carry the patrol rifle without successfully completing the tactical rifle update course.

306.11.10 WEAPONS QUALIFICATION

- (a) If a deputy fails to demonstrate competency with the tactical rifle by not obtaining a minimum qualifying score at the range during the two-month qualification period, the following protocol shall occur:
 1. The Rangemaster will notify the deputy and the information will be documented on a Firearms Qualification Record Form.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Firearms and Qualification

2. The deputy will be given a copy of the Firearms Qualification Record Form.
 3. If the department issued the tactical rifle, the rifle will be immediately relinquished at the range until the deputy receives additional training.
 4. If the deputy owns the tactical rifle, the deputy will not be authorized to carry the weapon while on duty.
 5. The Training Center's in-service sergeant, or designee, will be notified of the deputy's failure and will notify the deputy when the next available tactical rifle update course is scheduled.
 6. Upon the successful completion of an 8-hour tactical rifle update course, the member may be authorized to carry a department or personal tactical rifle as prescribed in this policy.
- (b) An unexcused failure to comply with the tactical rifle range requirement will result in the member not being allowed to carry a tactical rifle while on duty.
1. Upon the successful range qualification, the member may be authorized to carry a department or personal tactical rifle as prescribed in this policy.
 2. The Training Center in-service sergeant or his/her designee will be notified of the failure and the member will not be allowed to carry the rifle until the member has qualified with the tactical rifle.
 3. If the member owns the tactical rifle, either their commander or designee will order them not to carry the weapon while on duty.
 4. If the tactical rifle is department issued, the member will be ordered to return the tactical rifle into the range by their commander or designee.
 5. Members shall not be exempted from the requirements of this order other than for medical reasons, and those on leaves of absence. Special circumstances preventing members from complying with this order must be explained by memorandum addressed to the respective bureau commander. Members who are excused due to medical reasons or leaves of absence, must still qualify with the weapon prior to carrying the weapon on duty.
 6. The Professional Standards Commander will send a letter to the member's commander indicating the member is not authorized to carry a tactical rifle while on duty. The member's commander or designee will serve the letter to the member.

306.11.11 DISCHARGE OF THE TACTICAL RIFLE

The discharge of the tactical rifle shall be governed by the Department's Deadly Force Policy (Chapter 3).

306.11.12 CRUISER CARRY

After completing a service or function check, the weapon shall be stored and carried in the following condition:

- A. Chamber empty with the safety on;

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Firearms and Qualification

- B. Magazine, downloaded two rounds from maximum capacity, locked into the magazine well
- C. Spare magazine stored in the attached magazine pouch
- D. The dust cover closed.

306.11.13 CARRY

- (a) Tactical rifles and all the other issued equipment are to be contained and stored in the issued cases and shall be kept in the trunks of the vehicles during shifts unless the vehicle is outfitted with a department-approved rifle lock installed by Fleet Services. During off-duty hours the weapons shall be removed from patrol vehicles and stored in a safe place, such as a locker at the station, a gun safe at home, or another secure location at work.
- (b) Deputies assigned take-home vehicles may keep the tactical rifle inside the locked trunk. Vehicles without trunks can have a lockable box or locking device installed. The tactical rifle shall be removed when the vehicle is serviced.

306.11.14 PRIVATELY PURCHASED TACTICAL RIFLE

Non-probationary sworn personnel are eligible to privately purchase one (1) California Department of Justice "On-List assault rifle" (a banned weapon except for authorized law enforcement and military usage) for the purposes of carrying the tactical rifle in the field while on-duty. Deputies currently in non-field assignments, who receive authorization, may also purchase one On-List assault rifle with the understanding that they shall comply with all other provisions of this policy (e.g., attending the Tactical Rifle Course and qualifying with the rifle bi-monthly).

These requirements must be followed the entire time a sworn member of this department possesses a California Department of Justice "On-List assault rifle. For example, if a deputy decides that he/she no longer wants to carry the rifle in the field and/or qualify with it bi-monthly, the California DOJ registration will no longer be sanctioned by the department. At that point, the deputy shall relinquish the weapon through sale, destruction, or modification of the rifle to civilian legal status. When this occurs, the deputy shall unregister the weapon with California DOJ and provide proof to Sheriff's Human Resources (Professional Standards).

In order to privately purchase an "On-List" assault rifle, two department forms are required, the Gun Waiver Application Form: (https://sheriffintranet/wp-content/uploads/2018/08/HR_Gun_Waiver_Letter_Application_Form.pdf) and the Assault Rifle Addendum Form:(https://sheriffintranet/wp-content/uploads/2018/08/HR_Assault_Rifle_Addendum.pdf) Both forms must be sent to Sheriff's Administration (Support Services/Professional Standards) for processing. The Professional Standards Captain shall review the application to ensure that there are no performance or conduct issues that may preclude the deputy from possessing a department authorized, privately owned assault rifle.

Upon approval, the Gun Waiver Letter Application Form will cause the issuance of a "gun letter," signed by the Sheriff, that authorizes the purchase of one "On-List" assault rifle and high capacity magazines as well as authorizing the waiver of any waiting period. The deputy shall register the

Ventura County Sheriff's Office

rifle with the California Department of Justice (Form FD 023) no later than 90 days after date of acquisition.

The Assault Rifle Addendum Form specifies the various departmental and legal requirements the deputy must adhere to as a result of possessing a privately owned assault rifle. **This includes the following: attending the 24-hour POST Tactical Rifle Course as soon as practicable after obtaining the rifle, qualifying with the rifle at every bi-monthly shooting period after completing the course, and carrying the rifle in the field any time the deputy is in a field assignment.**

An inspection of the rifle is required prior to qualification and deployment. This inspection shall occur at the beginning of the POST 24-hour Tactical Rifle Course to ensure the rifle complies with department specifications. Specific requirements for the rifle are as follows:

- (a) The department armorer must inspect the personally owned rifle. The rifle must be configured in the same manner as the department tactical rifle. Approved rifles are Colt A-2 or A-3, A-4 model, an equivalent clone of another manufacturer, or the SigSauer SIG516, gas-piston, patrol rifle. The rifle barrel length shall be 16 inches in length and all weapon parts will be to military specifications, except for the SIG 516.
- (b) The rifle shall be equipped with a sling, magazine pouch and tactical light. A carrying case and cleaning gear is also required.
- (c) All rifles shall have a reserve open sight for backup use in the event of an optic failure.
- (d) Rifles will maintain the same color scheme as department issued patrol rifles, which is standard black. There will no additional modifications, personalizations, or decorations allowed to the rifle or any magazine or accessory, unless first approved by the firearms committee, nor will patches, stickers, or other non essential items be affixed to the carrying cases or equipment.
- (e) The deputy is responsible for the cost, care and maintenance of the personally owned rifle. For Additional approved equipment for the tactical rifle, refer to the "Firearms List" icon on the Sheriff's Intranet: (https://sheriffintranet/wp-content/uploads/2018/08/Approved_Firearms_Equipment_List.pdf)

306.11.15 EXEMPTION

This policy does not apply to equipment carried by or utilized by specialized units of the department such as SWAT or TRT.

306.12 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to personnel who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Deputies wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure purposes.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Firearms and Qualification

- (b) Deputies must carry their Department identification card which must contain a full-face picture, the deputy's signature and the signature of the Sheriff or the official seal of the Department and must present this identification to airline officials when requested. The deputy should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver's license, passport).
- (c) The Ventura County Sheriff's Office must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the deputy's travel. If approved, TSA will send the Ventura County Sheriff's Office an NLETS message containing a unique alphanumeric identifier. The deputy must present the message to airport personnel as authorization to travel while armed on the day of travel.
- (d) An official letter signed by the Sheriff authorizing armed travel must accompany the deputy. The letter must outline the deputy's need to fly armed, must detail his/her itinerary, and should include that the deputy has completed the mandatory TSA training for law enforcement officer flying while armed.
- (e) Deputies must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the deputy's responsibility to notify the air carrier in advance of the intended armed travel. This notification can be accomplished by early check-in at the carrier's check-in counter.
- (g) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The deputies must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (h) Deputies should not surrender their firearm but should try to resolve any problems through the flight captain, ground security manager or other management representative of the air carrier.
- (i) Deputies shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.13 CARRYING FIREARMS OUT OF STATE

Qualified active deputies and qualified retired deputies (see Retiree Concealed Firearms Policy, Chapter 2) of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC 926B and C):

- (a) The deputy shall carry his/her Department identification card whenever carrying such weapon.
- (b) Qualified retired deputies shall also carry certification of having met firearms qualification within the past 12 months.
- (c) The deputy is not the subject of any current disciplinary action.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Firearms and Qualification

- (d) The deputy may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (e) The deputy will remain subject to this and all other Department policies (including qualifying and training).

Deputies are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Visiting active and retired peace officers from other states are subject to all requirements set forth in 18 USC 926B and C.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide deputies with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require deputies to exhibit a high degree of common sense and sound judgment. Deputies must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing deputies.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Deputies must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Deputies' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable deputy would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

307.1.1 DEFINITIONS

Blocking - A low-speed tactic where one or more authorized sheriff's department emergency vehicles intentionally restrict the movement of a suspect vehicle, with the goal of containment or preventing a pursuit. Blocking is not boxing in or a roadblock.

Boxing-in - A tactic designed to stop a suspect's moving vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention - An attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT (known as Pursuit Intervention Technique or Precision Immobilization Technique), ramming, or roadblock procedures.

Pursuit Intervention Technique (PIT) - A low-speed tactic intentionally applied to cause the suspect vehicle to spin out and terminate the pursuit.

Ramming - The deliberate act of impacting a suspect's vehicle with another vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Pursuits

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the suspect's vehicle.

Tire deflation device - A device that extends across the roadway designed to puncture the tires of the pursued vehicle, sometimes referred to as spike strips.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit

Vehicle Pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to a deputy's signal to stop.

307.2 POLICY

It is the policy of this department to balance the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

307.3 DEPUTY RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized sheriff's department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by Vehicle Code § 21055. Deputies are responsible for continuously driving with due regard and caution for the safety of all persons and property (Vehicle Code § 21056).

307.3.1 WHEN TO INITIATE A PURSUIT

Deputies are authorized to initiate a pursuit when the deputy reasonably believes that a suspect, who has been given appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that should be considered in deciding whether to initiate a pursuit include:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to deputies, innocent motorists, and others.
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors.
- (d) The pursuing deputies' familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the [dispatcher supervisor, and the driving capabilities of the pursuing deputies under the conditions of the pursuit.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Pursuits

- (e) Whether weather, traffic, and road conditions unreasonably increase the danger of the pursuit when weighed against the risk of the suspect's escape.
- (f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (g) The performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked sheriff's department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment, and concealed or obstructed siren positioning.
- (i) Suspect and deputy vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, hostages).
- (k) Availability of other resources such as air support or vehicle locator or deactivation technology.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves, and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the deputies, or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Pursuits

- (h) Extended pursuits of violators for misdemeanors not involving violence, risk of serious harm, or weapons (independent of the pursuit) are generally discouraged.

307.3.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the deputy and supervisor. Evaluation of vehicle speeds should take into consideration public safety, officer safety, and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, deputies and supervisors should also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the deputy.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

307.4 PURSUIT UNITS

When involved in a pursuit, unmarked sheriff's department emergency vehicles should be replaced by marked emergency vehicles whenever practicable

Vehicle pursuits should be limited to three vehicles (two units and a supervisor); however, the number of units involved may vary with the circumstances.

A deputy or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of deputies involved may be insufficient to safely arrest the suspects. All other deputies should stay out of the pursuit, but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

307.4.1 MOTORCYCLE OFFICERS

When involved in a pursuit, sheriff's department motorcycles should be replaced by marked four-wheel emergency vehicles as soon as practicable.

307.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Deputies operating vehicles not equipped with red light and siren are prohibited from initiating or joining in any pursuit.

307.4.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless the deputy is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspects without unreasonable danger to any person.

The primary unit should notify the [dispatcher commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including but not limited to:

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Pursuits

- (a) The location, direction of travel, and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including license plate number, if known.
- (c) The reason for the pursuit.
- (d) Known or suspected weapons. Threat of force, violence, injuries, hostages, or other unusual hazards.
- (e) The suspected number of occupants and identity or description.
- (f) The weather, road, and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or secondary unit, the deputy in the primary unit is responsible for the broadcasting of the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing deputy should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or air support joining the pursuit to minimize distractions and allow the primary pursuing deputy to concentrate foremost on safe pursuit tactics.

307.4.4 SECONDARY UNIT RESPONSIBILITIES

The second deputy in the pursuit will be designated as the secondary unit and is responsible for:

- (a) Immediately notifying the dispatcher of entry into the pursuit.
- (b) Remaining a safe distance behind the primary unit unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting the progress, updating known or critical information, and providing changes in the pursuit, unless the situation indicates otherwise.
- (d) Identifying the need for additional resources or equipment as appropriate.
- (e) Serving as backup to the primary pursuing deputy once the suspect has been stopped.

307.4.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the deputy considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for units involved in the pursuit:

- (a) Deputies, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Pursuits

2. Pursuing units should exercise due regard and caution when proceeding through controlled intersections.
- (c) As a general rule, deputies should not pursue a vehicle driving left of center (wrong way) against traffic. In the event that the pursued vehicle does so, the following tactics should be considered:
1. Requesting assistance from available air support.
 2. Maintain visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 3. Request other units to observe exits available to the suspects.
- (d) Notify the California Highway Patrol (CHP) and/or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Deputies involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and with a clear understanding of the maneuver process between the involved units.

307.4.6 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspects and reporting the incident.

307.4.7 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, the unit should assume control over the pursuit. The primary and secondary ground units, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants the continued close proximity and/or involvement of ground units in the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide deputies and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact of the pursued vehicle and the air support unit determines that it is unsafe to continue the pursuit, the air support unit should recommend terminating the pursuit.

307.4.8 UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Deputies should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Pursuits

307.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this department.

The field supervisor of the deputy initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for:

- (a) Immediately notifying involved unit and the [dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required number of units are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in the supervisor's judgment, it is unreasonable to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines, or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring that the Watch Commander is notified of the pursuit as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
- (j) Controlling and managing Ventura County Sheriff's Office units when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit.
 - 1. Supervisors should initiate follow up or additional review when appropriate.

307.5.1 WATCH COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. Once notified, the Watch Commander has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

The station captain shall review all pertinent reports for content and forward to the Division Commander.

307.6 COMMUNICATIONS

If the pursuit is confined within the county limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, the SCC Supervisor will coordinate radio communications as needed.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Pursuits

307.6.1 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the [dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved units and personnel.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notify the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

307.6.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.7 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary deputy or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary deputy or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

307.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Ventura County Sheriff's Office is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of deputies at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this department, the CHP should relinquish control.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Pursuits

307.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit is responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a supervisor may authorize units from this department to join the pursuit until sufficient units from the initiating agency join the pursuit or until additional information is provided allowing withdrawal of the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of Ventura County Sheriff's Office, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing deputies.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after considering the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by deputies of this department will terminate at the County limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, deputies should provide appropriate assistance to officers from the allied agency including but not limited to scene control, coordination and completion of supplemental reports, and any other reasonable assistance requested or needed.

307.8 WHEN PURSUIT INTERVENTION IS AUTHORIZED

Whenever practicable, a deputy shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, deputies/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards to the public arising from the use of each tactic, the deputies, and persons in or on the pursued vehicle to determine which, if any, intervention tactic may be reasonable.

307.8.1 USE OF FIREARMS

A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others.

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle (see the Use of Force Policy).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Pursuits

307.8.2 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the deputies, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and subject to the policies guiding such use. Deputies should consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking should only be used after giving consideration to the following:
 - 1. The technique should only be used by deputies who have received training in the technique.
 - 2. The need to immediately stop the suspect vehicle or prevent it from leaving reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.
 - 3. It reasonably appears the technique will contain or prevent the pursuit.
- (b) The PIT is not authorized by this department.
- (c) Ramming a fleeing vehicle should only be done after giving consideration to the following:
 - 1. Supervisory approval should be obtained before using the technique.
 - 2. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.
 - 3. It reasonably appears the technique will terminate or prevent the pursuit.
 - 4. Ramming may be used only under circumstances when deadly force would be authorized.
 - 5. Ramming may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.
- (d) Before attempting to box a suspect vehicle during a pursuit the following should be considered:
 - 1. The technique should only be used by deputies who have received training in the technique.
 - 2. Supervisory approval should be obtained before using the technique.
 - 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.
 - 4. It reasonably appears the technique will terminate or prevent the pursuit.
- (e) Tire deflation devices should only be used after considering the following:
 - 1. Tire deflation devices should only be used by deputies who have received training in their use.
 - 2. Supervisory approval should be obtained before using tire deflation devices.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Pursuits

3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.
 4. It reasonably appears the use will terminate or prevent the pursuit.
 5. Tire deflation devices should not be used when the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, except in extraordinary circumstances.
 6. Due to the increased risk to deputies deploying tire deflation devices, such deployment should be communicated to all involved personnel.
- (f) Roadblocks should only be used after considering the following:
1. Roadblocks should only be used by deputies who have received training in their use.
 2. Supervisory approval should be obtained before using the technique.
 3. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.
 4. It reasonably appears the technique will terminate or prevent the pursuit. Roadblocks may be used only under circumstances when deadly force would be authorized.
 5. Roadblocks may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.

307.8.3 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Deputies shall use only that amount of force, which reasonably appears necessary under the circumstances, to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing deputy should coordinate efforts to apprehend the suspects following the pursuit. Deputies should consider safety of the public and the involved deputies when formulating plans for setting up perimeters or for containing and capturing the suspects.

307.9 REPORTING REQUIREMENTS

All appropriate reports should be completed to comply with applicable laws, policies, and procedures.

- (a) The primary deputy should complete appropriate crime/arrest reports.
- (b) The area Sergeant and / or the Watch Commander shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1).

REPORTING REQUIREMENTS WHEN ASSISTING ALLIED AGENCIES

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Pursuits

When a deputy or deputies actively assist, (such as apprehending suspects, closing off roadways, blocking traffic or assisting in placing spike strips), an allied agency in a pursuit, the deputy shall contact their field supervisor or watch commander and discuss their involvement and actions during the pursuit. The field supervisor or watch commander shall determine whether or not the deputy or deputies involved will be required to document their actions in an Incident Report.

307.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

The Training Sergeant shall make available to all deputies initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, Vehicle Code § 17004.7(d), and 11 CCR 1081, and no less than annual training addressing:

- (a) This policy.
- (b) The importance of vehicle safety and protecting the public.
- (c) The need to balance the known offense and the need for immediate capture against the risks to deputies and others.

307.9.2 POLICY REVIEW

Deputies of this department shall certify in writing that they have received, read, and understand this policy initially, upon any amendments, and whenever training on this policy is provided. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

307.10 APPLICATION OF VEHICLE PURSUIT POLICY

This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

307.11 POST PURSUIT VEHICLE INSPECTION

- (a) Sheriff's vehicles involved in high-speed pursuits are subjected to extreme driving conditions. Because of those extreme driving conditions, it is necessary to inspect the vehicle for wear or damage and to ensure the vehicle is mechanically safe for continued use.
- (b) At the conclusion of a high-speed pursuit, the vehicle will be taken out of service for a mechanic's post-pursuit inspection. The determination of what constitutes a high-speed pursuit must be made by the field supervisor after debriefing the deputy involved in the pursuit.
- (c) Consideration shall be made as to:
 - 1. Duration of the pursuit;
 - 2. Speeds attained;
 - 3. Frequency of rapid acceleration/deceleration;
 - 4. Hard Braking;

In the box provided for "other problems" indicate "Mechanic's Post-Pursuit Inspection." If information is known regarding any impact to the undercarriage or front end it shall be noted. The duration of the pursuit and speed attained shall also be noted.
 - (e) The Professional Standards Bureau shall ensure a copy of the CHP 187 report is filed and the original is sent to the CHP as requested on the reverse of the form within 30 days of the incident.

- (b) Continue Code 5 until relieved, dispatched to a call, or advised otherwise by the field supervisor or watch commander;

308.9 UNMARKED UNIT RESPONSIBILITIES

The unmarked units should:

- (a) Advise the dispatcher if they are in the area and responding to the call;
- (b) Report to the on-scene supervisor;

Code 3 Response

309.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

309.1.1 DEFINITIONS

Forward Facing Red light –Steady red light illuminated to the front of the emergency vehicle

Siren: Audible sound alerting the public of emergency personnel's response

- (a) Wail/ Yelp – Alternating high / low tones varying in duration that are the only legally available settings that should be used for Code 3 response. Switching from one to the other when clearing intersections may be helpful in alerting the nearby public to law enforcements presence.
- (b) Hi/Lo – European Siren alternating in high and low tones, specifically used to alert targeted communities of an immediate need to evacuate.

309.2 COMMUNICATION WITH SCC

The Sheriff's Office recognizes the advancement in technology and its ability to assist with communications between deputies in the field, supervisors, and dispatchers. The use of the "Silent Dispatch" and GPS functions in the MDT will help alleviate unnecessary radio traffic during emergency situations and is encouraged to be utilized during these times. These functions will satisfy the SCC notification requirements referred to in this policy.

309.3 RESPONSE TO CALLS

Deputies dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Deputies responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the deputy of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Deputies should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Deputies not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

309.4 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of deputies, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting deputy shall immediately notify Sheriff's Communications Center (SCC).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Code 3 Response

If circumstances permit, the requesting deputy should give the following information:

- The unit call sign
- The location
- The reason for the request and type of emergency
- The number of units required

309.4.1 NUMBER OF UNITS ASSIGNED

Normally, two units should respond to an emergency call Code-3 unless the watch commander or the field supervisor authorizes an additional unit(s).

309.5 INITIATING CODE 3 RESPONSE

If a deputy believes a Code-3 response to any call is appropriate, the deputy shall immediately notify Sheriff's Communications Center (SCC). Should another deputy believe a Code-3 response is appropriate, Sheriff's Communications Center (SCC) shall be notified.

309.6 RESPONSIBILITIES OF RESPONDING DEPUTY(S)

Deputies shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Deputies shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the deputy. If, in the deputy's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the deputy should immediately notify Sheriff's Communications Center (SCC). A deputy shall also discontinue the Code-3 response when directed by a supervisor.

309.6.1 EMERGENCY LIGHTS

(a) Rear Facing Lights

The use of only rear facing emergency lights to pass through a red traffic signal or stop sign, exceed the posted speed limit or otherwise violate the provisions of the rules of the road in the Vehicle Code is prohibited.

(a) Red Lights

Other than operating Code-3, the forward facing red warning light(s) shall not be displayed other than when necessary for effecting vehicle or pedestrian stops, protecting the scene of an incident or situation where an extreme hazard exists, blocking a roadway or special event situations such as parades, equipment demonstrations, etc.

309.7 COMMUNICATIONS RESPONSIBILITIES

A SCC dispatcher shall assign a Code-3 response when a deputy requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Code 3 Response

death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the watch commander or a field supervisor prior to assigning units Code-3. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance
- (b) Immediately notify the watch commander
- (c) Confirm the location from which the unit is responding
- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
- (f) Control all radio communications during the emergency and coordinate assistance.

309.8 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the watch commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated
- (b) No more than those units reasonably necessary under the circumstances are involved in the response
- (c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the watch commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

309.9 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the deputy must terminate the Code-3 response and respond accordingly. In all cases, the deputy shall notify the watch commander, field supervisor, or Sheriff's Communications Center (SCC) of the equipment failure so that another unit may be assigned to the emergency response.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Code 3 Response

309.10 CODE 3 SELF INITIATE

Deputies may self-initiate a Code-3 response subject to the aforementioned "Code-3" criteria, with due consideration for vehicle traffic conditions, pedestrians, location, time of day, road and environmental conditions.

All deputies must immediately notify SCC Communications that they are proceeding Code-3.

309.11 EVACUATION (HI/LO) SIREN

The Hi/Lo siren may be used to alert targeted communities of an immediate need to evacuate. The Hi/Lo siren is an indicator to people in a specific area that they are in imminent danger and is used to convey the need to evacuate immediately. Indiscriminate use of the siren may reduce the public's awareness of the siren's uniquely identifiable sound and purpose and is therefore prohibited.

The Hi/Lo siren may not be used while driving Code 3; however, emergency lights shall be activated while using the Hi/Lo siren to warn of danger. All traffic laws must be obeyed while using this siren. If a Code 3 response is necessary, wail or yelp are approved Code 3 sirens.

EMERGENCY ASSISTANCE

310.1 PURPOSE AND SCOPE

To establish guidelines for requesting emergency assistance, [REDACTED]

310.1.1 DEFINITION

[REDACTED] is a radio call that is used by any member of this department when emergency field assistance is urgently needed.

310.2 PROCEDURES

(a) Member Requesting

1. Give unit identifier or call sign, location, nature, and as much additional information as possible to ensure an adequate response.

(b) Radio Dispatcher

1. Immediately broadcast a 10-33 and repeat [REDACTED] with all relevant information, i.e., unit identifier, location, and circumstances, if known.
2. Dispatch two units, initially, Code 3.

(c) Watch Commander

1. Evaluate the incident using available information and monitor dispatch to ensure that the appropriate type and number of resources are deployed.
2. Evaluate the need for outside agency resources.

(d) Other options:

1. Hold a shift over
2. Call next duty shift to work early
3. Request intradepartmental assistance.
4. Activation of S.W.A.T. or T.R.T
5. Invoke Mutual Aid

310.2.1 INCIDENT DOCUMENTATION

In addition to required reports, a memorandum summarizing the incident shall be completed by the on-scene supervisor and forwarded via channels to the Sheriff.

Canine Program

311.1 PURPOSE AND SCOPE

The purpose of the Ventura County Sheriff's Office Canine Unit is to provide highly trained teams of handlers and canines to support the department's mission of safeguarding the lives and property of residents of Ventura County. This policy establishes guidelines for the use of canines to augment police services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

311.2 POLICY

It is the policy of the Ventura County Sheriff's Office that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

311.3 REQUESTS FOR CANINE TEAMS

All members of the Department are encouraged to request the use of a canine. "Planned" canine requests (i.e., search warrants, etc.) should be requested through the Canine Unit Supervisor or Canine Program Manager. When "planned" events are scheduled, it is the duty of the canine handler to notify Station Supervisors, Managers and, when impacting normal patrol operations, the Watch Commander.

Urgent requests for a canine unit are to be made through the Watch Commander or field supervisor whenever practical.

While the decision to deploy the canine shall generally reside with the canine handler during a call or event, the handler does not assume supervisory responsibility over the entire scene.

311.4 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Watch

Commander and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged when on-duty canines are or will be available.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports associated with the event.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Canine Program

311.5 PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be reviewed and, if appropriate, approved by the Canine Program Manager or Canine Unit Supervisor. The Canine Unit Supervisor is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the Canine Unit Manager or Supervisor.

After a canine handler is assigned to conduct a public demonstration, it is his/her responsibility to make appropriate notifications to their Patrol Supervisor and scheduling person at their assigned patrol station if the demonstration will impact patrol operations.

311.6 APPREHENSION GUIDELINES

The police canine should be considered as non-lethal. When using a canine as a means of force, the handler must give proper consideration to department policy, the California Penal Code, as well as current case law relating to the use of police canines.

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense (i.e., violent crime, crimes involving weapons, crimes where the suspect is reasonably believed to be armed) and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

Note: Apprehension canines shall not be used to search for non-suspects, i.e., missing or gravely disabled persons, or low-level offenses that do not meet the apprehension criteria listed above.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

The canine handler will evaluate each situation and determine if the use of a canine is feasible. Generally, the decision to deploy the canine shall remain with the canine handler. However, a Patrol Supervisor or Watch Commander sufficiently apprised of the situation may decide not to deploy the canine.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Canine Program

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a bite, and the handler believes that the suspect no longer poses a threat, the handler shall promptly command the canine to release the suspect.

311.7 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The suspects known or perceived age.
- (b) The nature and seriousness of the suspected offense.
- (c) Whether violence or weapons were used or are anticipated.
- (d) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.
- (h) Any other factors or information that might be available at the time.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury. It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable. A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine. Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

311.8 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender shall be made prior to releasing a canine. If the handler is able to give the warning/announcement in a second language (i.e., Spanish) he/she is encouraged to do so. The handler should allow a reasonable time for a suspect to surrender. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard.

If a warning is not to be given, the canine handler, when practicable, should first advise the on-scene supervisor of his/her decision before releasing the canine. In the event of an apprehension,

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Canine Program

the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

311.9 SUSPECT SEARCHES

Whenever a canine is deployed for a building and/or area searches the following should be considered:

- (a) The canine team should be the first to enter into the search area.
- (b) When practical, a perimeter of the search area should be established.
- (c) At least one patrol deputy, two are preferred, accompany the canine team during the search. The deputy(s) responsibility is to watch for individuals or suspect(s) and act as security for the canine handler.

The decision to conduct the search on or off-lead will be left up to the canine handler.

311.10 CROWD CONTROL

Canine teams **SHALL NOT** be used for crowd control.

311.11 DE-ESCALATION INVOLVING CANINE

When circumstances permit, handlers should utilize techniques to decrease the intensity of a situation, improve communication, mitigate the necessity of a use of force and attempt to gain voluntary compliance.

If a handler or supervisor on the scene of an incident recognizes that the mere presence of the canine is causing the situation to escalate (i.e, subject experiencing a mental health crisis), the handler or supervisor should consider removing the canine from the scene in an effort to de-escalate.

This policy should not preclude a handler from reintroducing the canine back into the situation should attempts to de-escalate fail or the suspect's actions or other factors support the need for the canine.

311.12 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Whenever a canine deployment results in a bite or causes injury to an intended suspect, the following shall apply:

- (a) The canine handler will first tend to the immediate needs of the injured suspect by providing and/or obtaining medical attention and, if appropriate, transported to an appropriate medical facility for further treatment.
- (b) The canine handler will notify the Patrol Supervisor and the Watch Commander of the circumstances surrounding the incident.
- (c) The canine handler will notify the Canine Unit Supervisor or his/her designee of the incident and the circumstances.
- (d) All reports, including (Crime, Arrest, Supplemental, etc.) shall be completed prior to the end of shift, unless otherwise permitted by the Watch Commander, the Canine Unit Supervisor, or the Canine Program manager.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Canine Program

- (e) The canine handler shall photograph the affected area(s). If the suspect alleges an injury that is not visible, the canine handler shall photograph those area(s) as well.
- (f) If the suspect refuses to allow the canine handler to view the affected area, the canine handler will call another deputy, preferably the Patrol Supervisor or Canine Unit Supervisor, to act as witness to the refusal.

The Patrol Supervisor should respond to the scene if feasible after being notified by the canine handler. The Patrol Supervisor will ensure the Watch Commander is apprised of the incident and the circumstances and document the Use of Force as necessary per department policy.

The Watch Commander will ensure the Canine Unit Supervisor and the Canine Program Manager are notified of the incident. This does not negate the Watch Commander from following other procedures, such as making other notifications to the effected Division's Commander, Area Captain and any other personnel needing to be notified.

The Canine Unit Supervisor or his/her designee shall respond to the scene of the incident and/or hospital where the suspect is located to ensure a complete investigation is conducted. The Canine Unit Supervisor will notify the Canine Program Manager of the circumstances surrounding the incident after speaking with the canine handler, reviewing the Body Worn Camera (BWC) footage of the incident, and speaking with the suspect.

The Canine Program Manager or his/her designee will notify the Canine Unit Commander and Sheriff's Special Counsel of the incident and information surrounding the circumstances. At that time, it will be determined if the circumstances dictate the response of Sheriff's Special Counsel.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

311.13 NON-APPREHENSION GUIDELINES

Patrol canines trained in apprehension shall not be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented, gravely disabled, or in need of medical attention). However, a non-apprehension police canine that is trained and certified in human tracking/detection may be used in these circumstances. The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine.

When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Such applications should generally be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Canine Program

- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down stay or otherwise secure it as soon as reasonably practicable.

311.14 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

311.15 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics detection trained canine will not be used to search a person for narcotics.

311.16 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.
- (c) Absent a call for service or other law enforcement activity meeting the guidelines for a search or apprehension, the canine should remain in the handler's vehicle.

This does not preclude the use of the canine for public K9 demonstrations or public relations activity outside of the scope of an enforcement contact.

311.17 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the Canine Program Manager, Canine Unit Supervisor, or Watch Commander as soon as practicable and appropriately documented. All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained by the Canine Unit.

Ventura County Sheriff's Office

Canine Program

311.18 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics or tracking, also shall be trained and certified to meet POST guidelines or other recognized and approved certification standards established for their particular skills.

The Canine Unit Supervisor shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, the Canine Unit Supervisor should also schedule periodic training for the canine handlers about the risk of exposure and treatment.

311.18.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current POST or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Ventura County Sheriff's Office canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the Canine Unit Supervisor.
- (c) To ensure that all training is consistent, no canine handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by this Canine Program Manager and Canine Unit Commander.

311.18.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to obtain certification shall not be deployed in the field for tasks the team is not certified to perform until certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

311.18.3 TRAINING RECORDS

All canine training and activity records shall be entered by the canine handler and maintained by the Canine Unit Supervisor.

311.19 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Deputies possessing, using, or transporting controlled substances, guns and/or ammunition or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Ventura County Sheriff's Office may work with outside trainers with the applicable licenses or permits

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Canine Program

311.20 CONTROLLED SUBSTANCE TRAINING AIDS

Deputies acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

The Sheriff or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Ventura County Sheriff's Office to be possessed by the member or a narcotics detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Sheriff or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

311.20.1 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested by Department Property Room personnel prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested annually (January). The results of the testing shall be recorded and maintained by the Canine Program Manager with a copy forwarded to Canine Unit Commander.
- (e) All controlled substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The Canine Unit Supervisor shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Sheriff's Property Room.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency

Domestic Violence

312.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide deputies in the investigation of domestic violence.

This policy should be used as a supplement to the Ventura County Law Enforcement Domestic Violence Investigation Protocol, which is a comprehensive guide to handling and investigating domestic violence incidents by all county law enforcement agencies and the County Counsel's Office (refer to link below):

https://sheriffintranet/wp-content/uploads/2018/08/DV_Investigation_Protocol.pdf

312.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

312.2 POLICY

The Ventura County Sheriff's Office's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

312.3 OFFICER SAFETY

The investigation of domestic violence cases often places deputies in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all deputies to exercise due caution and reasonable care in providing for the safety of any deputies and parties involved.

312.4 INVESTIGATIONS

The following guidelines should be followed by deputies when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, deputies should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Domestic Violence

1. A lethality assessment should be administered to victims of domestic violence to assess the level of danger and/or the severity of the situation and attached to the appropriate report.
- (c) Deputies should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Bureau in the event that the injuries later become visible.
- (f) Deputies should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).
- (i) When completing an incident or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting deputy should attach a copy of the order to the incident or arrest report.
- (j) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 1. Whether the suspect lives on the premises with the victim.
 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 3. The potential financial or child custody consequences of arrest.
 4. The physical or emotional state of either party.
 5. Use of drugs or alcohol by either party.
 6. Denial that the abuse occurred where evidence indicates otherwise.
 7. A request by the victim not to arrest the suspect.
 8. Location of the incident (public/private).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Domestic Violence

9. Speculation that the complainant may not follow through with the prosecution.
10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
11. The social status, community status, or professional position of the victim or suspect.

312.4.1 ARRESTING DEPUTIES' RESPONSIBILITIES REGARDING FIREARMS

If a suspect is arrested, deputies shall (Penal Code § 273.76):

- (a) Query the Automated Firearms System through the California Law Enforcement Telecommunications System (CLETS) for any firearms owned or possessed by the arrestee.
 1. The investigating or filing deputy shall include a copy of the Automated Firearms System report when filing the case with the district attorney or prosecuting city attorney.
- (b) Ask the arrestee, victim, and any other household members, if applicable, about any firearms owned or possessed by the arrestee.
- (c) Ensure that any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual or other lawful search is taken into temporary custody pursuant to Penal Code § 18250.
- (d) Document in the arrest report the detailed actions taken required by Penal Code § 273.76.

312.5 VICTIM ASSISTANCE

Because victims may be traumatized or confused, deputies should be aware that a victim's behavior and actions may be affected:

- (a) Victims should be provided with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (b) Victims should also be alerted to any available victim advocates, shelters, and community resources.
- (c) When an involved person requests law enforcement assistance while removing essential items of personal property, deputies should stand by for a reasonable amount of time.
- (d) If the victim has sustained injury or complaints of pain, deputies should seek medical assistance as soon as practicable.
- (e) Deputies should ask the victim whether the victim has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for the victim's safety or if the deputy determines that a need exists.
- (f) Deputies should make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Domestic Violence

- (g) If appropriate, deputies should seek or assist the victim in obtaining an emergency order if appropriate.

A deputy shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

312.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Deputies should request that [dispatchers check whether any of the involved persons are subject to the terms of a court order.

312.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

312.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
 - 1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the deputy shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).
- (b) Check available records or databases that may show the status or conditions of the order.
 - 1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).
- (c) Contact the issuing court to verify the validity of the order.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Domestic Violence

- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

312.9 STANDARDS FOR ARRESTS

Deputies investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
 - 1. Deputies are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the deputy makes the arrest as soon as probable cause arises (Penal Code § 836).
- (b) A deputy responding to a domestic violence call who cannot make an arrest will advise the victim of the victim's right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Deputies shall not dissuade victims from making a lawful private person's arrest. Deputies should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).
- (c) Deputies shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
 - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
 - 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
 - 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
 - 4. Penal Code § 646.9 (stalking)
 - 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (d) In responding to domestic violence incidents, including mutual protective order violations, deputies should generally be reluctant to make dual arrests. Deputies shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, a deputy shall consider:
 - 1. The intent of the law to protect victims of domestic violence from continuing abuse.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Domestic Violence

2. The threats creating fear of physical injury.
 3. The history of domestic violence between the persons involved.
 4. Whether either person acted in self-defense.
- (e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the deputy's presence. After arrest, the deputy shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

312.10 REPORTS AND RECORDS

- (a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- (b) Reporting deputies should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
- (c) Deputies who seize any firearm, ammunition, or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)).

312.11 RECORD-KEEPING AND DATA COLLECTION

This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Manager to maintain and report this information as required.

312.12 SERVICE OF COURT ORDERS

- (a) A deputy who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located and shall provide the person protected or the person's parent/guardian with a copy of the order. - (c) Any deputy serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)).
- (d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
 - 1. A deputy should ensure that the Records Bureau is notified of any firearm obtained for entry into the Automated Firearms System (Family Code § 6383) (see the Records Bureau Policy for additional guidance).
- (e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the deputy shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The deputy shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide the person with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

312.13 DECLARATION IN SUPPORT OF BAIL INCREASE

Any deputy who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the deputy shall prepare a declaration in support of increased bail (Penal Code § 1269c).

312.14 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

Search and Seizure

313.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Ventura County Sheriff's Office personnel to consider when dealing with search and seizure issues.

313.2 POLICY

It is the policy of the Ventura County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

In accordance with the Training Policy, the Department will provide relevant and current training to deputies as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

313.2.1 SEARCHING FEMALES

Generally, male members of the department shall not search females. An exception is when the search is necessary to protect the life or safety of a department member, and there is no member available who is of the same sex as the person to be searched. In these situations, the search shall be limited to weapons and items that could be used as weapons. This includes "pat downs," "frisks," and "cursory" searches.

This guideline is to provide clarification for searching female detainees, probationers, possible or actual suspects, arrestees, etc., who are not in a detention facility. Refer to the Detention Services Division Policy and Procedures Guide for information regarding searches conducted while a person "in custody."

313.2.2 PROCEDURE

When the person to be searched is of the opposite sex of the deputy, a deputy of the like sex should be summoned to the scene to conduct the search. A search may be undertaken of a member of the opposite sex when it is not practical to summon a deputy of the like sex. In these instances the deputies will adhere to the following guidelines:

- (a) Notify a field supervisor
- (b) If it becomes necessary for a male to search a female, it would be preferable to have a witness present in the following order:
 1. A female department member.
 2. A male department member.
 3. A female witness who is not part of, or connected to, the detention / arrest situation
- (c) If possible, audio-record the contact and any subsequent search.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Search and Seizure

- (d) Officer safety is the first priority and the amount of time available to secure a witness will vary from case to case, and may necessitate performing the search without a witness. Clearly, the intent of having a witness is to allow the department employee an opportunity to defend against any potential complaints of impropriety.
- (e) When a search is conducted pursuant to this policy the circumstances of the incident and the manner in which the search was conducted shall be fully documented in any report generated as a result of the contact. If no report is required, a memorandum shall be prepared setting forth the relevant facts and circumstances. The memorandum shall be forwarded to the employee's station captain.

313.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

313.3.1 SEARCH WARRANT

Search warrants are issued upon a finding of probable cause by a magistrate. Generally, search warrants can be prepared and requested by any sworn member of the department. However, the following shall apply to the preparation and execution of a search warrant by members of this department.

- (a) Preparation - The preparation of a search warrant shall not be undertaken without the knowledge of a supervisor.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Search and Seizure

- (b) Approval - The Ventura County Superior Court will not review a search warrant that has not been read and evaluated by a member of the District Attorney's Office.
- (c) Presentation to Magistrate - The affiant (preparing deputy) shall follow currently approved methods for contacting a magistrate for judicial consideration of a search warrant.
- (d) Execution of Warrant - A supervisor (rank of sergeant or higher) shall be present at the execution of all search warrants of physical locations served by members of this department.
- (e) Reports - Under all circumstances, a report shall be prepared outlining the execution of a search warrant.
- (f) Evidence - Evidence shall be collected, documented and stored in accordance with contemporary methods and practices.

313.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Deputies should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching deputy, a reasonable effort should be made to summon a deputy of the same sex as the subject to conduct the search. When it is not practicable to summon a deputy of the same sex as the subject, the following guidelines should be followed:
 - 1. Another deputy or a supervisor should witness the search.
 - 2. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

313.5 DOCUMENTATION

Deputies are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Search and Seizure

- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon a deputy of the same sex as the person being searched and the identification of any witness deputy

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

SEARCH & RESCUE

314.1 PURPOSE

Establish the responsibilities for Search and Rescue (SAR) incidents involving overdue, missing or lost persons.

SEARCH & RESCUE

314.5 WATER RESCUE

County water rescue searches are conducted by the Sheriff's SAR Dive Team. Other county agencies receiving such a request will refer the information or the informant to the Sheriff's Office. In all instances where the Dive Team is activated, a SAR Coordinator will be assigned.

314.6 MUTUAL AID REQUESTS FROM OUTSIDE AGENCIES

Ventura County Agencies

Requests for Sheriff's SAR assistance within Ventura County will be evaluated by the Watch Commander. A request should originate with the supervising member of the agency making the request. When assistance is rendered, the personnel and equipment dispatched will remain under the direct control of a Sheriff's Field Supervisor or SAR Coordinator. Care should be exercised as to the amount of personnel expended and consideration given to the gravity of the situation. However, sufficient personnel should be committed to effectively execute the operation.

Out of County Agencies

All out of county requests for Sheriff's SAR assistance should originate from the State (Cal EMA/OES) and have a Cal EMA/OES case number assigned. The Watch Commander shall contact the SAR Coordinator or Air Unit Captain to activate the required personnel. The SAR Coordinator or collateral Assistant SAR Coordinator shall accompany SAR personnel working out of county who will remain under the SAR Coordinator's direct control.

HELICOPTER OPERATIONS

315.1 PURPOSE AND SCOPE

The mission of the Aviation Unit is to provide aviation resources, on a regional basis, in support of patrol operations, search and rescue, emergency medical evacuations, fire suppression and prevention, disaster assessment, and investigative services.

315.2 HELICOPTER OPERATION

The helicopters shall be operated by an authorized Sheriff's pilot who shall be responsible for the safety of the aircraft and its occupants. Consequently, the pilot shall exercise the final authority to commence or abort a flight mission which may affect the safe operation of the aircraft.

315.3 EMERGENCY SERVICE

Emergency service requires an immediate response to a situation wherein a delay would endanger life or property. Any department member may initiate a request to the watch commander for helicopter response.

Emergency Service "" 0600 --1800 hours, daily:

- (a) The Aviation/SAR unit can be contacted directly by Sheriff's Communications Center (SCC) or Fire Communications Center (FCC) and advised of the circumstances necessitating the flight. A pilot shall evaluate the flight information and determine the appropriate aircraft for the mission.

After Hours Emergency Service --1800-2300 hours, daily:

- (a) The SCC shall contact the standby pilot and crew chief per the daily schedule. The pilot shall evaluate the information and determine the appropriate aircraft for the mission. If requested, the name and callback telephone number for the requesting agency/person shall be provided to the pilot/crew chief.

If the emergency occurs during hours when there are no flight crews on standby, the SCC dispatch supervisor or watch commander should attempt to call out any sheriff's pilot or crew chief who is assigned to the unit and may be interested in responding to the Aviation Unit on an overtime basis.

No pilot or crew chief is ever expected to be "on call" or available during these non-standby hours. A pilot or crew chief should never be considered for after-hours contact because they are listed on any document as the "next crew on duty."

At no time shall the Aviation/SAR Unit create or send a schedule to the Sheriff's Communication Center that indicates a pilot or crew chief's availability after 2300 hours.

315.3.1 DISPATCH RESPONSE TIME

Consideration for immediate dispatch should be given for those areas where terrain would inhibit ground vehicles or where response times are long because of distance, i.e. Highway 33 above Rose Valley, Lockwood Valley, Santa Monica Mountains, Ventura and Santa Clara Rivers and off-

road areas. Every effort should be made to anticipate the need for helicopter services in advance in order to reduce response time.

315.4 EMERGENCY REQUESTS BY OTHER PUBLIC AGENCIES (AFTER HOURS)

All after-hours requests shall be made through the watch commander. Under normal conditions, these requests for service are routinely approved. If there is a question regarding the appropriateness of a flight, the Aviation/SAR Unit Captain or his designated representatives shall be contacted.

315.5 NON-EMERGENCY SERVICES

Non-emergency service is any anticipated use of the aircraft, which allows for prior scheduling before the activity. Any request for a non-emergency flight shall be referred to the Aviation Unit Captain or the designated representative.

315.5.1 NON-EMERGENCY REQUESTS BY OTHER PUBLIC AGENCIES

The Aviation Unit Captain will advise the Aviation Unit Commander of all requests for helicopter services made by other public safety agencies.

315.6 FLIGHT FOLLOWING PROCEDURES

- (a) In order to ensure the safety of the crew while in flight, and to facilitate a speedy rescue in the event of an emergency, flight following procedures will be adhered to on all Aviation/SAR Unit flights.
 1. Upon takeoff from any location, the crew chief will contact both Fire and Sheriff's Communication Centers.
 2. Included in the message will be:
 - (a) Departure point
 - (b) Route of flight
 - (c) Destination
 3. Update on flight information will be transmitted by the crew every 15 minutes (location and change in destination).
 4. Flight following updates need only be transmitted to one of the dispatch centers. The second dispatch center should be advised that the aircraft is flight following with the other department. In the event of a law enforcement patrol-operated flight, flight following should be accomplished through the SCC.
 5. In some instances, dispatch facilities of other agencies may be used for flight following. An example is the US Forest Service (USFS). The USFS radio system utilizes mountain repeaters that enable radio communications in deep canyons and valleys. In this case, request that the USFS dispatcher contact County Fire and/or the Sheriff's Communication Center and advise of the change of flight

Ventura County Sheriff's Office

Ventura County SO Policy Manual

HELICOPTER OPERATIONS

following agencies, or contact the County Fire or the Sheriff's Communication Center directly after establishing flight following procedures with the USFS.

- (b) If a helicopter flight does not check-in with Fire or the Sheriff's Communication Center within a 15-minute time frame, the following procedures must be initiated:
 - (a) When Aviation/SAR Unit personnel are at the heliport, the duty pilot will determine if an immediate search is required, or if additional time should be allowed for the overdue helicopter to reestablish radio contact.
 - (b) A maximum of 30 minutes past the normal check-in time will be allowed for an overdue helicopter to re-establish radio contact.

315.7 INITIAL OVERDUE SEARCH PROCEDURES

- (a) Contact the department or agency the missing helicopter is supporting and ascertain if they have a positive contact with the helicopter. Request the helicopter to contact Fire or Sheriff's Communications Center for flight following update.
- (b) If the above mentioned department or agency does not have positive contact with the missing helicopter, contact the US Air Force Rescue Coordination Center (AFRCC), at (757) 764-8112 to find out if the onboard emergency locator transmitter (ELT) has been activated (DO NOT request a search mission to be activated at this point).
 - 1. If the ELT has been activated, the AFRCC should be able to provide the approximate coordinates of latitude and longitude of the ELT signal. This information should be immediately relayed to Aviation Unit/SAR personnel.
- (c) Notify the Aviation Unit Captain who will then assume responsibility for coordinating the search and rescue operation. In the absence of the Aviation Unit Captain, the Aviation Unit Commander shall be notified.
 - 1. If the missing helicopter is not located within the first 45 minutes when it is overdue, an extensive air and ground search must be initiated.

Senior and Disability Victimization

316.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. Notification should also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

- (a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):
 - 1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 - 2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

The Detective Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney's Office and any other regulatory agency that may be applicable

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Senior and Disability Victimization

based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

316.4 DEPUTY'S RESPONSE

All incidents involving actual or suspected adult abuse shall be fully investigated and appropriately documented.

316.4.1 INITIAL RESPONSE

Deputies may be called upon to effect a forced entry as the first responder to the scene of suspected adult abuse. Entry should be immediate when it appears reasonably necessary to protect life or property. When the need for an emergency entry is not evident, deputies should seek supervisory approval. Deputies must be prepared to provide emergency care pending the arrival of medical personnel, if not already present.

316.4.2 STABILIZE THE SITUATION

Deputies must quickly assess the situation in an effort to ensure the immediate safety of all persons. Deputies shall also consider taking the following actions:

- (a) Attempt to identify the victim, suspect and witnesses as well as the roles and relationships of all parties. Parties should be interviewed separately when possible.
- (b) Preserve the crime scene where evidence may be present. All persons should be removed from the scene until it has been photographed and processed. Any evidence that may change in appearance (e.g., injuries) should be photographed as soon as practicable.
- (c) Assess and define the nature of the problem. Deputies should assess the available information to determine the type of abuse that may have taken place or the potential for abuse in the future that may be eliminated by intervention.
- (d) Make on-scene arrests when appropriate. Deputies may arrest a person without a warrant when probable cause exists to believe that the person has committed an assault or battery, whether or not the assault or battery has in fact been committed, upon an adult to whom the suspect is related by blood or legal guardianship, provided the arrest is made at the time probable cause arises (Penal Code § 836).

If an arrest is not otherwise required by law, deputies should consider the consequences that the immediate arrest of a sole supporting family caretaker might have on the victim. The decision to arrest should be based on the best interests and caretaking needs of the elderly or dependent adult victim. The present and future safety of the victim is of utmost importance.

316.4.3 SUPPORT PERSONNEL

The following persons should be considered for notification if it appears an in-depth investigation is appropriate:

- Patrol supervisor

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Senior and Disability Victimization

- Detective personnel
- Evidence collection personnel
- Protective Services Agency personnel
- Ombudsman shall be called if the abuse is in a long-term care facility, to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).

316.4.4 EMERGENCY PROTECTIVE ORDERS

In any situation which a deputy reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the deputy may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

316.5 ADULT ABUSE REPORTING

Every allegation of adult abuse shall be documented in a report. When documenting elder/dependent abuse cases the following information should also be included in the report:

- Current location of the victim
- Victim's condition/nature and extent of injuries, neglect or loss
- Names of agencies and personnel requested and on scene

Reporting cases of adult abuse is confidential and will only be released in accordance with the Release of Records and Information Policy.

Deputies investigating adult abuse shall complete a State of California form SOC 341 (Report of Suspected Dependent Adult/Elder Abuse).

316.6 RECORDS BUREAU RESPONSIBILITIES

The Records Bureau is responsible for:

- (a) Providing a copy of the elder or dependent adult abuse report to the APS, ombudsman, or other agency as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)). This requirement is applicable even if the initial call was received from Adult Protective Services.
- (b) Retaining the original elder or dependent adult abuse report with the initial case file.

316.7 JURISDICTION

The Ventura County Sheriff's Office has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Senior and Disability Victimization

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request, if consistent with federal law, in such cases. However, this department will retain responsibility for the criminal investigations (Penal Code § 368.5).

Additional jurisdiction responsibilities for investigations of abuse involving various facilities and agencies may be found in Welfare and Institutions Code § 15650.

Discriminatory Harassment

317.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

317.2 POLICY

The Ventura County Sheriff's Office is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

317.3 DISCRIMINATION PROHIBITED

317.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Discriminatory Harassment

317.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

317.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Civil Rights Council guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with County or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

317.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

317.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Sheriff, either Assistant Sheriff, or the Human Resources Manager.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Discriminatory Harassment

retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

317.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Verbally notify his or her manager within 24 hours and submit written documentation surrounding any reported allegations or observed acts of discrimination, harassment or retaliation within three (3) calendar days. The complaint will be further submitted via channels to the Support Services Assistant Sheriff.

317.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.
- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

317.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Discriminatory Harassment

any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented and promptly and thoroughly investigated.

317.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor. (Complaints may also be filed with the Sheriff, either Assistant Sheriff, or the Human Resources Bureau Manager.)

Members are advised that any incident of harassment, discrimination, or retaliation will be reported and reviewed by the Support Services Assistant Sheriff even if the member requests that the complaint be kept confidential or if the complaint appears on its face to lack merit

317.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Sheriff, either Assistant Sheriff, or the Human Resources Manager,

317.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

Discriminatory Harassment

317.6 NOTIFICATION OF DISPOSITION

Complainant and/or victim will be notified in writing of the disposition of the investigation and action(s) taken to remedy the complaint.

317.7 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented. All reports shall be:

- Reviewed by the Assistant Sheriff of the Support Services Division, and when appropriate, a follow-up investigation shall be initiated. As an additional resource, he/she may confer with the Employee Relations Committee regarding significant issues raised by members.
- Maintained for the period established in the department's records retention schedule.

317.8 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

317.8.1 QUESTIONS REGARDING DISCRIMINATION OR SEXUAL HARASSMENT

Members with questions regarding discrimination or sexual harassment are encouraged to contact a supervisor, manager, or the Sheriff's Human Resources Bureau manager; they may also contact the California Department of Fair Employment and Housing.

317.9 WORKING CONDITIONS

The Administration Division Commander or the authorized designee should be responsible for reviewing facility design and working conditions for discriminatory practices. This person should collaborate with other County employees who are similarly tasked (2 CCR 11034).

317.10 REQUIRED POSTERS

The Department shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).

Child Abuse

318.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Ventura County Sheriff's Office members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

318.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

318.2 POLICY

The Ventura County Sheriff's Office will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

318.3 MANDATORY NOTIFICATION

The child protection agency shall be notified when (Penal Code § 11166):

- (a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or
- (b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Notification of the District Attorney is not required for reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care, or supervision where no physical injury to the child has occurred (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority. When the alleged abuse or neglect involves a child of a minor parent or a dependent adult, notification shall also be made to the attorney of the minor or the dependent adult within 36 hours (Penal Code 11166.1; Penal Code 11166.2).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Child Abuse

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of the peace officer's employment as a peace officer.

318.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Penal Code § 11166):

- (a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.
- (b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

318.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

318.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Deputies shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if deputies interviewed the child victim without the presence of a parent or guardian.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Child Abuse

- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant) and Major Crimes will be notified and will respond.

318.5.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax, or electronic transfer to the agency with proper jurisdiction (Penal Code § 11165.9).

318.5.2 INITIAL REPORTS OF ABUSE FROM A NONMANDATED REPORTER

Members who receive a report of child abuse or neglect shall request the following information from the reporter (Penal Code § 11167):

- (a) Name and telephone number
- (b) Information and the source of information that gives rise to the knowledge or reasonable suspicion of child abuse or neglect

If the reporter refuses to provide their name and telephone number, the member should make a reasonable effort to determine the basis for the refusal and inform them that their information will remain confidential.

318.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the deputy should make reasonable attempts to contact CPS. Generally, removal of a child from the child's family, guardian, or other responsible

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Child Abuse

adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from the child's parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the deputy should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the deputy shall ensure that the child is delivered to CPS.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

- (a) The deputy reasonably believes the child is a person described in Welfare and Institutions Code § 300, and further has good cause to believe that any of the following conditions exist:
 1. The child has an immediate need for medical care.
 2. The child is in immediate danger of physical or sexual abuse.
 3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the deputy shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.
- (b) The deputy reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
 1. It reasonably appears to the deputy that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
 2. There is no lawful custodian available to take custody of the child.
 3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
 4. The child is an abducted child.
- (c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

318.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW

An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

318.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS

Under certain circumstances, deputies can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Deputies shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

318.7 INTERVIEWS

318.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

318.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

A deputy should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

318.7.3 INTERVIEWS AT A SCHOOL

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Child Abuse

staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

318.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The deputy should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination. Child Protective Services should also be notified.

318.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

318.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Bureau supervisor should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

318.10 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

318.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code § 841.5; Penal Code § 11167.5).

318.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California's CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

318.10.3 CACI HEARING OFFICER

The Detective Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

318.10.4 CACI HEARING PROCEDURES

The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

- (a) Case reports including any supplemental reports
- (b) Statements by investigators
- (c) Statements from representatives of the District Attorney's Office
- (d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

Child Abuse

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person's name be removed from the CACI list. The findings of the hearing officer shall be considered final and binding.

This includes the National Crime Information Center (NCIC), the National Missing and Unidentified Persons System (NamUs), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS), and the Unidentified Persons System (UPS).

319.2 POLICY

The Ventura County Sheriff's Office does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Ventura County Sheriff's Office gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

319.2.1 DEPUTY RESPONSIBILITIES

Deputies dispatched to a call of a missing person shall immediately proceed to the location. Upon speaking with parties involved and receiving facts of the incident shall contact the watch commander and their patrol sergeant. Ventura County Sheriff's Office

Ventura County SO Policy Manual

Missing Persons

A missing person report shall be completed and approved prior to the end of the deputies shift. The deputy handling the missing person shall not respond to or assist other personnel with calls for service or clear the missing person call until his/her report is complete.

In all cases involving missing person or runaways, deputies shall contact the Records Bureau to enter the person into CLETS and NCIC.

Missing Person Investigative Checklist:

Penal Code 13519.07(b) requires every law enforcement agency to have a Missing Person Investigative Checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation.

Our agency has a "Missing Person Investigation Checklist" available in the "Document Library" within the Sheriff's Intranet.

Deputies should use the investigation checklist whenever responding to a missing person report call. The investigative checklist will serve as a guide for deputies to ensure they obtain all the necessary information needed for the report and assist in locating the missing person. At the conclusion of the initial investigation, the deputy completing the missing person report will submit the investigative checklist along with their report.

319.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Major Crimes supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law, and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

Whenever any member of this department receives a report of a suspected hate crime or other activity that reasonably appears to involve a potential hate crime, the following should occur:

- (b) A supervisor should be notified of the circumstances as soon as practical
- (c) Once "in progress" aspects of any such situation have been stabilized (e.g., treatment of victims, apprehension of present suspects, etc.), the assigned deputy(s) will take all reasonable steps to preserve available evidence that may tend to establish that a hate crime was involved
- (d) Based upon available information, deputies should take appropriate action to mitigate further injury or damage to potential victims or the community.
 1. Deputies should contact the property owner to remove any evidence that cannot be physically removed (i.e., painted words or signs on a wall) by the deputy once the offense is documented.

322.2 PURPOSE AND SCOPE

This policy is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow-up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how the Ventura County Sheriff's Office may best use its resources to investigate and solve an offense, in addition

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Hate Crimes

to building community trust and increasing police legitimacy (Penal Code § 13519.6; Penal Code § 422.87).

322.2.1 DEFINITION AND LAWS

In accordance with Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.6; and Penal Code § 422.87, for purposes of all other state law, unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Bias motivation - Bias motivation is a pre-existing negative attitude toward actual or perceived characteristics referenced in Penal Code § 422.55. Depending on the circumstances of each case, bias motivation may include but is not limited to hatred, animosity, discriminatory selection of victims, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including but not limited to disability or gender.

Disability - Disability includes mental disability and physical disability as defined in Government Code § 12926, regardless of whether those disabilities are temporary, permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Disability bias - In recognizing suspected disability-bias hate crimes, deputies should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as but not limited to dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, deputies should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes but is not limited to situations where a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons, such as inebriated persons or persons with perceived disabilities different from those of the victim. Such circumstances could be evidence that the perpetrator's motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Gender - Gender means sex and includes a person's gender identity and gender expression.

Gender expression - Gender expression means a person's gender-related appearance and behavior, regardless of whether it is stereotypically associated with the person's assigned sex at birth.

Gender identity - Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination

Hate Crimes

of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender (2 CCR § 11030).

Hate crime - "Hate crime" includes but is not limited to a violation of Penal Code § 422.6, and means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (a) Disability
- (b) Gender
- (c) Nationality
- (d) Race or ethnicity
- (e) Religion
- (f) Sexual orientation
- (g) Association with a person or group with one or more of these actual or perceived characteristics:
 1. "Association with a person or group with one or more of these actual or perceived characteristics" includes advocacy for, identification with, or being on the premises owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of the characteristics listed in the definition of "hate crime" under paragraphs 1 to 6, inclusive, of Penal Code § 422.55(a).

Note: A "hate crime" need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate incident - A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places
- Displaying hate material on your own property

Hate speech - The First Amendment to the U.S. Constitution protects most speech, even when it is disagreeable, offensive, or hurtful. The following types of speech are generally not protected:

- Fighting words
- True threats
- Perjury
- Blackmail

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Hate Crimes

- Incitement to lawless action
- Conspiracy
- Solicitation to commit any crime

In whole or in part - "In whole or in part because of" means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that a crime would not have been committed but for the actual or perceived characteristic.

Nationality - Nationality means country of origin, immigration status, including citizenship, and national origin.

Race or ethnicity - Race or ethnicity includes ancestry, color, and ethnic background.

Religion - Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Religious bias - In recognizing suspected religion-bias hate crimes, deputies should consider whether there were targeted attacks on, or biased references to, symbols of importance to a particular religion or articles considered of spiritual significance in a particular religion (e.g., crosses, hijabs, Stars of David, turbans, head coverings, statues of the Buddha).

Sexual orientation - Sexual orientation means heterosexuality, homosexuality, or bisexuality.

Victim - Victim includes but is not limited to:

- Community center
- Educational facility
- Entity
- Family
- Group
- Individual
- Office
- Meeting hall
- Person
- Place of worship
- Private institution
- Public agency

Temporary Custody of Juveniles

323.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Ventura County Sheriff's Office (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

323.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of a deputy or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1; 15 CCR 1150).

Safety checks - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact that is more than brief or inadvertent.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

323.2 POLICY

The Ventura County Sheriff's Office is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Ventura County Sheriff's Office. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

323.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Ventura County Sheriff's Office:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
- (e) Extremely violent or continuously violent

Deputies taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Temporary Custody of Juveniles

These juveniles should not be held at the Ventura County Sheriff's Office unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the deputy taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

323.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

323.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill themselves, or any unusual behavior which may indicate the juvenile may harm themselves while in either secure or non-secure custody (15 CCR 1142).

323.4 CUSTODY OF JUVENILES

Deputies should take custody of a juvenile and temporarily hold the juvenile at the Ventura County Sheriff's Office when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Ventura County Sheriff's Office without authorization of the arresting deputy's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of the juvenile's entry into the Ventura County Sheriff's Office (34 USC § 11133; Welfare and Institutions Code § 207.1).

323.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Ventura County Sheriff's Office. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination (Welfare and Institutions Code § 602.1).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Temporary Custody of Juveniles

323.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, deputies may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

323.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Ventura County Sheriff's Office unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and taken into custody for committing or attempting to commit a felony with a firearm shall not be released and be transported to a juvenile facility (Welfare and Institutions Code § 625.3).

A juvenile offender suspected of committing murder, a sex offense described in Welfare and Institutions Code § 602(b) that may subject the juvenile to criminal jurisdiction under Welfare and Institutions Code § 707, or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

- (a) Released upon warning or citation.
- (b) Released to a parent or other responsible adult after processing at the Department.
- (c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
- (d) Transported to the juvenile offender's home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating deputy or supervisor shall prefer the alternative that least restricts the juvenile's freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the deputy should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

323.5 ADVISEMENTS

Deputies shall take immediate steps to notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, the juvenile shall be given the *Miranda* rights advisement regardless of whether questioning is intended. This does not apply to juvenile non-offenders taken into temporary custody for their safety or welfare (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, the juvenile offender shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to their parent or guardian; one to a responsible relative or their employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

323.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile.
- (b) Date and time of arrival and release from the Ventura County Sheriff's Office (15 CCR 1150).
- (c) Watch Commander notification and approval to temporarily hold the juvenile.
- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.
- (e) Any changes in status (e.g., emergency situations, unusual incidents).
- (f) Time of all safety checks.
- (g) Any medical and other screening requested and completed (15 CCR 1142).
- (h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1(d); 15 CCR 1145).
- (i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Patrol Sergeant shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

323.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1; Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Ventura County Sheriff's Office (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

323.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Ventura County Sheriff's Office shall ensure the following:

- (a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Ventura County Sheriff's Office more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Ventura County Sheriff's Office more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal safety checks and significant incidents/activities shall be noted on the log.
- (d) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.

- (l) Blankets shall be provided as reasonably necessary (15 CCR 1143).
 - 1. The supervisor should ensure that there is an adequate supply of clean blankets.
- (m) Adequate shelter, heat, light, and ventilation should be provided without compromising security or enabling escape.
- (n) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (o) Juveniles shall have the right to the same number of telephone calls as an adult in temporary custody.
- (p) Juveniles shall have access to language services (15 CCR 1143).
- (q) Juveniles shall have access to disability services (15 CCR 1143).
- (r) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse (15 CCR 1142).

323.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Ventura County Sheriff's Office when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

323.10 JUVENILE CONTACTS AT SCHOOL FACILITIES

Absent exigent circumstances, deputies should make every reasonable effort to notify responsible school officials prior to contacting a student on campus while school is in session.

- (a) Reasonable efforts should be taken to coordinate with school officials to minimize disruption of school functions and maintain a low profile police presence when contacting a student.
- (b) Whenever circumstances warrant the temporary detention or formal interview of a juvenile student on campus, the deputy should:
 - 1. (a) When practical and when it would not unreasonably interfere with the investigation, take reasonable steps to notify a parent, guardian, or

Ventura County Sheriff's Office

Ventura County SO Policy Manual

responsible adult, including those phone numbers listed on any contact card on file with the school or provided by the student. All efforts to make contact with parents and/or reasons contact was not attempted should be documented.

- (b) If efforts to contact a parent, guardian or responsible adult are unsuccessful or not attempted, a formal interview with the juvenile may proceed without them. Upon the request of the juvenile, a school official or lawyer may be present during the interview in lieu of a parent.
- (c) If contacted, the selected parent, other responsible adult, or school official may be permitted to be present during any interview.
 - 1. An adult suspected of child abuse or other criminal activity involving the juvenile, or an adult, who in the opinion of the deputy appears to be under the influence or otherwise unable or incompetent to exercise parental rights on behalf of the juvenile, will not be permitted to be present.
 - 2. If the deputy reasonably believes that exigent circumstances exist which would materially interfere with the deputy's ability to immediately interview the juvenile, the interview may proceed without the parent or other responsible adult. In such circumstances, the exigent circumstances should be set forth in a related report.
- (c) Any juvenile should who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of school staff to be present. The purpose of the staff member's presence is to provide comfort and support and such staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

Absent exigent circumstances or authority of a court order, deputies should not involuntarily detain a juvenile who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian. In all such cases deputies should adhere to guidelines and requirements set forth in the Child Abuse Reporting policy.

323.11 PERSONAL PROPERTY

The deputy taking custody of a juvenile offender or status offender at the Ventura County Sheriff's Office shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Ventura County Sheriff's Office.

323.12 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to themselves or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to themselves or others include the following (15 CCR 1145):

- (a) Age, maturity, and delinquent history
- (b) Severity of offense for which the juvenile was taken into custody
- (c) The juvenile offender's behavior
- (d) Availability of staff to provide adequate supervision or protection of the juvenile offender
- (e) Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

323.12.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (b) Juveniles shall have constant auditory access to department members (15 CCR 1147).
- (c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1).

Ventura County Sheriff's Office

Temporary Custody of Juveniles

- (d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
 - 1. All safety checks shall be logged.
 - 2. The safety check should involve questioning the juvenile as to the juvenile's well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Juveniles of different genders shall not be placed in the same locked room (15 CCR 1147).
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

323.13 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE

The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Ventura County Sheriff's Office (15 CCR 1142; 15 CCR 1047). The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Sheriff, and Major Crimes Division Supervisor.
- (b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the County attorney.
- (e) Notification to the coroner.
- (f) Notification of the juvenile court.
- (g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections (BSCC) within the same time frame (15 CCR 1046).
- (h) A medical and operational review of deaths pursuant to 15 CCR 1046.
 - 1. A copy of the review report shall be provided to BSCC within 60 days of the death (15 CCR 1046).
- (i) Evidence preservation.

323.13.1 IN-CUSTODY DEATH PUBLICATION

The Sheriff or the authorized designee should ensure that specified information relating to an in-custody death of a juvenile is posted on the department website as prescribed and within the time frames provided in Penal Code § 10008.

323.14 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent, to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, a deputy shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile (Welfare and Institutions Code § 625.6).

Threats, physical harm, deception, or psychologically manipulative interrogation tactics shall not be used by a deputy during a custodial interrogation of a juvenile (Welfare and Institutions Code § 625.7).

The requirements to consult with legal counsel or to refrain from the use of prohibited interrogation techniques do not apply when (Welfare and Institutions Code § 625.6; Welfare and Institutions Code § 625.7):

- (a) Information is necessary to protect life or property from an imminent threat.
 - 1. The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

323.14.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation took place in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of a deputy, the individual being interrogated or another individual. Such circumstances shall be documented in a report.

Ventura County Sheriff's Office

- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

323.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Manager and the appropriate Detective Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

323.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION

The Patrol Division Commander shall coordinate the procedures related to the custody of juveniles held at the Ventura County Sheriff's Office and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

323.17 TRAINING

Department members should be trained on and familiar with this policy and any supplemental procedures.

Disciplinary Policy

324.1 PURPOSE AND SCOPE

Discipline is defined as "that force which prompts an individual or group to observe rules, regulations and procedures that are deemed necessary to the attainment of an objective." The maintenance of effective discipline is essential to control performance, to promote the efficiency and satisfactory attainment of objectives, and the fulfillment of the Mission Statement and Core Values.

Disciplinary procedures have been established to insure that:

- Every member of the department may be confident that while proper performance of duty will be insisted upon, at the same time, due recognition of an individual's rights shall be assured.
- Complaints, grievances or alleged abused of authority involving any member will be fully and fairly investigated.
- Managers or supervisors will enforce rules prescribed by the Sheriff to effectively correct conduct and accomplish acceptable behavior.
- Equitable and consistent procedures for initiating and administering disciplinary actions are provided.
- Disciplinary actions shall be taken without prejudice.

324.2 DISCIPLINE POLICY

The continued employment of every employee of this department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure of any employee to meet the guidelines set forth in this policy, whether on-duty or off-duty, may be cause for disciplinary action.

An employee's off-duty conduct shall be governed by this policy to the extent that it is related to act(s) that may materially affect or arise from the employee's ability to perform official duties or to the extent that it may be indicative of unfitness for his/her position.

324.2.1 VIOLATION OF RULES AND POLICIES

Each member is subject to discipline for violation of policies, rules, and regulations of the County of Ventura, and/or statutory law. No arbitrary rules of conduct can be established which would embrace all cases arising in the general discharge of assigned duties or in the personal activities of the individual member. Therefore, any failure of good behavior or acts that are incompatible with or inimical to the public service shall also be the subject of disciplinary action.

324.3 INVESTIGATION OF DISCIPLINARY ALLEGATIONS

Regardless of the source of an allegation of misconduct, all such matters will be investigated in accordance with Personnel Complaint policy. Pursuant to Government Code §§ 3304(d) and 3508.1, the investigation should be completed within one year of the discovery of the allegation unless such investigation falls within one of the exceptions delineated within those provisions.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Disciplinary Policy

324.3.1 COUNSELING/DIVISIONAL PERSONNEL REPORT

In the event a member's performance is unsatisfactory or needs improvement, informal counseling shall be provided. If documentation of the counseling is prepared, it shall be done in the form of a Divisional Personnel Report (DPR). The member will be provided a copy that will be maintained for up to one year in the member's divisional personnel file or until the completion of their next annual performance appraisal. Additionally, counseling memos/DPRs shall not make reference to future disciplinary action (*Otto v. Los Angeles Unified School District*, 89 Cal. App. 4th 985). The DPR shall not be placed in a member's official Sheriff's Office or County Human Resources personnel file. Remedial training may be included in this category.

324.3.2 WRITTEN REPRIMANDS ISSUANCE

If discipline is administered in the form of a written reprimand, a copy will be provided to the member and will be maintained for two years in the member's Sheriff's Office and County Human Resources personnel files. If no additional discipline has been imposed during the intervening period, the reprimand shall be removed from the employee's files at the end of two years upon written request by the employee.

APPEAL

A member may dispute a written reprimand. Generally, the initial step for disputing a written reprimand is considered informal and provides an opportunity to meet and discuss the concerns with a department designated representative. If it is not considered resolved at this initial step, then the member may prepare a formal written appeal or grievance and proceed through any additional steps as delineated in the respective member's Memorandum of Agreement (M.O.A.)

Any employee wishing to formally appeal a written reprimand must submit a written request to his/her assistant sheriff within ten days of receipt of the written reprimand. The assistant sheriff will then assign the appeal to an uninvolved supervisor of at least one rank above the rank of the supervisor issuing the original written reprimand. Absent a written stipulation to the contrary, the employee will be provided with an evidentiary hearing before the assigned, uninvolved supervisor within 30 days. 326.2.1 PROHIBITED USE OF E-MAIL FOR PUBLIC RECORDS

Department employees are not to use county e-mail for communications that constitute public record. Any communications received by department employees in the course of normal business that constitute a public record are to be reduced to hard copies and the e-mail version deleted. Although it is possible for county e-mail to constitute a public record, Section 6254 provides the following exemption as reads in part as follows: "(a) Preliminary drafts, notes, or interagency memoranda that are not retained by the public agency in the ordinary course of business..."

Therefore, to prevent the need to disclose county e-mail as public record, county e-mail is to be used only to communicate such preliminary drafts, notes, or interagency memoranda that are not retained by the public agency in the ordinary course of business.

326.2.2 RETENTION

E-mail is to be retained in electronic form for no more than two (2) years from the date of creation or receipt. All unsolicited, non-business e-mail received by department employees is to be deleted immediately.

326.2.3 PRIVACY

The department has the capability to review, copy, and delete any messages sent, received, or stored on the e-mail system. The department reserves the right to access, review, copy, or delete all messages for any purpose and to disclose them to any party it deems appropriate. However,

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Department Technology Use

the department recognizes that certain agencies have a duty of confidentiality imposed by law. For those agencies, in the event that e-mail must be accessed, confidentiality will be maintained. No user of the county electronic mail system should have an expectation of privacy.

326.2.4 E-MAIL CONTENT AND ETIQUETTE

County e-mail is not to include content that may be deemed harassing, sexual, offensive, or otherwise inappropriate. Someone other than the addressee you send them to and may possibly be disclosed to outside parties may read e-mail messages. Accordingly, care is to be taken to ensure that messages are courteous, professional, and businesslike.

326.2.5 FORWARDING OF E-MAIL

Outlook mailboxes should not be set up to automatically forward e-mail messages to an external mailbox. Automatic forwarding poses a security risk for the county.

326.2.6 E-MAIL MESSAGE SIZE LIMITATIONS

Messages with large attachments delay e-mail delivery for the entire county. To prevent problems related to e-mail with large attachments, a limit of 15 mega bytes is required on county business related incoming/outgoing e-mail.

326.2.7 ATTORNEY-CLIENT PRIVILEGED COMMUNICATIONS

Some of the messages sent, received, or stored on the county e-mail system will constitute confidential, privileged communications between the county and either its inside or outside attorneys. Upon receipt of a message either from or to counsel, do not forward it or its contents to others inside the county without counsel's authorization. Never forward such messages or their contents to any outsiders.

326.2.8 COUNTYWIDE BROADCASTS

County e-mail shall not be used to announce, advertise, or otherwise promote any event, cause, organization, or activity that is not an official department or County of Ventura function or program. An assistant sheriff must approve any use of the e-mail system to promote a legitimate event department-wide.

Media Relations

327.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

327.2 POLICY

It is the policy of the Ventura County Sheriff's Office to protect the privacy rights of individuals, while releasing non-confidential information to the media regarding topics of public concern. Information that has the potential to negatively affect investigations will not be released.

327.3 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Sheriff. In situations not warranting immediate notice to the Sheriff and in situations where the Sheriff has given prior approval, Division Commanders, Watch Commanders, and designated Public Information Officers (PIOs) may prepare and release information to the media in accordance with this policy and the applicable laws regarding confidentiality.

327.4 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of department members and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the media, nor should media representatives be invited to be present at such actions except with the prior approval of the Sheriff.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Sheriff will consider, at a minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person, or is otherwise prohibited by law.

327.5 MEDIA REQUESTS

Any media request for information or access to a law enforcement incident shall be referred to the PIO, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, members shall consider the following:

- (a) At no time shall any member of this department make any comment or release any official information to the media without prior approval from a supervisor or the PIO.
- (b) In situations involving multiple agencies or government departments, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department

Media Relations

without prior approval of the Sheriff. Under these circumstances the member should direct the media to the agency handling the incident.

- (d) All department news stories shall be disseminated via the Watch Commander's office or Sheriff's Administration. All news stories must contain contact information for the media. The contact person must be available following the release of the news story.
- (e) Booking photos shall only be released with prior approval of Sheriff's Administration/ Sheriff's Public Information Officer.

327.6 ACCESS

Authorized media representatives shall be provided access to scenes of disasters, criminal investigations, emergencies, and other law enforcement activities as required by law.

Access by the media is subject to the following conditions (Penal Code § 409.5(d)):

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public. Media representatives may not bring or facilitate the transport of an unauthorized person into a closed area unless it is for the safety of the person.
- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 - 1. Based upon available resources, reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the PIO or other designated spokesperson.
- (c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved member (Government Code § 3303(e)).
- (d) Media interviews with individuals who are in custody should not be permitted without the approval of the Sheriff and the express consent of the person in custody.

327.6.1 CRITICAL OPERATIONS

A critical incident or tactical operation should be handled in the same manner as a crime scene, except the media should not be permitted within the inner perimeter of the incident, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a critical incident or tactical operation in order to accommodate the media. All comments to the media shall be coordinated through a supervisor or the PIO.

327.6.2 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or member safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Media Relations

If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).

327.7 CONFIDENTIAL OR RESTRICTED INFORMATION

It shall be the responsibility of the PIO to ensure that confidential or restricted information is not inappropriately released to the media (see the Records Maintenance and Release and Personnel Records policies). When in doubt, authorized and available legal counsel should be consulted prior to releasing any information.

327.7.1 EMPLOYEE INFORMATION

The identities of deputies involved in shootings or other critical incidents may only be released to the media upon the consent of the involved deputy or upon a formal request filed.

Any requests for copies of related reports or additional information not contained in the information log (see the Information Log section in this policy), including the identity of deputies involved in shootings or other critical incidents, shall be referred to the PIO.

Requests should be reviewed and fulfilled by the Custodian of Records, or if unavailable, the Watch Commander or the authorized designee. Such requests will be processed in accordance with the provisions of the Records Maintenance and Release Policy and public records laws.

327.8 RELEASE OF INFORMATION

The Department may routinely release information to the media without receiving a specific request. This may include media releases regarding critical incidents, information of public concern, updates regarding significant incidents, or requests for public assistance in solving crimes or identifying suspects. This information may also be released through the department website or other electronic data sources.

327.8.1 INFORMATION LOG

The Department will maintain a daily information log of significant law enforcement activities. Log entries shall only contain information that is deemed public information and not restricted or confidential by this policy or applicable law. Upon request, the log entries shall be made available to media representatives through the Watch Commander.

The daily information log will generally include:

- (a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals involved in crimes occurring within this jurisdiction, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation, or the information is confidential (e.g., juveniles or certain victims).
- (b) The date, time, location, case number, name, birth date, and charges for each person arrested by this department, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation or the information is confidential (e.g., juveniles).

Media Relations

- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident.

The identity of a minor 14 years of age or older shall not be publicly disclosed unless the minor has been arrested for a serious felony and the release of such information has been approved by the Watch Commander (Welfare and Institutions Code § 827.5).

Information concerning incidents involving certain sex crimes and other offenses set forth in Government Code 6254(f) shall be restricted in accordance with applicable statutory provisions.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Watch Commander. Such requests will generally be processed in accordance with the provisions of the Public Records Act (see the Records Maintenance and Release Policy).

Court Appearance And Subpoenas

328.1 PURPOSE AND SCOPE

This procedure has been established to provide for the acceptance of subpoenas and to ensure that employees appear when subpoenaed, or are available to appear in court when requested and present a professional appearance.

328.2 COURT SUBPOENAS

Employees who receive subpoenas related to their employment with this department are subject to the provisions of this policy. Employees should be aware that their compliance is mandatory on all cases for which they have been properly subpoenaed, or properly notified. This policy applies to civil and criminal subpoenas. Employees are expected to cooperate with the prosecution to ensure the successful conclusion of a case.

328.2.1 SERVICE OF SUBPOENA

Service of a subpoena requiring the appearance of any department employee in connection with a matter arising out of the employee's course and scope of official duties may be accomplished by e-mail, personal service on the employee or by delivery of two copies of the subpoena on the employee's supervisor or other authorized departmental agent (Government Code § 68097.1 and Penal Code § 1328(c)). Subpoena service is also acceptable by courier or court liaison from the court to this department.

328.2.2 VALID SUBPOENAS

No subpoena shall be accepted for an employee of this department unless it has been properly served and verified to have originated from a recognized legal authority.

328.2.3 ACCEPTANCE OF SUBPOENA

- (a) Only the employee named in a subpoena, his/her immediate supervisor or the department subpoena clerk shall be authorized to accept service of a subpoena. (Penal Code § 1328(c)). Any authorized employee accepting a subpoena shall immediately provide a copy of the subpoena to the department subpoena clerk. The subpoena clerk shall maintain a chronological log of all department subpoenas and provide a copy of the subpoena to each involved employee.
- (b) Any supervisor or other authorized individual accepting a subpoena on behalf of another employee shall immediately check available schedules to determine the availability of the named employee for the date listed on the subpoena.
- (c) Once a subpoena has been received by a supervisor or other authorized individual, a copy of the subpoena shall be promptly provided to the subpoena clerk as well as a copy to the individually named employee.
- (d) Prior to the appearance date and time, employees shall call the Witness Coordination Unit (654-3006) of the District Attorney's Office and confirm if they still need to appear

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Court Appearance And Subpoenas

on the date and time listed on the subpoena. It is possible to be placed "on call" at the discretion of the District Attorney's Office. If while on call, an employee is summoned by the District Attorney's Office, the employee shall immediately report to the court designated on the subpoena.

328.2.4 REFUSAL OF SUBPOENA

Subpoenas are received from the District Attorney's Office, via e-mail, up to 6 weeks in advance. Employees have the responsibility to notify, via e-mail, their subpoena clerk of all approved vacation / leave or scheduled training days, so those days can be "blacked out" in the subpoena computer system. Once the subpoena clerk receives the e-mail notification from our employee, the subpoena clerk will not accept a subpoena on behalf of the employee on these days.

1. If a subpoena is accepted on behalf of an employee and then the employee is assigned a training day, the employee is responsible for contacting the District's Attorney's office to attempt to get the court date rescheduled. If the employee is unable to get the court date rescheduled, the employee will notify the training scheduler of the conflict so the training can be rescheduled.
2. In special circumstances, employees may seek a waiver of this policy from their respective captain or commander to attend mandatory training classes.

Except where dates have been "blacked out" by the subpoena clerk; training, vacations and regularly scheduled days off are not valid reasons for refusing a subpoena or missing court. If, due to illness or injury, the named employee is unable to appear in court as directed by a previously served subpoena, he/she shall, at least one hour before the appointed date and time, inform the subpoena clerk or the watch commander of his/her absence. It shall then be the responsibility of the subpoena clerk to notify the issuing authority of the employee's unavailability to appear.

If the immediate supervisor or other authorized individual knows that he/she will be unable to deliver a copy of the subpoena to the named employee within sufficient time for the named employee to comply with the subpoena, the supervisor or other authorized individual may refuse to accept service (Penal Code § 1328(d)).

If a subpoena is presented for service to an immediate supervisor or other authorized individual less than five working days prior to the date listed for an appearance and the supervisor or other authorized individual is not reasonably certain that the service can be completed, he/she may refuse to accept service (Penal Code § 1328(e)).

If, after initially accepting service of a subpoena, a supervisor or other authorized individual determines that he/she will be unable to deliver a copy of the subpoena to the individually named employee within sufficient time for the named employee to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

328.2.5 COURT STANDBY

To facilitate court standby agreements with the courts, employees are required to provide and maintain current information on their address and phone number with the department. Employees

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Court Appearance And Subpoenas

are required to notify the department within 48 hours of any change in residence address or home phone number, and to provide accurate and reasonably reliable means or methods for contact.

If an employee on standby changes his/her location during the day, the employee shall notify the subpoena clerk of how he/she can be reached by telephone. Employees are required to remain on standby each day the case is trailing. In a criminal case the Deputy District Attorney handling the case is the only person authorized to excuse an employee from standby status.

328.2.6 OFF-DUTY RELATED SUBPOENAS

Employees receiving valid subpoenas for actions taken off-duty not related to their employment with Ventura County Sheriff's Office shall comply with the requirements of the subpoena. Employees receiving these subpoenas are not compensated for their appearance and arrangements for time off shall be coordinated through their immediate supervisor.

328.2.7 FAILURE TO APPEAR

Any employee who fails to comply with the terms of any valid and properly served subpoena may be subject to discipline as well as court imposed civil and/or criminal sanctions.

When an employee fails to appear in response to a subpoena, the respective bureau commander will determine the reason for the employee's absence. Disciplinary action shall be taken if the employee is found negligent.

The first offense may result in a written reprimand. Subsequent offenses within one year from the date of the occurrence shall result in a written reprimand or suspension without pay. Personnel who fail to appear in court in response to a subpoena within twelve months of receiving a suspension for a violation of this policy shall be subject to progressive discipline.

328.3 CIVIL SUBPOENAS

The department will compensate employees who appear in their official capacity on civil matters arising out of the employee's official duties as directed by the current Memorandum of Agreement. In such situations, the department will also reimburse any deputy for reasonable and necessary travel expenses.

The department will receive reimbursement for the deputy's compensation through the civil attorney of record who subpoenaed the deputy.

328.3.1 PROCEDURE

To ensure that the deputy is able to appear when required, that the deputy is compensated for such appearance, and to protect the department's right to reimbursement, deputies shall follow the established procedures for the receipt of a civil subpoena.

328.3.2 CIVIL SUBPOENA ACCEPTANCE

Subpoenas shall not be accepted in a civil action in which the deputy or department is not a party without properly posted fees pursuant to Government Code § 68097.6.

328.3.3 PARTY MUST DEPOSIT FUNDS

The party in the civil action that seeks to subpoena a deputy must deposit the statutory fee of \$275 (Government Code § 68097.2) for each appearance before such subpoena will be accepted. Parties seeking to have the deputy make multiple appearances must make an additional deposit in advance.

328.4 OVERTIME APPEARANCES

If the deputy appeared on his off-duty time, he will be compensated in accordance with the current employee Memorandum of Agreement.

Employees who appear off-duty in response to a subpoena shall complete an "Off Duty Court Appearance" form (SO-76).

328.5 COURTROOM PROTOCOL

Employees must be punctual when appearing in court and shall be prepared to proceed immediately with the case for which they are subpoenaed.

328.5.1 PREPARATION FOR TESTIMONY

Before the date of testifying, the subpoenaed deputy shall request a copy of relevant reports and become familiar with their content in order to be prepared for court.

Evidence and property shall be suitably arranged for presentation as necessary.

328.5.2 COURTROOM ATTIRE

Employees shall dress in uniform or business attire. Suitable business attire for men would consist of a coat, tie, and dress pants. Suitable business attire for female employees would consist of a dress jacket, dress blouse, and skirt or slacks.

328.6 COURTHOUSE DECORUM

Employees shall observe all rules of the court in which they are appearing, refrain from smoking or chewing gum in the courtroom, and shall remain alert to changes in the assigned courtroom where their matter is to be heard.

When giving testimony, employees shall speak in a calm and distinct manner.

Employees shall not attempt to manipulate the outcome of any legal proceeding by acting or failing to act in any manner that will interfere with the furtherance of justice. This section shall not prevent a member of the department from cooperating with the prosecuting attorney.

Employees shall not accept anything for appearing in a legal proceeding except compensation from the County of Ventura.

Employees shall observe the utmost attention and respect toward magistrates and proceedings at all times.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Court Appearance And Subpoenas

Employees shall testify accurately without overstating or understating the facts relating to the case. They shall not volunteer any information, but under direction, answer all questions in a concise manner.

Mutual Aid and Outside Agency Assistance

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

This department may also request an outside agency to provide assistance. Nothing in this policy is intended to discourage personnel of this department from assisting personnel from other public safety agencies in emergency situations or from providing assistance to other officers in routine police matters.

Specialized units have standard operating procedures that dictate specific protocol and practices. Refer to those SOP's.

329.1.1 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling deputy or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting deputy should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

329.2 POLICY

It is the policy of the Ventura County Sheriff's Office to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws, training, and policies of this department.

329.3 ASSISTING OUTSIDE AGENCIES

Watch Commander

Generally, calls for assistance from other agencies are routed to the Watch Commander for approval. The Watch Commander shall obtain all pertinent information concerning the request. If the request is granted, the Watch Commander will contact the appropriate unit(s) within our department. The Watch Commander will have a sergeant respond to meet with the requesting party in all instances that may require a tactical deploy

Unless exigent circumstances or immediate action exists, the supervisor shall evaluate the assistance to be given and upon stabilization of the incident, shall determine whether our agency will provide support or take control of the incident. Supporting activities includes outer perimeter, specialized equipment such as an armored vehicle, UAV, or tactical negotiator. The evaluation should include a review of any warrant(s) issued in conjunction with the operation, a review of the operational plan, and any contingency plan(s). Factors to consider include:

- The nature of the operation
- Time of day and day of week the operation is to take place

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Mutual Aid and Outside Agency Assistance

- Physical setting of the location of the operation
- Criminal background and propensity of violence of the subject(s)
- Resources needed to safely conduct the operation
- Operational briefing of all involved personnel

Deputies may respond to a request for emergency assistance; however, they shall notify a supervisor of their activity as soon as practicable.

When an authorized employee of an outside agency requests the assistance of this department in taking a person into custody, available deputies shall respond and assist in making a lawful arrest. If a deputy receives a request in the field for assistance, that deputy shall notify a supervisor. Arrestees may be temporarily detained by our agency until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this department provide transportation of arrestees to other county facilities.

Deputies should use the least intrusive means reasonably necessary to ensure the safety and success of the assistance rendered to other outside agencies. In the event of a disagreement or dispute with the outside public safety agency concerning operational tactics, the policies of the Ventura County Sheriff's Office and Standard Operating Procedures shall take precedence. The Watch Commander shall be provided the details of the disagreement or dispute and will notify the Commander of the division having jurisdiction as soon as reasonably practicable.

329.3.1 INITIATED ACTIVITY

Any on-duty deputy who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Ventura County Sheriff's Office shall notify the Communications Center, his/her supervisor or the Watch Commander as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

329.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

329.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general offense report or as directed by the Watch Commander.

GOVERNMENT CENTER "" JURISDICTION AND EMERGENCY RESPONSE

330.1 PURPOSE AND SCOPE

330.3 JURISDICTION

The term 'Government Center' relates to all areas contained within the inner curb lines of Victoria Avenue, Telephone Road, Hill Street, and Webster Street. 330.4 EMERGENCY RESPONSE

Court Services deputies have been designated as first responders to emergency calls for service at the Government Center. The Sheriff's Communication Center (SCC) will call 654-2947 (senior deputies' office), when calls requiring an immediate response at the Government Center are received.

In those instances where no senior deputy is available, contact on-site private security dispatch at 654-2931. Private security will then be responsible for broadcasting the information to Court Services deputies.

West County Patrol (Headquarters Station) will respond to assume primary responsibility for the scene, unless otherwise directed. This also applies to those instances where a Court Services deputy self-initiates after observing an emergency situation away from the courtroom.

Registered Offender Information

332.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Ventura County Sheriff's Office will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

332.2 POLICY

It is the policy of the Ventura County Sheriff's Office to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

332.3 REGISTRATION

The Major Crimes Sexual Assault supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

332.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

332.4 MONITORING OF REGISTERED OFFENDERS

Detective Bureau Supervisors should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the California DOJ website for sex offenders.
- (c) Contact with a registrant's parole or probation officer.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Registered Offender Information

Any discrepancies should be reported to the California DOJ.

Detective Bureau Supervisors should also establish a procedure to routinely disseminate information regarding registered offenders to Ventura County Sheriff's Office personnel, including timely updates regarding new or relocated registrants.

332.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Sheriff if warranted. A determination will be made by the Sheriff, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Ventura County Sheriff's Office's website. Information on sex registrants placed on the Ventura County Sheriff's Office's website shall comply with the requirements of Penal Code § 290.46.

The Records Manager may release local registered offender information to residents only in accordance with applicable law and in compliance with a California Public Records Act request (Government Code § 7920.000 et seq.; Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1).

334.3.2 DEATHS OF VICTIMS WITH AN IDENTIFIABLE HISTORY OF VICTIMIZED DOMESTIC VIOLENCE

Prior to making any findings as to the manner and cause of death of a deceased individual with an identifiable history of being victimized by domestic violence, investigating deputies should consider factors identified in Penal Code § 679.07 (e.g., premature or untimely death, partner wanting to end relationship, scene gives appearance of death due to suicide or accident) and proceed with the investigation according to the code's requirements.

334.3.3 EMPLOYMENT-RELATED DEATHS OR INJURIES

334.4 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the deputy assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

formal notifications, funeral arrangements, and to provide valuable support information for family members.

334.6.5 FLAGS

Identity Theft

335.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

335.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, deputies presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, deputies should observe the following:
 1. For any victim not residing within this jurisdiction, the deputy may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, deputies of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- (c) Deputies should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Deputies should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) The reporting deputy should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.
- (f) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Private Persons Arrests

336.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

336.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all deputies shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, deputies should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, deputies should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

336.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- (a) For a public offense committed or attempted in his or her presence;
- (b) When the person arrested has committed a felony, although not in his or her presence
- (c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

336.4 DEPUTY RESPONSIBILITIES

Any deputy presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

- (a) Should any deputy determine that there is no reasonable cause to believe that a private person's arrest is lawful, the deputy should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 1. Any deputy who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b) (1). The deputy must include the basis of such a determination in a related report.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Private Persons Arrests

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the deputy, the deputy should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever a deputy determines that there is reasonable cause to believe that a private person's arrest is lawful, the deputy may exercise any of the following options:
1. Take the individual into physical custody for booking
 2. Release the individual pursuant to a Notice to Appear
 3. Release the individual pursuant to Penal Code § 849

336.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign an appropriate department form (i.e. citation) under penalty of perjury.

In addition to the appropriate form, deputies shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

338.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

338.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Ventura County Sheriff's Office, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

338.2 POLICY

It is the policy of the Ventura County Sheriff's Office to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

338.3 LEP COORDINATOR

The Sheriff shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Ventura County Sheriff's Office's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Communications Manager. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d)
- (e)
- (f) Annually assessing demographic data to compare the agency's reflection of the jurisdictions served.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h)
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

338.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Limited English Proficiency Services

338.5 TYPES OF LEP ASSISTANCE AVAILABLE

Ventura County Sheriff's Office members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards (Department of Homeland Security; www.dhs.gov/xlibrary/assets/crcl/crcl-i-speak-poster.pdf), when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

Communications with Persons with Disabilities

339.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

339.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

339.2 POLICY

It is the policy of the Ventura County Sheriff's Office to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

339.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Sheriff shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Operations Assistant Sheriff or the authorized designee. The Department ADA Coordinator will be the Professional Standards Captain or his/her designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the County ADA coordinator regarding the Ventura County Sheriff's Office's efforts to ensure equal access to services, programs and activities.
- (b) Developing new procedures, or recommending modifications to this policy.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Communications Manager. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

339.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

339.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Ventura County Sheriff's Office, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

339.6 TYPES OF ASSISTANCE AVAILABLE

Ventura County Sheriff's Office members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

339.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

339.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

339.9 ON-CALL INTERPRETING SERVICES

The Ventura County Sheriff's Office has contracted with LIFESIGNS to provide 24-hour interpreting services for official communications in any patrol or investigative capacity. If a deputy needs to request an official, certified American Sign Language (ASL) interpreter, all requests will go through the Patrol Watch Commander.

LIFESIGNSe will have an ASL interpreter respond to assist with official interviews of a hearing impaired victim, suspect, arrestee, or witness, as needed. The deputy or investigator will need the following information for the Patrol Watch Commander to make a request:

- Date, Time and Location
- Address, including Zip Code and Cross Street
- Parking Information
- Description of Situation and Context
- Names of People Involved

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Communications with Persons with Disabilities

- Phone Numbers and/or E-mail Addresses of On Scene Deputy or Investigator

Advance notice is desired for routine services but LIFESIGNS will respond in an urgent/emergency situation.

339.10 FAMILY AND FRIENDS OF DISABLED OR IMPAIRED INDIVIDUAL

While family and friends of a disabled or impaired individual may frequently offer to assist with interpretation, employees should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in emergency or critical situations. Further, the nature of the contact and relationship between the disabled individual and the individual offering services must be carefully considered (e.g. victim/suspect).

339.11 CUSTODIAL INTERROGATIONS AND BOOKINGS

In an effort to ensure the rights of all disabled and impaired individuals are protected during arrest and custodial interrogation, this department places a high priority on providing reasonable communication assistance during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, department personnel providing communication assistance in these situations will make every reasonable effort to accurately and effectively communicate with disabled or impaired individuals.

Employees providing such assistance shall also be aware of the inherent communication impediments to gather information from disabled or impaired individuals throughout the booking process or any other situation in which a disabled or impaired individual is within the control of department personnel. Medical screening questions are commonly used to elicit information on individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, resulting symptoms upon withdrawal from certain medications, or the need to segregate the arrestee from other prisoners, therefore it is important for this department to make every reasonable effort to provide effective communication assistance in these situations.

- (a) Individuals who require communication aids (e.g. hearing aids) should be permitted to retain such devices while in custody.
- (b) While it may present officer safety or other logistical problems to allow a physically disabled individual to retain devices such as a wheel chair or crutches during a custodial situation, the removal of such items will require that other reasonable accommodations be made to assist such individuals with access to all necessary services.
- (c) Whenever a deaf or hearing impaired individual is detained or arrested and placed in handcuffs, deputies should consider, safety permitting, placing the handcuffs in front of the body in order to allow the individual to sign or write notes.

339.12 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Communications with Persons with Disabilities

telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

339.13 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

339.14 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

339.15 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Communications with Persons with Disabilities

request consent to search if the deputy is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, deputies should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

339.15.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

339.16 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

339.17 ARREST AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting deputy shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Communications with Persons with Disabilities

different auxiliary aid or service or the deputy reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

339.18 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the Professional Standards Bureau.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the formal investigation of a complaint and should not be members of this Department.

If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

SALUTING PROTOCOL

342.1 PURPOSE

Being a Para-Military organization, the Ventura County Sheriff's Office members will follow the below described protocols when it comes to rendering a salute. A salute is the act of respect shown by a Department member towards the United States National Flag (Colors), or paying respect to a fallen member of this Department or another outside agency, and is performed while the sworn Department member is wearing a Class "A" uniform with the Department's Soft Cover or Campaign Cover.

Academy recruit saluting procedures will be dictated by academy staff and may vary from this policy

342.2 PROCEDURE

- (a) When a salute is rendered:
 1. Anytime a Department cover (Soft Cover or Campaign Cover) is being worn and a member is involved in any of the below listed activities:
 - Anytime respect is being paid to the National Color outdoors
 - When the United States National Anthem is played
 - When the Pledge of Allegiance to the U.S. flag is being recited outdoors
 - When paying respect to a fallen member of this Department or other Law Enforcement Officer
 2. Soft covers or campaign covers are normally only worn outdoors, unless special circumstances dictate otherwise.
- (b) When a salute is NOT rendered:
 1. When a Department cover is NOT worn, usually inside a building, (however there may be special circumstances that dictate otherwise)
- (c) In the event a salute cannot be rendered, or does not follow proper protocol, the Department member will stand at a position of attention, and place their right hand over their heart during the event/activity.
- (d) Salute Commands:
 - (a) A salute will be rendered from a POSITION OF ATTENTION, and upon the Department hearing the command "UNIFORM PERSONNEL...PRESENT ARMS." The preparatory command "UNIFORM PERSONNEL" may vary slightly depending upon the situation, however the command of execution "PRESENT ARMS" will always remain the same. To return a salute, the Department member will hear the command "UNIFORM PERSONNEL...ORDER ARMS." Once again the preparatory command may vary, however the command of execution "ORDER ARMS" will always remain the same. The Department member will remain in the POSITION OF ATTENTION upon returning the salute, until given an additional command, i.e.... "PARADE REST, DISMISSED, etc...."

343.1 PURPOSE AND SCOPE

Child and Dependent Adult Safety

344.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Senior and Disability Victimization policies.

344.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Ventura County Sheriff's Office will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

344.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, deputies should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, deputies should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Deputies should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, deputies should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, deputies should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the deputy at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Child and Dependent Adult Safety

344.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling deputy should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the sheriff's facility, transported in a marked patrol car, or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

Off-Duty Law Enforcement Actions

345.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place a deputy as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for deputies of the Ventura County Sheriff's Office with respect to taking law enforcement action while off-duty.

345.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Deputies should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Deputies are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, deputies should first consider reporting and monitoring the activity and only take direct action as a last resort.

345.3 FIREARMS

Deputies of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty deputies shall also carry their department-issued badge and identification.

Deputies should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any deputy who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the deputy's senses or judgment.

345.4 DECISION TO INTERVENE

There is no legal requirement for off-duty deputies to take law enforcement action. However, should deputies decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty deputy were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty deputy to be misidentified by other peace officers or members of the public.

Deputies should consider waiting for on-duty uniformed deputies to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

345.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the deputy should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty deputy is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the deputy should loudly and repeatedly identify him/herself as an Ventura County Sheriff's Office deputy until acknowledged. Official identification should also be displayed.

345.4.2 INCIDENTS OF PERSONAL INTEREST

Deputies should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances deputies should call the responsible agency to handle the matter.

345.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

345.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed deputy in public, uniformed deputies should wait for acknowledgement by the non-uniformed deputy in case he/she needs to maintain an undercover capability.

345.5 REPORTING

Any off-duty deputy who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Deputies should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Illness and Injury Prevention

346.1 PURPOSE AND SCOPE

The health and safety of the employees of the Ventura County Sheriff's Office is important to executive and management staff, and critical to the operation of this department and the delivery of services to the community.

346.4 COMMUNICATION

Supervisors shall establish and maintain communication with employees on health and safety issues. This is essential for an injury-free, productive workplace.

- (a) The Human Resources Safety Manager will ensure that a system of communication is in place which facilitates a continuous flow of safety and health information between supervisors and employees. This system shall include:
 1. New worker orientation, including a discussion of safety and health policies and procedures.

346.5 HAZARD ASSESSMENT

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards utilizing the applicable sections of the Hazard Assessment Checklist to ensure a thorough inspection. These checklists can be found at <https://sheriffintranet/wp-content/uploads/2022/08/Cal-OSHA-Hazard-Assessment-Checklist.pdf>

346.5.1 ADMINISTRATION SUPERVISOR INSPECTION DUTIES

The Human Resources Safety Manager shall ensure an Identified Hazard and Correction Record <https://sheriffintranet/wp-content/uploads/2022/08/VCSO-HAZ-ASSESSCorr-rec.pdf> is completed for each inspection.

346.5.2 PATROL DEPUTIES INSPECTION DUTIES

Deputies are charged with daily vehicle inspection of an assigned vehicle and of personal protective equipment prior to working in the field. Deputies shall complete an Identified Hazard and Correction Form if an unsafe condition cannot be immediately corrected. Deputies should forward this report to their supervisor.

346.5.3 SUPERVISOR ASSESSMENT DUTIES

Supervisors should inform the Human Resources Safety Manager when the following occurs:

- New substances, processes, procedures or equipment that present potential new hazards are introduced into the work environment.
- New, previously unidentified hazards are recognized.
- Occupational injuries and illnesses occur.
- New and/or permanent or intermittent workers are hired or reassigned to processes, operations or tasks for which a hazard evaluation has not been previously conducted.

The Human Resources Safety Manager will take appropriate action to ensure the IIPP addresses potential hazards upon such notification.

346.6 ACCIDENT/EXPOSURE INVESTIGATIONS

Employees must report all injuries that are a result of a workplace accident and any hazardous substance exposure to a supervisor. A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

- A visit to the accident scene as soon as possible.
- An interview of the injured worker and witnesses.
- An examination of the workplace for factors associated with the accident/exposure.

All employees should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Employees should make their reports to a supervisor (as a general rule, their own supervisor).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner based on the severity of the hazards. Hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering employees or property, supervisors should protect or remove all exposed workers from the area or item, except those necessary to correct the existing condition.

Employees who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on an Identified Hazard and Correction Form. This should be forwarded to the program administrator via the chain of command.

346.8 EMPLOYEE ACCESS TO THE IIPP

VCSO employees have the right to examine and receive a copy of our IIPP. This will be accomplished by providing unobstructed access through the VCSO Intranet <https://sheriffintranet/divisions/support-services/human-resources/safety-web/> which allows an employee to review, print, and email the current version of the Program. Unobstructed access means that the employee, as part of their regular work duties, predictably and routinely uses the electronic means to communicate with management or coworkers.

All employees will be briefed on their right and procedure to access the IIPP upon hiring, or by periodic all sheriff users email notice.

346.9 TRAINING AND INSTRUCTION

The Human Resources Safety Manager shall work with the Academy Commander to ensure that all workers, including supervisors, are trained on general and job-specific, workplace safety and health practices. Training shall be provided as follows:

Gun Violence Restraining Orders

347.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders (Penal Code § 18108).

347.1.1 DEFINITIONS

Definitions related to this policy include:

Gun violence restraining order - Civil restraining order prohibiting a named person from controlling, owning, purchasing, possessing, receiving, or otherwise having custody of any firearms or ammunition, including an ammunition magazine (Penal Code § 18100).

347.2 POLICY

It is the policy of the Ventura County Sheriff's Office to petition for and serve gun violence restraining orders in compliance with state law and to properly account for firearms and ammunition obtained by the Department pursuant to such orders.

347.3 GUN VIOLENCE RESTRAINING ORDERS

A deputy who reasonably believes a person is a present danger to him/herself or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm may request permission from his/her supervisor to petition the court for a gun violence restraining order.

Deputies petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). The petition should describe the number, types, and locations of any firearms and ammunition that the deputy believes to be possessed or controlled by the person (Penal Code § 18107). The petition should also describe why less-restrictive alternatives are ineffective or inadequate for the circumstances (Penal Code § 18125; Penal Code § 18150; Penal Code § 18175).

If it is not practical under the circumstances to submit a written petition, a deputy may orally request an order, and then prepare and sign a declaration under penalty of perjury that recites the oral statements provided to the judicial officer and memorialize the order of the court on the appropriate Judicial Council form (Penal Code § 18140).

All gun violence restraining orders must be approved by a supervisor in accordance with the Search and Seizure Policy.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the department to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION

Deputies will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of Ventura County, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours per day seven days per week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions
- (b) Respond to calls for service
- (c) Investigate both criminal and non-criminal acts
- (d) The apprehension of criminal offenders
- (e) Community Oriented Policing and Problem Solving activities such as citizen assists and individual citizen contacts of a positive nature
- (f) The sharing of information between the Patrol division and other divisions within the Department, as well as other outside governmental agencies
- (g) Facilitate the application of resources to specific problems or situations within the community, which may be improved or resolved by Community Oriented Policing and Problem Solving strategies

400.1.2 CITIZEN CONTACT AND REPORTS

The Ventura County Sheriff's Office community policing philosophy incorporates an emphasis in making positive public contacts. Citizens expect to meet a deputy face-to-face when they call to report incidents, circumstance or crime.

All patrol deputies shall respond promptly and meet the reporting person or persons designated in the call slip. Handling patrol "calls for service" via telephone is prohibited unless initiated specifically by the reporting party, watch commander or sergeant.

Patrol deputies shall properly document crimes reported to them, or that they become aware of through other means, unless otherwise directed by a sergeant or watch commander.

Patrol Function

400.1.3 TERRORISM

It is the goal of the Ventura County Sheriff's Office to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Deputies should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI) card. The supervisor should ensure that all terrorism related reports and FIs are forwarded to the Intelligence Unit, via the station Terrorism Liaison Officer (TLO), in a timely fashion.

400.2 CROWDS, EVENTS AND GATHERINGS

Deputies may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Deputies should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Deputies responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Deputies are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Deputies should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Ventura County Sheriff's Office's commitment to policing that is fair and objective.

This includes explicit and implicit biases (i.e., conscious and unconscious beliefs or attitudes towards certain groups).

401.2 POLICY

The Ventura County Sheriff's Office is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.3.1 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Professional Standards Bureau Commander shall ensure that all data required by the Department of Justice (DOJ) regarding complaints of racial bias against deputies is collected and reported annually to DOJ (Penal Code § 13012; Penal Code § 13020).

401.4 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Training Center.

- (a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST)-approved training on the subject of bias-based policing.
- (b) Pending participation in such POST-approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.
- (c) Each sworn member of this department who received initial bias-based policing training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary, in order to keep current with changing racial, identity and cultural trends (Penal Code § 13519.4(i)).

401.5 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

401.5.1 DISCLOSURE AND DOCUMENTATION OF TRAFFIC OR PEDESTRIAN STOP

A deputy conducting a traffic or pedestrian stop shall state the reason for the stop prior to questioning the individual related to a criminal investigation or traffic violation unless the deputy

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Bias-Based Policing

reasonably believes that withholding the reason for the stop is necessary to protect life or property from imminent threat, including but not limited to cases of terrorism or kidnapping (Vehicle Code § 2806.5).

Deputies shall document the reason for the stop on any citation or report (Vehicle Code § 2806.5).

401.6 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved deputy and their supervisor in a timely manner and should document these discussions in the prescribed manner.

Briefing Training

402.1 PURPOSE AND SCOPE

Patrol briefing is conducted at the beginning of shift change. A sergeant or senior deputy generally will lead the briefing; however deputies may conduct the briefing with supervisor approval.

Briefings shall begin promptly at the beginning of the shift and last no longer than fifteen minutes, unless authorized by the station captain, watch commander or shift supervisor(s).

At the conclusion of briefing, all personnel shall proceed to their assigned patrol area in a timely manner. Any delays in a unit going into service shall be cleared with the shift supervisor. The deputy shall then advise S.C.C. so that the proper unit status is reflected in C.A.D.

In the event an on-going deputy's assigned unit or equipment is delayed in the field, it is the deputy's responsibility to immediately notify the shift supervisor for direction. It is the responsibility of the shift supervisor to conduct briefing, ensure that all personnel are accounted for and appropriate material and equipment are disseminated to on-going shift personnel.

Off-going patrol shifts shall remain in the field and available for calls until 1/2 hour prior to the end of watch. The last thirty minutes of on-duty time is designated for fueling/servicing the vehicle, the exchange of equipment, information, and completion of paperwork. Personnel shall remain in full uniform and available for calls until the end of their assigned shift.

Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing deputies with information regarding daily patrol activity, with particular attention given to unusual situations, wanted persons, and major investigations
- (b) Notifying deputies of changes in schedules and assignments
- (c) Notifying deputies of new policies and procedures or changes in patrol procedures
- (d) Reviewing recent incidents for training purposes
- (e) Providing training on a variety of subjects

Crime And Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime scene or disaster.

403.2 POLICY

It is the policy of the Ventura County Sheriff's Office to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first deputy at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Deputies shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once a deputy has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the deputy shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

403.5 SEARCHES

Deputies arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once deputies are satisfied that no additional suspects are present and/or there are no injured

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Crime And Disaster Scene Integrity

persons to be treated, those exigent circumstances will likely no longer exist. Deputies should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, deputies should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

FOOD SERVICE, EMERGENCIES

404.1 PURPOSE AND SCOPE

To identify the officials who may request the activation of emergency food services.

404.2 PROCEDURE

All requests for emergency food service involving the use of Sheriff's Office personnel and equipment will be directed to the Pre-Trial Detention Facility (PTDF) commander or his/her designee.

The emergency food service plan will be activated by a PTDF supervisor, via proper channels, only when requested by one of the following officials:

SHERIFF'S OFFICE

Sheriff

Undersheriff

Assistant Sheriff

Commander

Patrol Watch Commander

COUNTY FIRE DEPARTMENT

Chief of the County Fire Department

Deputy or Assistant Chief of the Fire Department

The on-scene incident commander may request, via the patrol watch commander, emergency food service activation. The watch commander will verify the necessity of the request, depending upon the actual circumstances of the incident. In most cases, it is assumed the incident commander would have the authority to determine the appropriateness of the request.

Upon receipt of an authorized emergency food request, the PTDF supervisor shall obtain and forward the necessary information to the Detention Services food service manager, thus activating the emergency food service plan.

After initial activation, all communication and coordination between the authorized official of the command department and the Detention Services food services manager will be direct.

Special Weapons and Tactics Team Activation

405.1 PURPOSE AND SCOPE

The Special Weapons and Tactics Team (SWAT) provides a group of highly trained and skilled sworn personnel to be utilized in instances where disciplined teamwork and specialized weapons and tactical skills are required to cope with and resolve law enforcement incidents that are high risk in nature.

405.2 TEAM ACTIVATION

Because of the need for alerting and quickly placing SWAT on scene at an incident, any sworn member of the department may initiate a request for the team by contacting the watch commander. Authorization to actually activate the team to the scene, however, rests with the watch commander. The watch commander shall activate SWAT under the following circumstances:

- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]

405.2.1 TEAM NOTIFICATION

The watch commander shall follow the following procedures once the necessity to activate SWAT has been determined:

1. Notify the SWAT captain, or in the absence of the captain, notify the SWAT administrative commander.
2. At the time the SWAT captain and/or administrative commander is contacted, the watch commander should provide them with the following information:
 - (a) The nature of the incident and/or crime involved;
 - (b) Suspect information and type of weapon involved;
 - (c) Hostage information, if applicable;
 - (d) Address of incident and the location of command post;
 - (e) Name of the designated incident commander.
3. Notify the patrol commander of the division within the jurisdictional and/or geographical area affected, who shall respond to the scene and assume the duties of the incident commander.
4. Notify the Tactical Negotiation Unit (TNU) captain.
5. Designate a field supervisor who will act as the incident commander until the arrival of the division commander.

Ventura County Sheriff's Office

Special Weapons and Tactics Team Activation

405.3 DEPLOYMENT

During a traditional SWAT response the team can only be deployed at the direction of the SWAT captain or sergeant. The exception is in instances of extraordinary circumstances wherein an armed suspect is not contained and is posing a threat to lives and safety.

1. Upon arrival at the scene, the SWAT captain shall report to the incident commander for a briefing and mission.
2. Because the SWAT team is trained in a variety of tactics that may not be universally known to all supervisory and/or management members of the department, the SWAT team captain shall select the appropriate tactics to be employed and direct the deployment of the team.

405.3.1 ADDITIONAL TYPES OF DEPLOYMENT

The SWAT team or portions thereof can also be requested for use in other tactical situations by various department entities, such as: patrol, detectives, narcotics, and gang units. SWAT is capable of providing the full team or one component of the team depending on the circumstances and requirements of the mission. This flexibility allows the department to best utilize tactically trained personnel and state of the art equipment to enhance the safety in resolving above-average risk tactical situations that do not rise to the level of a traditional SWAT response, such as:

1. Response to situations necessitating the use of the Less Lethal team;
2. Providing patrol supervisors with tactically trained personnel and specialized equipment;
3. The planning and/or service of arrest or search warrants;

405.4 REQUEST BY OUTSIDE AGENCIES

It is the policy of the department to assist other agencies in time of need provided that such agency has made an independent effort to resolve the incident. All requests for SWAT made by outside agencies may be made during normal business hours by contacting the Sheriff's Office, any division assistant sheriff, the SWAT administrative commander, the SWAT captain or the watch commander.

After hours, requests for SWAT can be made through the watch commander. The watch commander shall notify his division assistant sheriff whenever SWAT is requested by or activated pursuant to a request made by an outside agency.

Upon requesting assistance from SWAT, the representative of the requesting agency shall be informed of the following:

1. Each request for assistance from SWAT must be made by the chief executive officer of the requesting agency (i.e., Chief of Police, Sheriff, Director, etc.), or designee.
2. The Operations Assistant Sheriff or designee, must approve each request.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Special Weapons and Tactics Team Activation

3. Upon authorized approval SWAT will assist requesting agencies on either a primary or a secondary basis.
 - (a) Primary assistance denotes that SWAT shall assume the entire responsibility involved in handling a situation. The personnel utilized in the inner perimeter, or more specifically the primary containment zone, shall be limited to members of Sheriff's SWAT. SWAT will respond to the scene of an incident whereupon the SWAT captain will consult with the requesting agency's on-scene supervisor. A sheriff's commander of the geographical area affected will respond to the scene and assume the duties of the incident commander. Tactical solutions and recommendations will be presented to the requesting agency's on-scene supervisor. Should agreement regarding tactics not be reached, the SWAT captain will decline to provide primary assistance and offer to provide only secondary assistance.
 - (b) Secondary assistance denotes that SWAT will assume a support role to the requesting agency's tactical team. The requesting agency will retain complete operational responsibility and control of the incident. The SWAT captain will respond to the scene of the incident and coordinate with and accept assignments from the incident commander of the requesting agency. The integrity of Sheriff's SWAT will remain intact and under the direct supervision and control of the SWAT captain.
4. SWAT will not be utilized for crowd and traffic control or other related duties on the perimeter of the incident. If requested, the appropriate patrol station will provide personnel for this assignment. Such personnel will be under the supervision of Sheriff's patrol supervisors, who will accept crowd and traffic control missions from the requesting agency's on-scene incident commander.
5. Any agency requesting SWAT response within the jurisdictional boundaries of their agency shall be responsible for establishing the following:
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
- (d) Begin any necessary evacuation as practical
6. The requesting agency will assign a supervisor or command level officer to the command post throughout the duration of the incident.

TACTICAL RESPONSE TEAM ACTIVATION

406.1 PURPOSE AND SCOPE

The purpose of the Tactical Response Team (TRT) is to provide a team of highly trained and skilled sworn personnel to respond to unusual or critical incidents that by nature and scope exceed the capabilities of other units within the Sheriff's Office.

TRT is a collateral assignment and comprised of four operational squads. Each operational squad consists of one sergeant and seven senior deputies/deputies. TRT team members are drawn from various assignments around the department. During a TRT activation, the watch commander should balance the department resources to meet the needs for the call-out while still maintaining other priorities.

406.2 TEAM ACTIVATION

Because of the need for alerting and quickly placing TRT on scene at an incident, any sworn member of the Sheriff's Office may initiate a request for the team by contacting the watch commander. Authorization to activate the team, rests with the watch commander.

The watch commander should consult with the TRT captain, administrative commander, or team sergeant to determine if a TRT response is needed for the following incidents:

1. Mutual aid requests
2. Riot, demonstration, or civil unrest
3. Brush fires
4. Natural or man-made disasters
5. Activation of the Mounted Enforcement Unit
6. Any prolonged incident above the capabilities of patrol that does not meet the criteria for a SWAT activation

406.2.1 TEAM NOTIFICATION

The watch commander shall follow the following procedures once the necessity to activate TRT has been determined:

1. Notify the TRT captain, or the designated TRT sergeant, or team sergeant.
2. At the time of the call-out, the watch commander should provide them with the following information:
 - (a) The nature of the incident and type of assistance needed
 - (b) The address and description of the location (i.e. industrial, residential, rural, etc.)
 - (c) The location of the command post and the name and telephone number of the Incident Commander (IC)
 - (d) The best route to the command post without driving past the location of the incident

TACTICAL RESPONSE TEAM ACTIVATION

- (e) The radio frequency used for the operation
 - (f) The number of suspects/protesters (if any) and any descriptive or behavioral information
 - (g) The number and types of weapons seen or used by the suspects/protestors (if any)
3. Notify the patrol commander of the division within the jurisdictional and/or geographical area affected.

406.3 DEPLOYMENT

During a typical TRT response, the team can only be deployed at the direction of the TRT captain or sergeant. The TRT shall operate under the over-all direction of the Incident Commander. The exception is in instances of exigent circumstances posing a threat to public safety.

1. Upon arrival at the scene, the TRT captain or sergeant shall report to the IC for a briefing and mission assignment.
2. Because the TRT team is trained in a variety of tactics that may not be widely known to all supervisory and/or management members of the department, the TRT captain or sergeant shall select the appropriate tactics to be employed and direct the deployment of the team.
3. TRT is capable of providing the full team or partial team, depending on the circumstances and requirements of the incident. The TRT will deploy with a minimum of 1 sergeant and 7 senior deputies/deputies. Any requests or assignments that require less than the minimum deployment require the approval of either the TRT commander, captain, or sergeant. **In all cases, a TRT sergeant will be on scene and will directly supervise the involved TRT members.**
4. TRT will not be activated and deployed to fill patrol shifts or patrol assignments due to vacancies in normal operational assignments.

406.4 REQUEST BY OUTSIDE AGENCIES

It is the policy of the Sheriff's Office to assist other agencies in times of need. All requests for the Tactical Response Team made by outside agencies during normal business hours can be accomplished by contacting the Sheriff's Office, the Operations Assistant Sheriff, the TRT Commander, or the Watch Commander.

After hours, requests for the TRT can be made through the Watch Commander. The Watch Commander shall notify the Operations Assistant Sheriff whenever the TRT is requested by or activated pursuant to a request by an outside agency. Upon receiving a request for assistance from the Sheriff's Tactical Response Team, the Mutual Aid Protocol shall be informed of the following:

1. Each request for assistance from TRT must be made by the chief executive officer of the requesting agency (i.e. Chief of Police, Sheriff, Director, etc.), or designee.
2. The Operations Assistant Sheriff, or designee, must approve each request.

Ventura County Sheriff's Office

TACTICAL RESPONSE TEAM ACTIVATION

406.4.1 MUTUAL AID OPERATIONS

TRT members shall operate in a manner consistent with their training and within the policies of the Sheriff's Office. In the event of a disagreement or dispute with the outside public safety agency concerning operational tactics, the policies of the Ventura County Sheriff's Office and Standard Operating Procedures of the TRT shall take precedence.

Hostage and Barricade Incidents

407.1 POLICY

It is the policy of the Ventura County Sheriff's Office to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

A Non-Criminal Barricade Incident is distinguishable from a Barricade Situation. The Ventura County Sheriff's Office recognizes there is a distinction between an armed barricaded suspect wanted for a crime and a barricaded individual who has not committed a crime but only expressed the desire to commit suicide. Not all suicidal subjects are considered barricaded or require law enforcement action. It is not a criminal act to express the desire or even attempt to commit suicide. Suicidal or mentally ill persons are afforded the same level of legal protection as the rest of the population.

407.2 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where deputies have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the deputies by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that deputies encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.2.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

- (a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
- (b) Unlawfully held against his/her will under threat or actual use of force.

Non-Criminal Barricade Incident - An incident involving suicidal subjects or persons in mental health crisis who do not put other persons in immediate danger.

407.3 COMMUNICATION

When circumstances permit, initial responding deputies should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Deputies should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Hostage and Barricade Incidents

intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When department personnel are confronted with a Non-Criminal Barricade Incident, it is particularly important to remember, that when dealing with involved family members, officers should avoid making any promises or commitments to anyone, whether that person is involved or not, that would lead that person to believe our agency is guaranteeing the safety of anyone involved.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

407.3.1 EMERGENCY COMMUNICATIONS

Only a deputy who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record, or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

- (a) The deputy reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),
- (b) The deputy reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and
- (c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).
- (d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.
- (e) The contents of any oral communications overheard are recorded on tape or other comparable device.

407.4 FIRST RESPONDER CONSIDERATIONS

First responding deputies should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding deputy should immediately request a supervisor's response as soon as it is determined that a hostage or criminal barricade situation exists. The first responding deputy shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The deputy shall continually evaluate the situation, including the level of risk to deputies, to the persons involved and to bystanders, and the resources currently available.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Hostage and Barricade Incidents

The handling deputy should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, deputies handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) If there are victims on scene who are in imminent peril (e.g. active shooter with victims who have life threatening injuries) and emergency medical services are unable to reach the victims due to the threat posed by the suspect, reasonable attempts should be made to neutralize the threat posed by the suspect as soon as possible in order to render aid to the victims.
- (c) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (d) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (e) Provide responding emergency personnel with a safe arrival route to the location.
- (f) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (g) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (h) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (i) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (j) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).
- (k) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (l) Establish a command post.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Hostage and Barricade Incidents

407.4.2 HOSTAGE SITUATION

Deputies presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that deputies react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Hostage and Barricade Incidents

Special Weapons and Tactics Team (SWAT) response if appropriate and apprising the SWAT Commander of the circumstances. In addition, the following options should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).
 - 1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the Department obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption. If six hours is not possible, then the application for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.
- (h) Ensure adequate law enforcement coverage for the remainder of the County during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or the Communications Center.
- (i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

407.6 SWAT RESPONSIBILITIES

The Incident Commander will decide, with input from the SWAT Commander, whether to deploy SWAT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SWAT. The Incident Commander and the SWAT Commander or the authorized designee shall maintain communications at all times.

407.7 TACTICAL DISENGAGEMENT

Tactical Disengagement is a recognized tactic that may be considered whenever department personnel reasonably believe that continued contact may result in unreasonable risk of harm to the subject, department members, and the public. This tactic is not only a consideration in situations involving criminal investigations, but, likewise when dealing with suicidal subjects or persons believed to be experiencing a mental health crisis.

The actions of first responders will be weighed against the information known, governmental interests, subject's actions, and efforts to de-escalate the situation. First responders may choose to tactically disengage to avoid resorting to force when it is determined the primary concern is self-harm by the subject, and the subject has not committed a serious or violent crime. The decision to disengage should be in consideration of the totality of circumstances, including watch commander approval and, if available, in consultation with Ventura County Behavioral Health Crisis Team. In situations where the decision is made to strategically disengage, Ventura County Behavioral Health Crisis Team shall be notified when time allows. This notification provides Ventura County Behavioral Health Crisis Team information for possible contact, at a later date and time, when the subject may be more receptive to intervention. In addition to other reports, a CIT card shall be completed.

407.8 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling deputy at the scene is responsible for completion and/or coordination of incident reports.

Ventura County SO Policy Manual

Ride-Along Policy

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the deputy's vehicle at a given time.

Ride along participants will wear the Citizen/Observer ID visible on their outer clothing during the entire ride along.

408.2.2 SUITABLE ATTIRE

Any person approved to ride along is required to be suitably dressed in collared shirt, blouse or jacket, slacks and shoes. Sandals, t-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the sheriff's vehicle. The watch commander or field supervisor may refuse a ride along to anyone not properly dressed.

408.2.3 OUTSIDE AGENCY RIDE-ALONGS

Members of any other law enforcement agency will not be permitted to ride-along with patrol deputies without the expressed consent of the watch commander. In the event that such a ride-along is permitted, the outside agency off-duty employee shall not be considered on-duty and shall not represent themselves as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

408.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All Ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Department of Justice Automated Criminal History System check through CLETS prior to their approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Ventura County Sheriff's Office). When a Criminal History Systems check is completed the ride-along form must be signed by the requester and retained for three years. The query reason of "Officer Safety/RideAlong" or "Facility Security/SitAlong" should be documented in the Criminal History search screen. (CLETS Policies, Practices and Procedures Manual § 1.6.1.F.2.)

408.3 ADMINISTRATIVE RESPONSIBILITY

The deputy shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Deputies shall consider the safety of the ride-along at all times. Deputies should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another sheriff's unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

The deputy will collect the Citizen/Observer ID at the conclusion of the ride along and ensure that it is returned to the administrative sergeant or designee.

The administrative sergeant or designee is responsible for maintaining and scheduling ride-alongs.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Ride-Along Policy

408.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:

- (a) The ride-along will follow the directions of the deputy
- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any sheriff's equipment
- (c) The ride-along may terminate the ride at any time and the deputy may return the observer to their home or to the station if the ride-along interferes with the performance of the deputy's duties
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety
- (e) Deputies will not allow any ride-alongs to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen
- (f) When entering a private residence, the deputy should identify the ride along as a citizen observer to the resident.

Hazardous Material Response

409.1 PURPOSE AND SCOPE

Exposure to hazardous materials presents potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities. To comply with 8 CCR § 5194, the following is to be the policy of this department.

409.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material – A substance which, by its nature, containment, or reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

409.2 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When members come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest, or statements from the person transporting).
- (b) Notify the fire department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- (e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- (f) Notify the Department of Toxic Substances Control. This is mandatory when a deputy comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety Code § 79355).

409.3 REPORTING EXPOSURE

Department members who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an employee memorandum that shall be forwarded via chain of command to the Watch Commander as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Hazardous Material Response

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report as applicable.

409.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that a member has been exposed to a hazardous material, the supervisor shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of members, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the fire department.

Tactical Negotiations Unit (TNU) Activation

410.1 PURPOSE AND SCOPE

The Tactical Negotiations Unit (TNU) provides a team of highly trained individuals capable of responding to critical incidents involving persons who are in crisis, suicidal, barricaded, or engaged in hostage taking or terrorism activities. The objective of the unit is to resolve incidents peacefully where possible through the application of skilled negotiation techniques. Because of the need to alert and quickly place a team of negotiators at the scene of a critical incident, any sworn member of the department may initiate a request for TNU by contacting the watch commander. Authorization to actually activate the teams rests with the watch commander.

410.1.1 PROCEDURE

1. The watch commander shall activate TNU under the following circumstances:
 - (a) Any incident involving the taking of hostages.
 - (b) Armed barricaded suspect(s).
 - (c) Any other situation where SWAT has been deployed.
2. At his or her discretion, the watch commander may activate TNU for:
 - (a) Suicidal or emotionally disturbed subjects who present a potential for harm to themselves or others.
 - (b) Any other incident the watch commander may deem appropriate.

Once the necessity to activate TNU has been determined, the watch commander shall notify the TNU captain, or in the absence of the captain, a team sergeant. At the time of the notification, the watch commander should provide the following information:

- The nature of the incident, including information regarding weapons/explosives believed to be possessed by any involved party.
- A description of the location (e.g. industrial area, residential area, open terrain, etc.).
- The address and exact location of the command post and the name of the incident commander.
- The best or designated route to the command post without driving past the suspect's location.
- The radio frequency of the operation.
- Any available information of the involved parties.

In coordination with the SWAT captain, TNU personnel may assist with or stage at a designated location during the execution of high-risk arrest or search warrants. In such cases the SWAT captain shall coordinate the response with the TNU captain. TNU shall be activated with a SWAT response in situations where use of negotiators may facilitate a successful resolution and patrol

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Tactical Negotiations Unit (TNU) Activation

resources are sufficient to manage the scene (i.e. emotionally distraught individuals who are clearly unarmed and do not pose a threat to the public or law enforcement).

410.2 DEPLOYMENT

Due to the critical importance of negotiations it is desirable they be initiated as soon as practical. Many times patrol personnel will have already initiated negotiations prior to the activation of TNU. At the discretion of the incident commander any TNU member may begin or take over the negotiation process prior to the arrival of other team members.

Upon arrival at the scene, the TNU captain shall report to the incident commander for an updated briefing. The incident commander shall assign a mission to the TNU and request them to deploy.

The incident commander is in control of the operation.

Because TNU is trained in a variety of methods and tactics that may not be universally known to all supervisory/management members of the department, the TNU captain shall select the appropriate negotiations strategies to be employed.

Because crisis negotiations require mental concentration and active listening skills it is important to limit personnel in and around the negotiations operations center (NOC). Only those individuals directly involved with negotiations should be permitted in the immediate area of the NOC.

410.3 REQUEST BY OUTSIDE AGENCIES

It is the policy of the department to assist another agency in time of need provided the agency has made a reasonable, independent effort to resolve the incident.

All requests for TNU made by outside agencies may be made during normal business hours by contacting the Sheriff's Office, any division assistant sheriff, TNU administrative commander, or the watch commander. After hour requests for TNU can be made through the watch commander. The watch commander shall notify his or her division assistant sheriff whenever TNU is requested by or activated pursuant to a request made by an outside agency.

Upon requesting assistance from Sheriff's TNU, the representative of the requesting agency shall be informed of the following:

- (a) Each request for assistance from Sheriff's TNU must be made by the chief executive officer of the requesting agency (i.e. Chief of Police, Sheriff, Director, etc.) or a designee.
- (b) The Operations Assistant Sheriff, or designee, must approve each request.
- (c) Upon authorized approval, TNU will assist requesting agencies on either a primary or secondary basis.

Primary Assistance- The Sheriff's TNU shall assume the primary role for negotiations. The team leader, primary and secondary negotiators, and scribe positions shall be limited to members of the Ventura County Sheriff's Office TNU. TNU will respond to the scene of an incident where the TNU captain will consult with the requesting agency's on-scene supervisor. Should agreement

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Tactical Negotiations Unit (TNU) Activation

regarding negotiating strategy not be reached, the TNU captain will decline to provide primary assistance and offer to provide secondary assistance.

Secondary Assistance- Sheriff's TNU will assume a support role to the requesting agency's negotiating team. The requesting agency will retain complete operational responsibility and control of the incident. The TNU captain and contingent of negotiators will respond to the scene of the incident and coordinate with and accept assignments from the incident commander of the requesting agency. The integrity of the Sheriff's TNU will remain intact and under the direct supervision and control of the TNU captain.

Any agency requesting Sheriff's TNU respond to an incident within the jurisdictional boundaries of such agency shall be responsible for the following:

- (a) Command Post Negotiations Operating Center (NOC) and sufficient security for the NOC.
- (b) Assigned media area and PIO.
- (c) Initial intelligence information relative to the incident.
- (d) Providing appropriate and reasonable sustenance (food,drinks,restrooms) for protracted events.

The requesting agency will assign a sworn law enforcement liaison to the NOC throughout the duration of the event.

Response to Bomb Calls and Found Explosives

411.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Ventura County Sheriff's Office in the response and handling of incidents involving:

- (a) Bomb Threats
- (b) Suspected or actual Improvised Explosive Devices (I.E.D.'s)
- (c) Explosives
- (d) Military Ordnance
- (e) Incidents involving an explosion or an intentional bombing
- (f) The handling of fireworks and professional pyrotechnics

Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety of all involved should always be the primary concern. When unsure, patrol personnel always have the ability to seek additional clarification from Bomb Squad members.

411.2 POLICY

It is the policy of the Ventura County Sheriff's Office to place a higher priority on the safety of the first responders and the public over damage to public or private property.

All suspected explosives and/or explosive devices shall be handled ONLY by the Sheriff's Bomb and Arson Unit. This does not include the handling of fireworks and/or commercial explosive powders used in loading/reloading of ammunition.

411.3 RECEIPT OF A BOMB THREAT AND RESPONSE TO A BOMB RELATED CALL

411.3.1 CALL-TAKER RESPONSIBILITIES

- A. Upon receipt of a bomb threat, the call-taker will attempt to keep the caller on the line and obtain as much additional information as possible by asking the following questions (listed in order of importance)
 1. When is the bomb going to explode?
 2. Where is the bomb right now?
 3. What does the bomb look like?
 4. What kind of bomb is it?
 5. What will cause the bomb to explode?
 6. Did you place the bomb?
 7. Why did you do this?
 8. Is there more than one bomb?

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Response to Bomb Calls and Found Explosives

9. What is your name and/or your group's name?
- B. The call-taker should note varying characteristics, such as the caller's voice, the caller's mood and any background noises that may be detected.
- C. The call-taker will generate a call for service and promptly forward the call to the dispatcher.
- D. The call-taker should then ensure the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that appropriate personnel are dispatched. When appropriate, the Watch Commander can provide advanced warning to the threatened location.
- E. In any event a call-taker is involved in the report of a suspicious package, improvised explosive device or any other object thought to contain explosives, the call-taker should inform the reporting party that all persons who have direct knowledge of the device be kept in a safe area away from the device. This is to ensure that Bomb Squad personnel can have direct contact with them upon their arrival and have access to the best possible source of information.

411.3.2 RESPONDING DEPUTY(S) RESPONSIBILITIES

- A. Any deputy answering a bomb call, bomb threat call, report of a suspicious package or item thought to contain explosives or a destructive device (as defined in 16460(a) PC) shall turn off and suspend the use of any wireless communication device within 500 feet of the location. Wireless communication devices include: Patrol radios, in-vehicle computers, body-worn cameras, personal smart wearables such as watches, glasses, or rings that are capable of sending or receiving data, and any other handheld wireless devices. Any phone calls made while inside the 500 foot perimeter should be made via landline. Cellular telephones should be placed in "Airplane Mode" so they can be used to take photographs if the need arises. Should an emergency situation arise where communication is immediately necessary, on-scene personnel can consider using their cellular telephones. When confronted with an immediate threat, such as an active bomber, patrol radios are also an option, but should only be considered as a last resort when the safety of personnel and public are in jeopardy. Body-worn cameras should only be activated after the scene has been deemed safe.
- B. In the case of a "bomb threat" ONLY, the deputy will conduct an investigation and determine if a search should be made, the deputy will provide assistance to the person in charge of the premises. This assistance can include what to look for and how to safely conduct the search. Should the deputy feel it necessary, additional personnel can be summoned to facilitate the search of the premises.
 1. Prior to a search being conducted or in the event that NO suspected device or suspicious package is located after a search, the decision to evacuate a building, school or area is the responsibility of:
 - (a) The owner, tenant or other person in charge if a private building is involved.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Response to Bomb Calls and Found Explosives

- (b) The school principal or authorized representative if a school is involved.
 - (c) The department head or authorized representative if a public building is involved.
- C. If at any time a suspicious package, improvised explosive device or any other object thought to contain explosives is found, the deputy SHALL NOT touch or disturb the item in any way. Should a deputy be in possession of a cellular telephone in "Airplane Mode" and if time and safety concerns warrant such action, a photograph may be taken by the deputy prior to clearing the area and facilitating an evacuation.
- D. In any case where a suspicious package, improvised explosive device or any other object thought to contain explosives is found, patrol personnel on scene shall initiate an evacuation of the area. The primary deputy will notify the Watch Commander of the circumstances as soon as practical, keeping in mind the communication standards previously stated in this policy.
 - 1. The information provided to the Watch Commander should include:
 - (a) The exact location of the device.
 - (b) A detailed description of the device and the potential or anticipated danger area based on the size/shape of the device.
 - (c) The intended area to be evacuated.
 - (d) It is important to provide as much detailed information as possible so that Bomb Squad personnel can properly respond to the event.
- E. Deputies at the scene should ensure that all persons who have direct knowledge of the device be kept in one area so that Bomb Squad personnel can have direct contact with them upon their arrival.
- F. Upon being notified that a suspicious package, improvised explosive device or any other object thought to contain explosives exists, the Watch Commander shall notify the on-call representative of the Bomb Squad to inform them of the situation.
- G. The deputy(s) on scene will make every attempt to establish and secure a 500 foot perimeter by evacuating the area and keeping all persons behind cover at a safe distance. In some cases when a complete evacuation is not feasible due to the environment or the size of the building, the deputy has the discretion to instruct persons to "shelter in place." The decision to do so should only be made after taking into consideration the size of the suspected device and the possible damage caused should the device detonate

411.4 BOMB THREATS OR RESPONSE TO A BOMB RELATED CALL INVOLVING U.S. GOVERNMENT FACILITIES AND/OR PROPERTY

A bomb threat or bomb related call involving or targeting a U.S. Government facility may require a different response based on the governmental agency and the type of facility involved. In some cases, the building or office space is not specifically identified as a U.S. Government facility. However, any building containing U.S. Government employees, or an office space

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Response to Bomb Calls and Found Explosives

occupied by U.S. Government employees within a building, is the jurisdiction of the Federal Government. Although each governmental agency may have slightly different protocols, typically these protocols will incorporate the response of local law enforcement. This response will most likely be in conjunction with a response from the Federal Bureau of Investigation (F.B.I.), who has investigative oversight in all situations involving federal buildings and employees. Typical protocol for U.S. government employees involved with the bomb threat or bomb related call would be to report the situation to local law enforcement via normal 911 procedures. Should the assistance of the Sheriff's Office be requested via 911, any assistance provided will be for the primary purpose of protecting the safety of all involved. In addition, government employees will most likely report the situation to the F.B.I. via their 24-hour Operations and Communications Center.

Bomb threats received by Sheriff's Office personnel specifically targeting a military installation within the County of Ventura will be handled the same as any other bomb threat. This information will immediately be forwarded to the military police or security responsible for the installation.

Ventura County Sheriff's Office bomb technicians work closely with F.B.I. Special Agent Bomb Technicians on a regular basis and can be utilized by the Watch Commander at any time to establish a line of communication should one be necessary.

411.5 RESPONDING TO AN EXPLOSION OR BOMBING INCIDENT

When an explosion or bombing has occurred, there are numerous considerations to be made by responding deputies. A rapid response by patrol personnel is the key to minimizing further injuries to those involved and the contamination of the crime scene by gathering crowds. Whether the explosion was an accident or a result of a criminal act, it is imperative that patrol personnel be aware of, and consider, many things.

- (a) Prior to arrival, patrol personnel should be aware of where they park and consider the possibility of additional devices positioned to cause harm to first responders upon their arrival to the scene.
- (b) Once on scene and in an effort to establish a "safe area", a thorough search of the surrounding area for additional devices **MUST** be made. If any devices are found, their location should be noted and the search should continue in case there are more devices present.
- (c) While conducting a search for additional devices patrol personnel should be evaluating the area and taking additional precautions to mitigate scene hazards such as collapsed structures or hazardous materials.
- (d) Patrol personnel should then establish a specific safe location for first responders to stage, as well as enter and exit the affected area. This will ensure first responders are working in a safe area and the crime scene is preserved.
- (e) Patrol personnel should then assess the scope of the incident and establish how many are injured and the extent of their injuries. This information should be passed on to the Watch Commander and responding personnel so that appropriate resources are submitted.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Response to Bomb Calls and Found Explosives

411.7 COMMERCIAL FIREWORKS AND EXPLOSIVE POWDERS

During the course of normal duties, patrol personnel have the potential of encountering varying types of commercial fireworks. Commercial fireworks have labeling and warnings that would be typical of something mass produced for sale to the public. ALL fireworks are to be handled with care. "Safe and Sane" fireworks are clearly marked as such and they should be booked into the designated location that exists at each station. The handling of Safe and Sane fireworks should include ensuring they are kept away from any heat source or open flame.

All fireworks that do not have Safe and Sane marking are considered "Dangerous Fireworks" per Health and Safety Code 12505. Simply stated, Dangerous Fireworks are devices that explode, rise in the air, or move along the ground. As a rule, firecrackers (commonly known as a "Black Cat") and anything larger are considered Dangerous Fireworks. When patrol personnel encounter Dangerous Fireworks, extreme care should be taken and they should be kept away from any heat source or open flame. When Dangerous Fireworks (commonly known as an "M-80") or smaller are encountered, the Dangerous Fireworks can be treated the same as Safe and Sane fireworks and booked into the designated location that exists at each station.

When patrol personnel encounter any dangerous firework that is larger than what was previously described; the patrol deputy shall contact their supervisor to determine the safest course of action. Deputies and supervisors should consider the size and amount of Dangerous Fireworks when assessing the situation. Should there be any concern, that concern should be conveyed to the Watch Commander so that on-call Bomb Squad personnel can be contacted for guidance or response. Keep in mind, any modified firework is considered a Destructive Device (16460 P.C.).

In the event patrol personnel encounter a person in possession of chemicals used in the manufacturing of fireworks or explosive powders, Bomb Squad personnel should be contacted. This does not include the lawful possession of commercial explosive powders already mixed and commercially sold for the use in loading/reloading of ammunition.

411.7 MUTUAL AID ASSISTANCE

The Ventura County Sheriff's Bomb Squad is responsible for the handling of all suspected explosives and/or explosive devices within the County of Ventura. As such, other law enforcement agencies within the County of Ventura can request the assistance of the Sheriff's Bomb Squad.

1. The Watch Commander shall be notified when the Sheriff's Office assistance is requested.
2. Should the Watch Commander determine assistance will be rendered, he/she will contact the on-duty Bomb Technician to determine the following:
 - (a) The plan for providing assistance.
 - (b) The appropriate level of assistance.
 - (c) The need for additional resources (e.g. Fire, Medical or HazMat).
3. The Watch Commander will then provide a point of contact so the on-duty Bomb Technician can contact an on-scene supervisor to further coordinate the response.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Response to Bomb Calls and Found Explosives

4. At the end of an incident, a member of the Sheriff's Bomb Squad will contact the Watch Commander and provide a description of the assistance provided and the final disposition.

Mental Illness Commitments / Crisis Intervention Team

412.1 PURPOSE AND SCOPE

This procedure describes a deputy's duties when a person is to be committed to a mental health unit pursuant to Welfare and Institutions Code § 5150. The commitment of a person under § 5150 does not constitute an arrest. If a deputy believes that a person falls within the provisions of Welfare and Institutions Code § 5150, he/she shall transport that person to the designated facility for evaluation and commitment.

412.2 AUTHORITY

Pursuant to Welfare and Institution Code § 5150 when any person, as a result of mental health disorder, is a danger to others, or to himself or herself, or gravely disabled, a peace officer, or other individual authorized by statute may, upon probable cause, take, or cause to be taken, the person into custody and place him or her in a facility designated by the county and approved by the State Department of Mental Health as a facility for treatment and evaluation up to 72 hours.

Such facility shall require an application in writing stating the circumstances under which the person's condition was called to the attention of the deputy, or other individual authorized by statute has probable cause to believe that the person is, as a result of mental health disorder, a danger to others, or to himself or herself, or gravely disabled. If the probable cause is based on the statement of a person other than the deputy, or other individual authorized by statute, such person shall be informed that they may be liable in a civil action for intentionally giving a statement which he or she knows to be false.

412.3 DEPUTY CONSIDERATIONS AND RESPONSIBILITIES

A deputy having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the deputy believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, deputies are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) An individual who is providing or has provided mental health treatment or related support services to the person
- (b) A family member
- (c) The person subject to the determination or anyone designated by the person

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Mental Illness Commitments / Crisis Intervention Team

412.3.1 VOLUNTARY EVALUATION

If a deputy encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the deputies should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
- (b) If at any point the person changes his/her mind regarding voluntary evaluation, deputies should proceed with the 5150 commitment, if appropriate.
- (c) Document the circumstances surrounding the person's desire to pursue voluntary evaluation and/or admission.

412.3.2 MENTAL HEALTH DOCUMENTATION

When a person is detained and meets criteria the deputy will complete an Application for 72-Hour Detention for Evaluation and Treatment Form (MH-302 DHCS 1801) and provide it to the staff member assigned to that patient. The deputy will retain a copy of the 72-hour evaluation for inclusion in the case report. The deputy shall also provide a verbal summary to an emergency department staff member regarding the circumstances leading to the involuntary detention. The deputy will complete a CIT card using iCop and complete an Incident Report.

412.3.3 SECURING OF WEAPONS

If a receiving and secured facility prohibits weapons or if an extraordinary event occurs in the treatment facility and deputies determine a need to secure their firearms, the firearm shall be secured in the appropriate gun locker at the facility or in the sheriff's unit.

412.4 MENTAL HEALTH DISORDER PERSON CHARGED WITH A CRIME

When practical, any person charged with a crime who also appears to have a mental health disorder shall be booked at the Pre Trial Detention Facility.

412.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the deputy shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The deputy taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the deputy shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

412.5 CONFISCATION OF FIREARMS AND OTHER WEAPONS

Whenever a person has been detained or apprehended for examination pursuant to Welfare and Institutions Code § 5150, the handling deputy shall seek to determine if the person owns or has access to any firearm or other deadly weapon. Any such firearm or other deadly weapon shall be confiscated in a manner consistent with current search and seizure law (Welfare and Institutions Code § 8102(a)).

Deputies are cautioned that a search warrant may be needed before entering a residence or other place to search unless lawful, warrantless entry has already been made (e.g., exigent circumstances, valid consent) (Penal Code § 1524).

For purposes of this section, deadly weapon means any weapon, the possession of which or carrying while concealed, is prohibited by Penal Code § 19100; 21310.

The deputy taking custody of any firearm or other deadly weapon shall issue the individual possessing such weapon a receipt, fully describing the weapon (including any serial number) and indicating the location where the weapon may be recovered, along with any applicable time limit for recovery (Penal Code § 33800).

The handling deputy shall further advise the person of the below described procedure for the return of any firearm or other deadly weapon that has been confiscated (Welfare and Institutions Code § 8102(a)). For purposes of this section deadly weapon means any weapon that the possession of or carrying while concealed is prohibited by Penal Code § 19100; 21310.

412.5.1 RETURN OF CONFISCATED FIREARMS AND WEAPONS

- (a) Whenever the handling deputy has cause to believe that the future return of any confiscated weapon(s) might endanger the person or others, the deputy shall detail those facts and circumstances in a report. The report shall be forwarded to the Detective Bureau which shall be responsible for initiating a petition to the superior court for a hearing in accordance with Welfare and Institutions Code § 8102(b), to determine whether or not the weapon(s) will be returned.
- (b) The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon(s) have been confiscated unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the department shall send written notice to the individual informing him or her of the right to a hearing on the issue and that he or she has 30 days to confirm with the court clerk any desire for a hearing and that failure to do so will result in the forfeiture of any confiscated weapon(s).
- (c) If no petition is initiated within the above period, the department shall make the weapon(s) available for return in accordance with subsection (d) below. If the person does not confirm a desire for a hearing within the prescribed 30 days, the department may file a petition for an order of default.

- (d) Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice.
- (e) In no case in which a firearm or other deadly weapon is not retained as evidence shall the department be required to retain such firearms or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 12021.3(g)).

412.6 TRAINING

As a part of advanced officer training programs, the Ventura County Sheriff's Office will endeavor to include POST approved training on interaction with persons with a mental health disorder as provided by Penal Code § 13515.25.

412.6.1 CRISIS INTERVENTION TEAM ACTIVATION

The Ventura County Sheriff's Office and other County law enforcement agencies utilize Crisis Intervention Team (CIT) members in calls for service involving persons with a known or suspected mental health disorder when circumstances are appropriate.

A. Procedure

- 1. Criteria for CIT deployment
 - (a) Suicidal or emotionally disturbed subjects in crisis who present a potential for harm to themselves or others
 - (b) Any other incidents the Watch Commander may deem appropriate.
- 2. CIT members may also respond to dispatched calls within their patrol jurisdiction when they recognize the need and have notified SCC.
- 3. Any member of the Department may initiate a request for a CIT member by contacting SCC.

B. Call-Taker and Dispatcher

- 1. On all calls involving persons with a known or suspected mental health disorder in crisis or involved in a disturbance, where a CIT member is the primary unit, dispatchers will use the following criteria when creating a call for service:
 - (a) Mental health disorder illness has precipitated a response by law enforcement officers.
 - (b) Crisis related calls where individuals pose a risk to themselves or others, or who are in psychological or emotional crisis.

C. Call-Taker Procedure

- 1. The dispatcher will update the call with supplemental information indicating that a CIT member is needed.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Mental Illness Commitments / Crisis Intervention Team

2. The dispatcher will assign a CIT member to the call. If no CIT member is available in that jurisdiction, the nearest available CIT member from an adjoining jurisdiction will be requested by the Watch Commander. If no CIT member is available, the dispatcher will assign non-CIT personnel.
 3. The call taker or dispatcher is responsible for entering CIT in the call narrative as soon as it appears as though it is a CIT-related incident.
- D. CIT Personnel Response
1. CIT members that respond outside their jurisdiction are responsible for CIT-related issues only. Officers in the requesting jurisdiction shall be responsible for the initial report and investigation.
 2. Functional supervision of the CIT member rests with the supervisor in the requesting jurisdiction.
 3. If a mentally ill individual is a victim of a crime, a non-CIT member has the discretion to request a CIT member to respond to assist.
 4. CIT members are responsible for completing a CIT card (using iCop) for each contact.

Any contact with a person with a mental health disorder requires completion of a CIT card (using iCop), whether or not CIT members respond.

412.6.2 CIT V.O.I.C.E ACTIVATION

The Ventura County Sheriff's Office utilizes Crisis Intervention Team (CIT) members in calls for service involving persons with a known or suspected mental health disorder. The Ventura County Sheriff's Office recognizes as well that veterans of our military often suffer from mental health issues related to their service such as Post Traumatic Stress Disorder (PTSD). Because of this, CIT has specially trained deputies who are veterans of the United States military, and when feasible, they are utilized when the person in crisis is a veteran. This collateral assignment within CIT is called V.O.I.C.E. (Veteran's Outreach In Crisis Events)

- A. Procedure
1. Criteria for VOICE deployment
 - (a) Suicidal or emotionally disturbed subjects in crisis who present a potential for harm to themselves or others and is a veteran of the military.
 - (b) Any other incidents the Watch Commander may deem appropriate where a VOICE trained deputy may be available.
 2. Any member of the Sheriff's Office may initiate a request for a VOICE member by contacting SCC or the Watch Commander.
- B. Dispatcher
1. On Calls involving persons with a known or suspected mental health disorder in crisis or involved in a disturbance and it is determined they are a veteran; dispatchers will use the following criteria when creating a call for service.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Mental Illness Commitments / Crisis Intervention Team

- (a) Crisis related calls where individuals pose a risk to themselves or others, or who are in psychological or emotional crisis and are veterans.
 - (b) Mental health disorder illness has precipitated a response by law enforcement officers
- C. Dispatcher Procedure
 1. The dispatcher will update the call with supplemental information indicating that a CIT-VOICE member is needed.
 2. The dispatcher will assign a VOICE member to the call if available and working. If no VOICE member is available in that jurisdiction, the nearest available VOICE member from an adjoining Sheriff's jurisdiction will be requested by the Watch Commander with call volume being taken into consideration. If no VOICE member is available, the dispatcher will assign a trained CIT deputy.
 3. The dispatcher is responsible for entering "VOICE" in the call narrative as soon as it appears as though it is a CIT-VOICE related incident.
- D. VOICE Personnel Response
 1. VOICE members that respond outside their jurisdiction are responsible for CIT-VOICE related issues only. Deputies in the requesting jurisdiction shall be responsible for the initial report and investigation, including any 5150 application.
 2. Functional supervision of the VOICE member rests with the supervisor in the requesting jurisdiction.
 3. If the person suffering from a mental health emergency is a victim of a crime, the primary unit has the discretion to request a VOICE member to respond to assist.
 4. VOICE members are responsible for completing a CIT card only (using iCop) for each contact.

Any contact with a person who suffers from a mental health disorder who is a veteran requires completion of a CIT card using iCop, whether or not a VOICE member responds.

If no VOICE member is working at the time a VOICE trained deputy is requested, then a CIT trained deputy will handle the call. At the conclusion of the call, the deputy will and send an email to the VOICE sergeant with the name and contact information of the veteran. The VOICE sergeant will delegate follow-up to a VOICE member. The follow-up will consist of communication between the veteran and the VOICE member to ensure a smooth transition to appropriate services.

Arrest or Detention of Foreign Nationals

413.1 PURPOSE AND SCOPE

Article 36 of the Vienna Convention on Consular Relations, sets forth certain rights of foreign nationals from member countries when arrested, detained or imprisoned by law enforcement officials in this country. This section provides direction to deputies when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate authorities to notify the consulate upon the person's detention, regardless of whether the detained person requests that his/her consulate be notified. The list of specific countries that the United States is obligated to notify is listed on the U.S. Department of State website: <https://travel.state.gov/content/travel/en/consularnotification>

413.1.1 DEFINITIONS

Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual-citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official "missions (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State's Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

413.2 ARREST OR DETENTION OF FOREIGN NATIONALS

Deputies should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity received from violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the deputy, and the deputy has verified or reasonably suspects that the claim of immunity is valid.

413.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Arrest or Detention of Foreign Nationals

- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

413.3.1 DIPLOMATIC AGENTS

Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities. Currently there are no diplomatic agents permanently assigned to California; but they do occasionally visit the state.

413.3.2 CONSULAR OFFICERS

Consular officers are the ranking members of consular posts who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul, and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court jurisdiction, and its validity is determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity, however, any family member who enjoys a higher level of immunity is issued an identification card by Department of State (DOS) enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

There are approximately 600 consular officers in California, with most located in Los Angeles, San Francisco and San Diego.

413.3.3 HONORARY CONSULS

Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Arrest or Detention of Foreign Nationals

on temporary assignment to the U.S.). Honorary consuls may be arrested and detained; limited immunity for official acts may be available as a subsequent defense. Family members have no immunity. There are less than 100 honorary consuls in California.

413.4 IDENTIFICATION

All diplomatic and consular personnel who are entitled to immunity are registered with the Department of State and are issued distinctive identification cards by the Department of State Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and, on the reverse side, a brief description of the bearer's immunity status. Unfortunately, these identification cards are not always promptly issued by the Department of State. In addition to the Department of State identification card, Foreign Service personnel should also have a driver license issued by the Department of State Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator's license issued by the state. Additionally they may have California credentials issued by the California Emergency Management Agency (Cal EMA).

413.4.1 VEHICLE REGISTRATION

Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with the Department of State OFM and display distinctive red, white, and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "diplomat" or "consul." Vehicles owned by honorary consuls are not issued OFM license plates; but may have California license plates with an "honorary consul" label. Driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state, if the deputy has reason to question the legitimate possession of the license plate.

413.5 DOCUMENTATION

All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

413.5.1 CITABLE OFFENSES

An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current Department of State guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the arresting deputy:

- (a) Identification documents are to be requested of the claimant
- (b) The title and country represented by the claimant are to be recorded on the back of the deputy's copy of the Notice to Appear for later reference. Do not include on the face of the notice to appear

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Arrest or Detention of Foreign Nationals

- (c) The claimant shall be requested to sign the notice to appear. If the claimant refuses, the identity and immunity status of the individual shall be conclusively established
- (d) Verified diplomatic agents and consular officers, including staff and family members from countries with which the U.S. has special agreements, are not required to sign the Notice to Appear. The word "Refused shall be entered in the signature box, and the violator shall be released
- (e) Verified consular staff members, excluding those from countries with which the U.S. has special agreements, are generally obligated to sign the Notice to Appear, but a signature shall not be required if their immunity status is uncertain
- (f) All other claimants are subject to the provisions of Vehicle Code § 40302(b) and policy and procedures outlined in this chapter
- (g) The violator shall be provided with the appropriate copy of the notice to appear

413.5.2 IN-CUSTODY ARRESTS

Diplomatic agents and consular officers are immune from arrest or detention (unless they have no identification and the detention is to verify their diplomatic status). Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined below in the DIPLOMATIC IMMUNITY TABLE.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim (unless restraint is necessary for the protection of the deputy or others.)

A supervisor shall be promptly notified and should respond to the scene when possible.

Field verification of the claimant's identity is to be attempted as follows:

- (a) Identification cards issued by the Department of State, Protocol Office, are the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered), and Official (green bordered), The Department of State identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.
- (b) Initiate telephone verification with the Department of State. Newly arrived members of diplomatic or consular missions may not yet have official Department of State identity documents. Verify immunity by telephone with the Department of State any time an individual claims immunity and cannot present satisfactory identification, the deputy has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Law enforcement personnel should use the following numbers in order of preference:

Members of diplomatic or consular missions also may have other forms of identification. These include identification cards issued by California Emergency Management Agency (Cal EMA), local law enforcement agencies, the foreign embassy, or consulate; driver licenses issued by Department of State; and, Department of State license indicia on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified, but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained then the official shall be released. A supervisor's approval for the release shall be obtained whenever possible. The necessary release documents and/or a Certificate of Release form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and obtained whenever possible, however, these tests cannot be compelled. The subject shall not be permitted to drive. A supervisor's approval for release shall be obtained whenever possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in a Driving Under the Influence (DUI) Arrest-Investigation Report, Arrest-Investigation Report and/or any other relevant Report form. Notwithstanding the field release of the subject, prosecution is still appropriate and

should be pursued by the command concerned. The Department of State will take appropriate sanctions against errant foreign service personnel, even where prosecution is not undertaken by the agency.

Notes for diplomatic immunity table:

- (a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.
- (b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.
- (c) A small number of senior officers are entitled to be treated identically to diplomatic agents.
- (d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.

413.6.1 VEHICLES

Vehicles, which are owned by subjects with full immunity, may not be searched, stored, or impounded without the owner's permission. (Such permission may be assumed if the vehicle has been stolen.) These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

413.6.2 REPORTS

Traffic Citation

- (a) Stopping a person who claims diplomatic immunity and issuing a traffic citation for a violation does not constitute an arrest or detention
- (b) As soon as possible, advise the watch commander and request verification with the U.S. Department of State.
 - 1. If the person does not have immunity, proceed normally, per department policy.
 - 2. If the person does have immunity, the watch commander will advise of any special procedures. Follow the instructions below for issuance of a citation.
- (c) If the individual has diplomatic immunity, the subject may not be compelled to sign the citation.
- (d) A copy of the citation and any other documentation regarding the incident should be faxed to the U.S. Department of State as soon as possible. Write "Diplomatic Immunity" across the top of the citation. The court liaison deputy will maintain the original and await instructions from the Department of State.
- (e) For offenses requiring an appearance, the U.S. Department of State will use the citation and any report as the basis for requesting an "express waiver of immunity".

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Arrest or Detention of Foreign Nationals

Individuals cited may be given the option of paying the fine or obtaining a waiver in order to contest the charge. The Department of State will advise our department of any actions necessary.

DUI INVESTIGATIONS

- (a) As soon as the watch commander has confirmed identity and status, a supervisor should be directed to the scene.
- (b) If appropriate, field sobriety exercises should be offered and the results fully documented. The taking of these exercises may not be compelled.
- (c) If a deputy determines the individual is too impaired to drive safely, the individual should not be allowed to continue to drive. The deputy should assure the individual that the principal concern is the safety of the public and the individual.
- (d) The person is not to be handcuffed, compelled to take field sobriety exercises, or placed in protective custody. The subject will not be placed in the police car unless they request to sit in the car. There are several options:
 - 1. A deputy, with the individual's permission, may take the individual to the station or other location where the individual may recover sufficiently to drive;
 - 2. A deputy may summon, or allow the individual to summon, a friend or relative to drive;
 - 3. A deputy may call a taxi for the individual;
 - 4. With the individual's permission, and when reasonable, a deputy may transport the individual to their destination in the police vehicle;
- (e) The property of an individual with diplomatic immunity, including their vehicle, is not subject to impound or seizure. The vehicle is also not subject to search unless deputies can articulate a need to prevent a danger to public safety or prevent a crime from occurring. The vehicle may be towed only the distance necessary to prevent it from endangering public safety or obstructing traffic.
- (f) As in all cases, document the incident per department policy. Write "Diplomatic Immunity" across the top of the reports. The court liaison deputy, or investigating detective, shall maintain the originals and await instructions from the Department of State. Copies of the reports and other documentation should be forwarded to the U.S. Department of State as soon as possible.

FOLLOW UP PROCEDURES

- (a) It is important that all reports and citations involving suspects with diplomatic immunity are marked, "DIPLOMATIC IMMUNITY" across the top. This notifies filing deputies and records personnel that court action cannot be initiated until we are notified by the U.S. Department of State that:
 - 1. A voluntary waiver has been obtained;
 - 2. A waiver has been enforced by the Department of State;
 - 3. A cooperative settlement/fine was achieved;

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Arrest or Detention of Foreign Nationals

- (b) Investigations of an incident involving a suspect who has diplomatic immunity may continue, but an arrest cannot be made without first contacting the U.S. Department of State and obtaining their direction and cooperation in suspending the immunity of the suspect. For additional information use the following website: <http://travel.state.gov/law/consular>

Traffic Collisions

Persons involved in traffic collisions who possess a Department of State OFM Diplomatic Driver License, issued by the DMVO, shall have "D" coded in the license "class" box of the Traffic Collision Report. The actual driver license class (e.g., 1, 2, 3, or A, B, C, M) shall be entered in the miscellaneous box on page two of the traffic report. If subsequent prosecution of the claimant is anticipated, the claimant's title, country, and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claim at the accident scene should be handled in accordance with the procedures specified in section 412.5 of this chapter.

413.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY

These policies and procedures apply to foreign nationals who do not claim diplomatic or consular immunity.

Deputies shall arrest foreign nationals only under the following circumstances:

- (a) There is a valid warrant issued for the person's arrest
- (b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law, or a local ordinance
- (c) Deputies shall not arrest foreign nationals solely for alleged undocumented entry into the U.S. unless the undocumented entry is committed in the deputy's presence

After a lawful detention or criminal arrest, deputies may detain foreign nationals solely for alleged undocumented presence in the U.S. if the U.S. Immigration and Customs Enforcement (ICE) is contacted and can respond to take custody within a reasonable time. Deputies shall not arrest foreign nationals for undocumented presence. Federal courts have consistently held that undocumented presence is not a crime but a federal civil violation only enforceable by federal officers.

- Deputies shall not stop or detain persons solely for determining immigration status.
- International treaty obligations provide for notification of foreign governments when foreign nationals are arrested or otherwise detained in the U.S.
- Whenever a deputy arrests and incarcerates a foreign national or detains a foreign national for investigation for over two hours, the deputy shall promptly advise the individual that he/she is entitled to have his/her government notified of the arrest or detention. (Penal Code § 834c). If the individual wants his/her government notified, the deputy shall begin the notification process.

Ventura County Sheriff's Office

Arrest or Detention of Foreign Nationals

413.7.1 ARREST PROCEDURE

Whenever a deputy physically arrests or detains an individual for criminal investigation and the deputy reasonably believes the person to be a foreign national, the deputy shall inquire to determine the person's citizenship.

This procedure applies to detentions of more than two hours. An inquiry is not required if the individual is detained less than two hours for criminal investigation.

If the individual indicates that he/she is other than a U.S. citizen, the deputy shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

If the individual requests such notification, the deputy shall contact the Communications Center as soon as practical and request the appropriate embassy/consulate be notified. Deputies shall provide the Communications Center with the following information concerning the individual:

- Country of citizenship
- Full name of individual, including paternal and maternal surname, if used
- Date of birth or age
- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention if different from the Department itself

If the individual claims citizenship of one of the countries for which notification of the consulate/embassy is mandatory, deputies shall provide the Communications Center with the information above as soon as practicable, regardless of whether the individual desires that the embassy/consulate be notified. This procedure is critical because of treaty obligations with the particular countries. The list of countries and jurisdictions that require notification can be found on the U.S. Department of State website.

413.7.2 DOCUMENTATION

Deputies shall document on the face page and in the narrative of the appropriate Arrest-Investigation Report the date and time SCC was notified of the foreign national's arrest/detention and his/her claimed nationality.

413.7.3 WATCH COMMANDER RESPONSIBILITIES

- (a) The watch commander will verify the status with the U.S. Department of State, or in the case of the U.N. community with the U.S. Mission to the United Nations.
- (b) Be prepared to inform the Department of State of the charges and nature of the incident.
- (c) The U.S. Department of State will advise the level of immunity the person has and what their actual status is, as well as the proper procedures to follow in dealing with the person. Each person's degree of diplomatic immunity is based on the position they

hold. Some persons are protected at all times, while others are only protected during the performance of official acts. In any case, the Department of State will provide very specific instructions on how to proceed.

1. If the person does have diplomatic immunity, notify field deputies of what procedures to follow and direct a field supervisor to respond to the location.
- (d) If the person does not have diplomatic immunity, field deputies will be directed to proceed with the contact as usual, per department policy.

Rapid Response and Deployment

414.1 PURPOSE AND SCOPE

Violence in schools, workplaces and other locations by any individual or group of individuals presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding deputies as they make decisions in these rapidly unfolding and tense situations. This agency understands that violence such as this can at times be preceded by threats of violence; this policy provides guidelines to assist deputies in evaluating threats to schools and other organizations in our communities.

414.2 POLICY

The Ventura County Sheriff's Office will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

414.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding deputies should consider reasonable options to reduce, prevent or eliminate the threat. Deputies must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, deputies should take immediate action, if reasonably practicable, while requesting additional assistance.

Deputies should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action deputies should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual deputy from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

414.3.1 RESPONSE TO SCHOOL THREATS

Upon receiving a threat or perceived threat from a school official that involves grades 6 to 12, deputies shall immediately investigate and conduct a threat assessment. The investigation shall include a review of the firearm registry of the California Department of Justice. A reasonable search of the school at issue shall be conducted when the search is justified by reasonable suspicion that it would produce evidence related to the threat or perceived threat (Education Code § 49394).

For purposes of this subsection a "threat" or "perceived threat" means any writing or action of a pupil that creates a reasonable suspicion that the pupil is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the pupil. It may also include a warning by a parent, pupil, or other individual (Education Code § 49390).

As with any investigation, deputies must use their investigative skills to identify relevant information not listed above that assists with evaluating the risk posed by the threat. In all cases where the threat involves the use of a weapon the deputy shall brief the patrol sergeant and the watch commander before clearing the call. The watch commander shall notify the station captain by phone of the circumstances concerning the threat.

It is the policy of the Ventura County Sheriff's Office that all members make personal and professional commitments to equal enforcement of the law and equal service to all members of the public regardless of their immigration status.

416.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or California constitutions.

416.4 ICE REQUESTS FOR ASSISTANCE

Deputies will not be involved in field level immigration enforcement.

Requests by ICE, or any other federal agency, for assistance from this department should be directed to the Watch Commander or Bureau Captain. The Department may provide available support services, such as traffic control or peacekeeping efforts, to ICE or other federal agencies.

U Visa and T Visa Nonimmigrant Status

417.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Ventura County Sheriff's Office for understanding the procedures to obtain an U Visa or T Visa.

417.2 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U Visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). A law enforcement certification for a U Visa may be completed by a deputy in order for a U Visa to be issued.

Similar immigration protection, known as a T Visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)). A law enforcement declaration for a T Visa may be completed by a deputy in order for a T Visa to be issued.

Any request for assistance in applying for U Visa or T Visa status should be forwarded in a timely manner to the Detective Bureau supervisor assigned to oversee the handling of any related case. The Detective Bureau supervisor shall:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner and forward such certification or declaration to Sheriff's Administration for the Sheriff's consideration and possible signature as the Certifying Official.
 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
 2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded that information, including the appropriate certification form, to Sheriff's Administration for consideration.
- (e) Sheriff's Administration shall notify the victim and/or victim's liaison of the final determination as to whether the request is approved or not.

417.2.1 TIME FRAMES FOR COMPLETION

Deputies and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for

Deputies and their supervisors shall complete the above process and the documents needed for a U Visa or T Visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 90 days of a request from the victim or victim's family related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within 14 days of the request.

BODY WORN CAMERA POLICY

418.1 PURPOSE AND SCOPE

To provide policy and procedure for the use of the body worn camera system (BWC) including both audio and video recording of field activity during official law enforcement duties.

The use of the body worn camera system provides documentary evidence for criminal investigations, internal or administrative investigations, and civil litigations. Deputies shall utilize this device in accordance with the provisions of this policy to maximize the effectiveness of the audio/video documentation to achieve operational objectives and to ensure evidence integrity.

Officer safety and public safety take precedence over recording events. Officer safety and the safety of the public shall be the primary considerations when contacting individuals, not the ability to record an event.

Unauthorized use, duplication, and/or distribution of digital evidence is prohibited. Personnel shall not make copies of any digital evidence for their personal use and are prohibited from using a recording device such as a phone camera or secondary video camera to record BWC files.

All recorded media, images and audio from the BWC are property of the Ventura County Sheriff's Office and shall not be copied, released, or disseminated in any form or manner outside the parameters of this policy without the expressed written consent of the Sheriff or his designee.

418.2 DEFINITIONS

Body Worn Camera (BWC) - A camera worn on an individual deputy's person that records and stores audio and video.

Buffering Mode or Standby Mode - The BWC is on but has not been activated to record both sound and video. While in the buffering mode, the camera will continuously record video only in 30 second loops.

Event Mode - When the Event button on the BWC is activated and the camera is recording both audio and video.

Digital Evidence - BWC files, including photographs, audio recordings and video footage, captured by a BWC and stored digitally.

Evidence Docking Station (EDS) - A portable multi-ported docking station installed at Sheriff patrol stations. The EDS recharges the BWC while uploading all digitally encrypted data from the device and transfers the data to Evidence.com.

Evidence.com - A digital evidence management service contracted for the Sheriff's Office and accessed at venturasheriffca.evidence.com. The service stores digitally encrypted data in a highly secure environment accessible to personnel approved by the Sheriff or his designee.

Metadata - Report numbers, names, and other descriptors used to identify digital evidence.

BODY WORN CAMERA POLICY

418.3 PROCEDURE

This policy is not intended to describe every possible situation where the use of a BWC may be appropriate. The policy also recognizes the rare instances in which there may not be enough time to activate a recording. However, BWC shall be used anytime there is a law enforcement related interaction with the public. The primary purpose of a recording is to capture police interactions with the public. When recording with a BWC, transparency requires video and sound to be continuous.

For any incident that requires a BWC recording, officers shall activate their recorder prior to making contact with the involved parties. For example, during a detention of a person, the BWC recorder shall be activated prior to contacting the subject and shall remain activated until the detention has concluded, unless a mitigating factor as described below in "When BWC Recording is Not Required" exists. Exception: Officers will separate interviews during a canvass by deactivating and reactivating the recorder in between interviews, unless a mitigating factor as described in "When BWC Recording is Not Required" exists.

Private Citizens do not have a reasonable expectation of privacy when talking with law enforcement during the scope of a deputy's official duties, even when the contact is in a private residence. When deputies are lawfully present in a home (warrant, consent, or exigent circumstances) in the course of official duties, there is no reasonable expectation of privacy. Therefore, deputies are not required to give notice that they are recording. However, if asked, deputies shall advise citizens they are being recorded.

- A. Deputies are not required to initiate or cease recording an event, situation, or circumstance solely at the demand of a citizen.
- B. Deputies are encouraged to advise private persons that they are recording if the advisement may gain compliance, assist in the investigation, and does not interfere with the investigation or officer safety.

It shall be deemed a violation of this policy for a deputy to fail to activate the device or intentionally terminate a recording in order to conceal a violation of law or policy.

418.3.1 WHEN BWC IS REQUIRED

There are many situations where the use of the BWC is appropriate. This policy is not intended to describe every possible circumstance. In addition to the required conditions, deputies should activate the system any time they feel its use would be appropriate and/or valuable to document an incident.

Unless it is unsafe or impractical to do so, or mechanical issues that impede the use of the device are present, deputies shall activate their BWC prior to making contact in any of the following incidents:

- A. During any law enforcement related contact or activity where there is a reasonable suspicion of criminal activity or a violation of law and investigative or enforcement action may be taken.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

418.3.2 NON-PATROL PERSONNEL

Non-patrol personnel, or those working in a plain clothes capacity, that have been assigned a BWC or have it available for their specific use, shall activate BWC during pre-planned enforcement encounters such as search warrants, probation searches, gang enforcement, etc., unless a supervisor approves otherwise for tactical or other articulatable reasons.

418.3.3 WHEN BWC RECORDING IS NOT REQUIRED

The BWC shall not be used to record non work-related activity and should generally not be activated in places where a reasonable expectation of privacy exists, such as locker rooms, dressing rooms, or restrooms.

- A. Deputies shall not use the BWC recording functions to record any personal conversation of or between another employee without the knowledge or permission of that employee.

- J. Other places where individuals unrelated to the investigation are present and would have a reasonable expectation of privacy.
- K. The monitoring of persons based solely upon the person's political or religious beliefs or upon the exercise of the person's constitutional rights to freedom of speech and religious expression, petition and assembly under the United States and California Constitutions, or because of the content or viewpoint of the person's protected speech is prohibited.

418.5 RESPONSIBILITIES

All citizens shall aid the sheriff when required."

420.2.1 DEFINITIONS

Abandoned:

Any vessel that is found on the coast without a lawful operator or owner.

Coast:

The coast refers to the entire area from the Santa Barbara County line to the Los Angeles County line where land abuts the ocean. The department is responsible for the entire area including coastal areas falling within the boundaries of incorporated cities and military installations.

Salvage:

Salvage generally refers to the process related to the recovery of the vessel and its contents along with the receipt of compensation for recovery costs.

Surrendered:

When a vessel owner relinquishes all property interest in the vessel and its contents to the Sheriff's Office or other authorized public agency.

Vessel:

"Includes ships of all kinds, steamboats, steamships, canal boats, barges, sailing vessels, and every structure adapted to be navigated from place to place for the transportation of merchandise or persons." (Harbors and Navigations Code section 21). This definition encompasses virtually all structures intended for navigation on the water from a small rowboat to a large ship.

The Sheriff is charged with attempting to secure a vessel and items of value that wash ashore. Generally, it is the department's responsibility to salvage or assist in the salvage of all vessels stranded on the Ventura County coast. This is true even if the owner of the vessel initially assumes responsibility and later is unable to complete the salvage process, surrendering the vessel and contents. There may be times when it is not feasible, too dangerous, or pointless to salvage a vessel. Factors to consider are as follows:

Ventura County Sheriff's Office

Ventura County SO Policy Manual

STRANDED VESSELS

- (a) Type of vessel
- (b) Type of cargo
- (c) Weather or other conditions too hazardous for salvage
- (d) Vessel is of little or no value
- (e) Potential salvage cost exceeds the vessel's apparent value.

All decisions not to salvage a stranded vessel will be made by the watch commander.

Normally, all that is required in the salvage process is that the responding deputies arrange for the appropriate service to secure the vessel (i.e., a private tow company when secured from land, or a vessel towing company when secured from the water). The primary vessel towing company in this county is Vessel Assist (1-800-367-8222). The Harbor Patrol, although not specifically tasked with vessel salvage, may serve as an additional resource for department personnel in handling these matters. The emergency phone number is (805) 382-3000.

Whenever Sheriff's Office resources are used for salvage operations, refer to California Harbors and Navigations Code, sections 510-527, and 530, and/or the assistance of County Counsel.

420.3 PROCEDURE

- (a) Upon receipt of information of a stranded vessel, deputies shall provide aid and assistance to any persons on board. If necessary, requests can be made through the SCC for the fire department, Sheriff's Aviation Unit and/or Search and Rescue Team, and/or other resources as needed.
- (b) Attempt to locate and/or notify the owner of the vessel.
 1. If the owner is located and they do not wish to surrender the vessel, the owner must make arrangements for the salvaging of the vessel, and will be responsible for the vessel, property and costs of recovery.
 2. If the owner wishes to surrender the vessel, or the vessel is abandoned the Sheriff's Office will assume authority over the vessel and property until the arrival of the salvage company. Once the vessel has been surrendered or abandoned its contents are the property of the County of Ventura and the owner no longer has authority to reclaim property or the vessel, without contacting the County of Ventura Purchasing to resolve outstanding fees.
 3. Once the salvage company has arrived, signed the CHP 180 form or been identified for the incident report, and there is no longer an immediate hazard to life or property- besides the stranded vessel- and with the approval of the watch commander the Sheriff's Office resources may be released from the scene.
- (c) If the salvage process involves more than facilitating the response of the appropriate private salvage company, the watch commander, or station captain will determine how to proceed with the salvage operation.
 1. There are two military installations on the Ventura County coastline, located at Point Mugu and Port Hueneme. In all cases of stranded vessels on military property, deputies shall obtain authorization prior to entering and coordinate all

Ventura County Sheriff's Office

STRANDED VESSELS

actions with appropriate military personnel. Any conflicts or problems that arise will be handled through the watch commander, or station captain.

420.3.1 REPORTING PROCEDURES

- (a) A CHP 180 form will be completed on all vessels that are reported stolen, recovered, embezzled or abandoned. (Refer to report writing manual on how to complete the form.) Where feasible property and cargo should be inventoried and noted on the report.
- (b) All other stranded vessel incidents in which the department has rendered assistance shall require an incident report, including:
 1. When there is death or injury to passengers or crew members (non-crime related).
 2. When it is likely the incident will require later departmental action or investigation of either a criminal or non-criminal nature (e.g., suspicious circumstances surrounding incident, substantial utilization of resources during salvage or rescue operations.)
 3. The incident may involve civil liability to a public entity.

Checklist for watch commanders:

- Respond appropriate resources to manage the initial call for service.
- Determine if the vessel owner can be located.
- Determine the vessel owner's course of action. If the vessel is abandoned and the vessel/cargo are an immediate danger to the public, initiate vessel salvage operations.
- If the vessel is not a danger then refer the incident to the station captain for further administrative handling.
- Maintain security on the vessel and cargo until salvaging operations are on scene.

Checklist for station captains:

- Is the vessel or its contents salvageable?
- Has the owner been identified and assumed control over the salvage operation.
- Maintain security, private or departmental, until a salvage company has been contracted and taken control of the vessel.
- If the owner has not been located and the vessel is salvageable contact County of Ventura Purchasing in order to facilitate a contract with a salvage company.
- Ensure that all documentation, including personnel resources are documented for possible civil recovery. Contact the District Attorney's Office to file appropriate criminal charges.

Field Training Officer Program

421.1 PURPOSE AND SCOPE

The Field Training Program (FTP) is intended to provide a standardized program to facilitate the deputy's transition from the detention setting to the actual performance of general law enforcement duties of the Ventura County Sheriff's Office.

It is the policy of this department to assign the sheriff's deputies to a structured Field Training Officer Program that is designed to prepare the deputy to perform in a patrol assignment, while possessing all skills needed to operate in a safe, productive, and professional manner.

The East County Patrol Operation's captain is the designated field training manager and as such will ensure that the FTP meets department policies, and the standards of the Commission on Peace Officer Standards and Training (P.O.S.T.).

421.2 FIELD TRAINING OFFICER - SELECTION AND TRAINING

The FTP Committee includes a field training coordinator from each patrol station and the field training manager. The committee will meet at the direction of the field training manager. The committee has responsibility for:

1. Reviewing and updating the field training manual and the field training policy and procedures as needed. The field training manager will ensure the manual and field training policy and procedures reflects department policies, and the standards of P.O.S.T.
2. Selecting senior deputies and deputies to be trained as Field Training Officers (FTO) as described in the P.O.S.T. Standards.
3. Coordinating the scheduling of the P.O.S.T. 40 hour FTO basic course with the Ventura County Criminal Justice Training Center.
4. Coordinating the scheduling of the P.O.S.T FTO update course with the Ventura County Criminal Justice Training Center.

421.2.1 SELECTION PROCESS

FTOs will be selected based on the following requirements:

- (a) Desire to be an FTO
- (b) Minimum of four years of patrol experience, two of which shall be with this department
- (c) Demonstrated ability as a positive role model
- (d) Participate and pass an internal oral interview selection process
- (e) Evaluation by supervisors and current FTOs
- (f) Possess a POST Basic certificate

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Field Training Officer Program

421.2.2 TRAINING

A deputy selected as a Field Training Officer shall successfully complete a POST certified (40-hour) Field Training Officer's Course prior to being assigned as an FTO.

All FTOs must complete a 24-hour Field Training Officer update course every three years while assigned to the position of FTO (11 CCR 1004).

All FTOs must meet any training mandate regarding crisis intervention behavioral health training pursuant to Penal Code § 13515.28.

Obtaining Air Support

422.1 PURPOSE AND SCOPE

The use of the sheriff's helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

422.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or deputy in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

422.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the watch commander, or SCC supervisor, will call out a helicopter from the Sheriff's Aviation Unit and if not available may call the closest agency having helicopter support available. The watch commander on duty will apprise that agency of the specific details of the incident prompting the request.

422.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

A sheriff's helicopter may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits
- (f) Search and Rescue operations
- (g) Medivacs
- (h) Fires
- (i) To assist with crime scene investigations.

422.2.3 HELICOPTER ACTIVATION

Activation during business hours:

The Aviation/SAR unit can be contacted directly by SCC or Fire Communications Center (FCC) and advised of the circumstances necessitating the flight.

The pilot shall evaluate the flight information and determine the appropriate aircraft for the mission.

Activation after business hours:

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Obtaining Air Support

The SCC shall contact the standby pilot and crew chief per the daily schedule. The pilot shall evaluate the information and determine the appropriate aircraft for the mission.

If the emergency occurs during hours when there are no flight crews on standby, the dispatch supervisor or watch commander should attempt to call out any sheriff pilot or crew chief who has expressed an interest in responding to the aviation unit on an overtime basis. No pilot or crew chief is expected to be "on call" during these hours.

The pilot or crew chief should never be considered for contact because they are listed on any document as the "next crew on duty."

At no time shall the Aviation/SAR Unit create or send a schedule to the SCC that indicates a pilot or crew chief's availability after allocated standby hours.

If there is no crew available, the watch commander or SCC supervisor may request a helicopter from an allied agency.

Every effort should be made to obtain as much information as possible about the mission, i.e., weather, type of mission, any unusual conditions, etc.

Dispatch Response Time:

Consideration for immediate dispatch should be given for those areas where terrain would inhibit ground vehicles or where response times are long because of distance, accessibility, etc.

To allow for pre-flight preparation time, Aviation Unit personnel should be notified without delay regarding any potential helicopter flight. Every effort should be made to anticipate the need for helicopter services in advance in order to reduce response time.

422.2.4 FLIGHT FOLLOWING PROCEDURES

In order to ensure the safety of the crew while in flight, and to facilitate a speedy rescue in the event of an emergency, flight following procedures will be adhered to on all Aviation/SAR Unit flights. Upon takeoff from any location, the crew chief will contact both FCC and SCC. Included in the message will be:

- a. Departure point
- b. Route of flight
- c. Destination

DURING THE FLIGHT:

Update on flight information will be transmitted by the helicopter every 15 minutes (location and change in destination).

Flight following updates need only be transmitted to one of the dispatch centers. The second dispatch center should be advised that the aircraft is flight following with the other department. (In the event of a law enforcement patrol-operated flight, flight following should be accomplished through the SCC).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Obtaining Air Support

In some instances, dispatch facilities of other agencies may be used for flight following. An example is the US Forest Service (USFS). The USFS radio system utilizes mountain repeaters that enable radio communications in deep canyons and valleys. In this case, request that the USFS dispatcher contact FCC and/or SCC and advise of the change of flight following agencies, or contact the FCC or SCC directly after establishing flight following procedures with the USFS. If a helicopter flight does not check-in with fire or sheriff's dispatch within a 15-minute time frame, the following procedures must be initiated:

When Aviation/SAR Unit personnel are at the heliport, the duty pilot will determine if an immediate search is required, or if additional time should be allowed for the overdue helicopter to reestablish radio contact. A maximum of 30 minutes past the normal check-in time will be allowed for an overdue helicopter to re-establish radio contact. Initial Search Procedures: 1. Contact the department or agency the missing helicopter is supporting and ascertain if they have a positive contact with the helicopter. Request the helicopter to contact FCC or SCC for flight following update.

If the above mentioned department or agency does not have positive contact with the missing helicopter, contact the US Air Force Rescue Coordination Center (AFRCC), at (757) 764-8112 to find out if the onboard emergency locator transmitter (ELT) have been activated (DO NOT request a search mission to be activated at this point). If the ELT has been activated, the AFRCC should be able to provide the approximate coordinates of latitude and longitude of the ELT signal. This information should be immediately relayed to Aviation Unit/SAR personnel.

Notify the Aviation Unit captain who will then assume responsibility for coordinating the search and rescue operation. In the absence of the Aviation Unit captain, the Aviation Unit commander shall be notified.

If the missing helicopter is not located within the first 45 minutes when it is overdue, an air search must be initiated. The helicopter crew assigned to the search shall make the determination as to what resources are available and can best be used for rescue and medivac situations pursuant to Aviation/SAR Unit policy.

Mobile Digital Terminal Use

423.1 PURPOSE AND SCOPE

The Mobile Digital Terminal (MDT) accesses confidential records from the State of California, Department of Justice and Department of Motor Vehicles databases. Employees using the MDT shall comply with all appropriate federal and state rules and regulations.

423.2 MDT USE

The MDT shall be used for official sheriff's communications only. Messages that are of a sexual, racist, or offensive nature, or otherwise critical of any member of the Department, are strictly prohibited. MDT use is also subject to the Department Technology Use Policy.

Messages may be reviewed by supervisors at anytime without prior notification. Employees generating or transmitting messages not in compliance with this policy are subject to discipline.

All calls dispatched to patrol units should be communicated by voice or MDT unless otherwise authorized by the Watch Commander.

423.2.1 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Department Technology Use Policy for additional guidance).

423.2.2 RESTRICTED ACCESS AND USE

MDT use is subject to the County's Information Technology Use and Protected Information policies:

<http://myvcweb/index.php/forms-and-policies>

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisor or Watch Commander.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Mobile Digital Terminal Use

423.2.3 USE WHILE DRIVING

Use of the MDT by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely.

423.3 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Commander or other department established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the Sheriff's radio or electronically via the MDT unless security or confidentiality prevents such broadcasting.

423.3.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the Sheriff's radio or through the MDT system.

During times of emergency radio traffic, the MDT user may utilize the "Silent Dispatch" functions of the MDT to respond to calls for service, assist another unit, clear calls for service, and/or change their status

- (a) In the event of an emergency in progress call where the unit on scene needs the sole use of the Sheriff's radio, the assisting units will utilize the MDT functions to "self-assist" that unit, thus leaving the airways free for emergency radio traffic.
- (b) If the in-progress call requires a deputy to respond "Code 3" the deputy will "self-assist" the unit on scene and promptly change their status to "Code 3" using the MDT functions. The GPS function of the MDT, will be sufficient for advising the location the deputy is responding from.
- (c) The MDT user should utilize the "silent dispatch" functions to place units "On-Scene" of a probation/parole search location and/or warrant service location. This notification will not be made to dispatch via telephone.

423.4 MALFUNCTIONING MDT

Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify the Communications Center.

423.4.1 REPLACING A MALFUNCTIONING MDT

When a MDT is malfunctioning and unable to be put into service, the user is responsible for replacing that MDT with a functioning MDT. Each station will have a cache of spare MDTs assigned. It will be the responsibility of each station administrative sergeant to decide where these computers will be stored. The following is the process to exchange a malfunctioning MDT and have it sent for repairs:

- (a) The user will locate the spare MDTs and retrieve a functioning MDT.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Mobile Digital Terminal Use

- (b) The user will log onto the Sheriff's Intranet and complete an IT Services Service Request Form. This form must be completed thoroughly explaining the particular issue or issues. The user will wait for the IT Services confirmation email and bring that email. The malfunctioning MDT and the printed email will be placed in a designated area (determined by each station administrative sergeant).
- (c) Each day a cadet, SST or volunteer (determined by each station's administrative sergeants) will check the computer area for any malfunctioning MDTs. If MDTs are in need of repairs, the assigned personnel will transport that MDT to Sheriff's Systems Bureau (SSB) to drop off for repair. While at the SSB Office, they will determine if there are MDTs needing to be returned to their respective stations.

EXCEPTION TO THE ABOVE PROCESS:

If the MDT is installed into a LPR vehicle that MDT will stay with that vehicle and the entire vehicle will need to be taken to the SSB Office for repairs.

Marijuana Enforcement

424.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the possession, transportation, delivery, production, cultivation, and use of marijuana under California's medical marijuana laws.

424.1.1 DEFINITIONS

Definitions related to this policy include:

Adult Use of Marijuana Act (AUMA) - In 2016, Proposition 64 legalized the recreational use of marijuana for adults aged 21 years or older, permitting smoking in a private home or at a business licensed for on-site marijuana consumption. This law allows a person aged 21 years or older to possess up to 28.5 grams of marijuana, 8 grams of concentrated marijuana, and to grow up to six marijuana plants per household.

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Marijuana Enforcement

Senate Bill 94 – The Medicinal and Adult-Use Marijuana Regulation and Safety Act (MAUCRSA). This law was passed by the legislature in 2017 and it was designed to consolidate guidelines for medical and recreational marijuana use, possession, transportation, cultivation, sales, and manufacturing.

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers (“bud”) or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).

424.2 POLICY

The Ventura County Sheriff's Office will follow Proposition 215, Senate Bill 420, the California Attorney General Guidelines, Proposition 64, Senate Bill 94, and the various case laws governing medical and recreational marijuana. The Sheriff's Office currently conducts investigations to ensure individuals and organizations in Ventura County are operating in accordance within the above referenced laws and guidelines.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Ventura County Sheriff's Office will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

424.3 RECREATIONAL MARIJUANA

On November 8, 2016, the Control, Regulate, and Tax Adult Use of Marijuana Act (AUMA) was passed by the voters of California and took effect immediately. AUMA is commonly referred to as Recreational Marijuana.

AUMA, with certain restrictions, adults 21 years of age and older may lawfully cultivate up to six marijuana plants **per household**, possess up to 28.5 grams of marijuana, and possess up to 8 grams of concentrated cannabis.

In respect to crimes involving cultivation, possession for sales, and sales of marijuana, **most** of these violations are misdemeanors or infractions. However, crimes involving the sale of marijuana to minors, suspects with multiple convictions, conspiracy to unlawfully sell, suspects with certain violent felony convictions under 667(e) P.C., and suspects who are required to register pursuant to 290 P.C., the underlying marijuana offense **may** be a felony pursuant to 1170(h) P.C.

AUMA and case law has given local jurisdictions broad authority to restrict or ban **outdoor** marijuana cultivations and marijuana deliveries. Note: There may be an exception to what local ordinances may restrict under the Medicinal Marijuana Delivery guidelines. Therefore, it is imperative that deputies familiarize themselves with the county ordinances and the different city ordinances where contract law enforcement is provided. City and county ordinances cannot restrict

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Marijuana Enforcement

the delivery of marijuana by a Primary Caregiver to a Qualified Patient. In the event a resident of the household is not 21 years of age and is cultivating marijuana, the appropriate 11358 H&S section would apply. There could also be an exception to the 21 years of age requirement if the person possesses a valid Physician's Recommendation and / or a county issued identification card.

Pursuant to 11362.2 H&S, local municipalities cannot restrict the 6 plant exception inside a private residence or in an accessory structure to a private residence located upon the grounds of a private residence that is fully enclosed and secure. However, local municipalities may ban **outdoor** cultivations all together.

In addition, deputies need to familiarize themselves with California Health and Safety Code sections 11357 through 11362 to determine what acts are lawful versus unlawful.

424.4 MEDICAL MARIJUANA

Even though the AUMA has age, quantity, licensing, and other restrictions, Proposition 215 is still valid. There are two types of documents a person may present to make a lawful Proposition 215 claim.

- A. **Physician Recommendation:** A document from a licensed physician stating the person has a medical need to use and possess marijuana products. This document will generally specify the quantity the person can possess to meet the person's medical needs.
 - (a) A person under the age of 21 can lawfully possess marijuana products if the person is in possession of a valid recommendation, which is signed by a licensed physician.
 - (b) A physician can recommend the person possesses a quantity that exceeds recreational limits.
 - (c) If a person possesses a valid physician's recommendation and is either under 21 years of age or is in possession of a quantity that exceeds recreational limits, the person **could** be arrested / cited for the appropriate statutory charge. However, the person could have an Affirmative Defense under Proposition 215 if the case is filed in court. Therefore, sound judgment should be exercised when considering whether to take enforcement action when a person possesses a valid physician recommendation.
 - (d) In the event a physician recommends a person possesses a quantity of marijuana that exceeds recreational limits, this does not apply to the six plants per household limit. It only applies to **dried** marijuana.
- B. **Valid Identification Card:** A card issued by the State Department of Public Health is a voluntary program. A person holding a valid physician recommendation may obtain such an identification card through each county health department.
 - (a) Once a person obtains an identification card issue by the State Department of Public Health, the person or designated primary caregiver **shall not be subject to arrest** for possession, transportation, delivery or cultivation of medicinal

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Marijuana Enforcement

marijuana provided the amounts do not exceed the limits described in section “b” below.

- (b) A qualified patient or primary caregiver may possess no more than eight ounces of dried cannabis per qualified patient. In addition, a qualified patient or primary caregiver may also maintain no more than six mature or 12 immature cannabis plants per qualified patient.
- (c) The county issued identification card will be deemed valid unless there is probable cause to believe that the information contained in the card is false or falsified, or the card has been obtained by means of fraud.
- (d) In order to be a primary caregiver under these guidelines, the person must attend to the qualified patient’s daily needs, including the housing, health, and safety of the patient.

424.5 MARIJUANA EVIDENCE

In all instances in which subject(s) are arrested or cited for possession of marijuana, the marijuana must be booked into evidence.

If the subject(s) are issued citations for H&S 11357(b) or VC 23222(b), the marijuana will be booked into evidence. While the citation will not require a RB# since the violations of H&S 11357(b) and VC 23222(b) are treated as infractions, an RB# will be required for the property report for booking the marijuana into evidence.

In instances in which the subject(s) are arrested and booked into custody, the marijuana is to be booked into evidence using the same RB# as the arrest report.

In instances of large seizures of marijuana (10 pounds or more), deputies shall contact the Special Investigations Unit/Narcotics for further investigation. In cases involving large seizures of marijuana (10 pounds or more), the destruction of the marijuana shall be in compliance with Health and Safety Code § 11479.

424.6 PATROL INVESTIGATIONS

The vast majority of marijuana crimes, including possession for sales, sales, and cultivations are misdemeanor crimes. Marijuana investigations will be handled at the patrol station level with the following exceptions, which will be investigated by the Narcotics Bureau.

- (a) Any report of sales to a minor under the age of 18.
- (b) Any complex commercial marijuana cultivation operation.
- (c) Any Butane Hash Oil (BHO) conversion operation.
- (d) Any situation where the Special Services Commander determines the investigation is best suited for the Narcotics Bureau.

Patrol deputies should consult with a narcotic investigator or other specialized investigative unit member prior to conducting an investigation into individuals suspected of selling or cultivating marijuana. Prior to taking investigative actions, a de-confliction check with the Western States

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Information Network (WSIN) is highly encouraged to avoid compromising an active investigation. All investigators, specialized enforcement unit members, and ARTIC have 24 hour access to WSIN.

424.7 UNDERCOVER BUY OPERATIONS

For the purpose of this policy, an undercover buy operation is when a member of this department or a confidential informant has a face to face meeting with a person who is selling or arranging to sell marijuana or marijuana products. Generally, only members of the Narcotics Unit or Special Crimes Unit are authorized to conduct undercover buy operations for marijuana, marijuana products, or any controlled substance. The following is an exception to this directive:

- (a) With the Narcotics Captain's approval, members assigned to investigative or specialized enforcement units may conduct marijuana buy stings into suspected licensed or unlicensed delivery services operating within our jurisdiction. All requests for approval should be via email, and include the nature of the investigation, investigative objectives, list of potential targets, and operation game plans.

NARCOTICS ANALYSIS PROGRAM

425.1 PURPOSE AND SCOPE

To offer citizens the availability of confidential drug identification for early intervention of suspected family member substance abuse.

425.2 PROCEDURE

In an attempt to assist parents and other citizens who discover evidence of a drug-abuse problem within their families, the Sheriff's Crime Laboratory shall make its staff and its facilities available, on a confidential basis, for the analysis and identification of drug-like substances delivered to it by citizens desiring such analysis. All reasonable requests shall be handled.

Persons desiring the analysis and/or identification of any drug-like substance shall deliver the substance directly to the Sheriff's Property Room between 8:00 a.m. and 5:00 p.m. Monday through Friday.

Upon receipt of a drug-like substance, the property room shall issue a "reference number" to the person delivering the substance. No name, address or other specific information will be required from the person requesting the analysis; however, information which would help to identify the substance shall be taken if voluntarily offered. The citizen shall be advised to telephone the laboratory after seven (7) working days. He/she need only to provide the "reference number" whereupon he/she will be told whether or not the substance is a narcotic or restricted dangerous drug.

Narcotics and restricted dangerous drugs received through this program shall be retained by the property room. No substance will be returned to the person submitting it for analysis and/or identification. The substance will be disposed of in accordance with applicable statutes.

If a person desires advice upon learning the results of analysis laboratory personnel may offer advice within the scope of their expertise. A list of referral agencies handling drug-related problems will be maintained and offered to persons desiring this information.

The key to the success of a program of this nature is the offering of departmental services of this type to the concerned parent or citizen while maintaining complete anonymity throughout the entire transaction.

Opioid Medical Aid and Response

426.1 PURPOSE AND SCOPE

This policy recognizes that members may encounter persons who appear to be in need of medical aid because of an opioid overdose and establishes a law enforcement response to such situations.

426.2 POLICY

It is the policy of the Ventura County Sheriff's Office that designated deputies and other designated members be trained to provide emergency medical aid to persons experiencing an opioid overdose and facilitate an emergency medical response.

426.3 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members may administer opioid overdose medication in accordance with protocol specified by the licensed health care provider who prescribed the overdose medication for use by the member and (Civil Code § 1714.22; 22 CCR 100019):

- (a) When trained and tested to demonstrate competence following initial instruction.
- (b) When authorized by the medical director of the Local Emergency Medical Services Agency (LEMSA).
- (c) In accordance with California Peace Officer Standards and Training (POST) standards.

426.3.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to their Site Administrator.

Any member who administers an opioid overdose medication should contact the Sheriff's Communication Center as soon as possible and request response by EMS. The member shall contact their supervisor as soon as practicable.

426.3.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The supervisor will ensure that the Records Manager is provided enough information to meet applicable state reporting requirements.

426.3.3 OPIOID OVERDOSE MEDICATION TRAINING

The Support Services Commander should ensure initial and refresher training is provided to members authorized to administer opioid overdose medications. Training should be coordinated

with the local health department and comply with the requirements in 22 CCR 100019 and any applicable POST standards (Civil Code § 1714.22).

426.4 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a deputy shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

If a deputy believes that a person who is in custody requires EMS care and the person refuses, he/ she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

426.5 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

ROAD CLOSURES

427.1 PURPOSE AND SCOPE

To establish guidelines for the management of prolonged emergency road closures and persons allowed accessibility into closed areas.

427.2 INTRODUCTION

Representatives from local law enforcement and fire agencies have instituted procedures for the establishment and maintenance of prolonged public and private road closures. In addition, an identification card for agricultural employees to gain legitimate access to restricted areas during emergency road closures was also created.

427.3 PROCEDURE

REQUEST FOR CLOSURE:

Requests for road closures shall be made through the watch commander, or the on-scene incident commander. Public roadways in the unincorporated areas are the primary responsibility of the California Highway Patrol. The request shall include:

1. Purpose and degree of closure
2. Identification of the specific roadways required to be closed
3. Suggested locations for the closure(s)
4. Anticipated duration of the closure
5. Location of the incident command post
6. Suggestions for detours when appropriate.

PUBLIC AND PRIVATE ROAD CLOSURES:

After a road has been closed, the department member assigned to the entrance to the closed area shall be responsible for:

1. Controlling the access of all traffic
2. Access to closed areas may be allowed to:
 - (a) Residents with proper identification
 - (b) Agricultural employees with the Ventura County Agriculture employee card and another valid photo identification
 - (c) Members of the media with proper credentials

427.3.1 DOCUMENTATION

The department member assigned to the entrance of the closed or restricted area will be required to maintain records of all those allowed to pass into the area. The records shall include only those who are granted access based on the exceptions listed above and shall not include emergency vehicles entering the area in response to the specific incident.

Facial Recognition

428.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures for the acceptable use of the images, information, and tools within the face recognition system. This policy applies to all sworn and civilian law enforcement personnel who are granted direct access to the face recognition system as well as personnel who are permitted to request face recognition searches. Any outside agency or personnel from an outside agency, requesting face recognition assistance with an investigation, must adhere to this policy.

428.2 BACKGROUND

Facial recognition refers to an automated process of matching face images utilizing algorithms and biometric scanning technologies. The facial recognition system runs searches against a photo database of known individuals that is updated daily. The system is used to identify possible subjects who are part of a criminal investigation.

428.3 FACIAL RECOGNITION OPERATION

Use of the facial recognition system is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) Facial recognition shall only be used for official and legitimate law enforcement business.
- (b) No member of this department shall use the facial recognition system without first completing department approved training.
- (c) No employee shall verify a person's identity based solely on possible match results provided by the facial recognition systems.
- (d) Field photographs taken for the purpose of facial recognition shall be deleted immediately after the field investigation is complete.

428.4 ACCEPTABLE USES OF FACIAL RECOGNITION

Mobile Searches: Facial recognition may be used on a department issued mobile device as an identification tool by an officer in the field in one of the following circumstances:

- (a) When an individual consents to have his or her photograph taken for the purpose of identification.
- (b) When the officer reasonably believes an individual is concealing his or her true identity and has reasonable suspicion the individual has committed a crime other than concealing his or her identity.
- (c) When an individual is unable to provide reliable identification due to physical incapacitation or defect, mental incapacitation or defect, or death, and immediate identification is needed to assist the officer in performance of his or her lawful duties

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Facial Recognition

- (d) When an individual is under arrest and their identity is needed to determine whether he or she has previously been arrested and charged with a crime.
- (e) Occasionally, surveillance video or photos of suspects are of such quality that photographs may be taken of the surveillance footage and submitted via the mobile application.

Any individual that refuses to be photographed shall neither be physically forced to do so nor will they be subject to arrest for their refusal.

Investigative Desktop Searches. Advanced searches through the desktop application allow a user to extract facial images from video or photo's, manipulate the angle of a face and/or enhance facial features. These types of searches are conducted only by individuals, typically in Crime Analysis, who have received specialized training that is in addition to the training received for field users. Investigative searches may be conducted in one of the following circumstances:

- (a) When there is reasonable suspicion that the suspect to be searched has committed a crime.
- (b) When the person to be searched is believed to be a victim or witness of a crime.

428.5 RELEASING FACIAL RECOGNITION DATA TO ALLIED AGENCIES

The Ventura County Sheriff's Office shares photos stored in the facial recognition database with other law enforcement agencies upon the execution of an inter-agency agreement by which each agency agrees:

- (a) Facial recognition data shall be available only to authorized users for legitimate law enforcement purposes.
- (b) Reasonable efforts will be made to ensure the accuracy of its data.
- (c) Audit trails shall be maintained by each agency as defined by their policy.

AUTOMATED LICENSE PLATE READERS (ALPRs)

429.1 PURPOSE AND SCOPE

The purpose of this usage and privacy policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

ALPR technology allows for the automated detection of license plates. It is used by the Ventura County Sheriff's Office to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

429.1.1 ADMINISTRATION

All installations and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Operations Assistant Sheriff. The Operations Assistant Sheriff will assign personnel to administer the day-to-day operation of the ALPR equipment and data.

The Professional Standards Captain, in conjunction with the ALPR oversight manager, shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code Section 1798.90.5 This shall include:

- (a) A description of the job title or other designation of the employees and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.
- (b) Training requirements for authorized users.
- (c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.
- (d) Procedures for system operators to maintain records of access in compliance with Civil Code Section 1798.90.52.
- (e) The title and name of the current designee overseeing the ALPR operation.
- (f) Ensuring retention and destruction of ALPR data is compliant with the records retention policy.
- (g) Ensuring this policy and related procedures are posted on the department's website.

429.2 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow other to use, the equipment or database records for any unauthorized purpose. (Civil Code Section 1798.90.51 & 1798.90.53):

- (a) Designated Sworn and Professional staff trained on the use of ALPR may gather data using this technology.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

AUTOMATED LICENSE PLATE READERS (ALPRs)

- (b) Only designated staff engaged in official duties, conducting audits of ALPR, or database maintenance will have access to ALPR data.
- (c) An ALPR shall only be used for official and legitimate law enforcement business.
- (d) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (e) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (f) No member of this department shall operate ALPR equipment or access ALPR data without first completing department approved training.
- (g) No ALPR operator may access department, state or federal data unless authorized to do so.
- (h) Deputies **shall** visually verify the vehicle's license plate to ensure the ALPR read the plate correctly. Deputies **shall** confirm the alert/want is still active with Sheriff's Dispatch prior to stopping a vehicle based upon the LPR alert alone.
- (i) In the event that an ALPR misreads a license plate, the operator of that system shall notify the Crime Analysis Unit to correct the data. The Crime Analysis Unit is charged with correcting data errors.

429.3 ALPR DATA COLLECTION AND RETENTION

The ALPR Server will be set to retain data for five (5) years, unless it is being used for a criminal or civil action. When data is retained for this purpose the data shall be maintained until the disposition of the case, including any appeal or administrative due process periods. In these circumstances the data should be removed from the server and stored on portable media and appropriately booked/retained.

429.4 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Ventura County Sheriff's Office will observe the following safeguards regarding access to and use of the stored data:

- (a) All stored ALPR data shall only be accessible through a login/password-protected process capable of documenting all access to the information by user, date and time (Civil Code Section 1798.90.52)
- (b) ALPR system audits should be conducted on a regular basis.

429.5 TRAINING

The ALPR oversight manager shall ensure that employees receive department-approved training to use or access the ALPR system (Civil Code Section 1798.90.51 & 1798.90.53).

429.6 PRIVACY STATEMENT & POLICY

The Policy of the Ventura County Sheriff's Office is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public. All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open, nor available, to the public for review.

429.7 RELEASING ALPR DATA

The Ventura County Sheriff's Office shares ALPR data with other law enforcement agencies upon the execution of an inter-agency agreement by which each agency agrees that all ALPR data will be gathered, accessed, utilized and disclosed in accordance with applicable law. Each agency, by way of the agreement, further commits to the following;

- (a) ALPR data shall only be accessible to authorized users for legitimate purposes.
- (b) Audits shall be conducted and maintained by each agency as defined by their department's policy.

The Ventura County Sheriff's Office does not share ALPR data with commercial or private entities.

Blood Sample Collection--Other than Impaired Driving Investigations

430.1 PURPOSE AND SCOPE

To establish the procedure and define the criteria for obtaining blood samples in situations not involving impaired driving investigations.

430.1.1 INTRODUCTION

Blood samples are taken from subjects in circumstances permitted by law, unless the subject has a medical condition that prevents it, where probable cause exists to support a reasonable belief that their blood would have evidentiary value in a criminal offense. When possible, the blood sample will be obtained with the subject's consent; however, in some instances, the law allows for a blood sample to be taken without the subjects's consent. These instances require a search warrant or the existence of specific exigent circumstances beyond the mere fact that alcohol and drugs dissipate from the bloodstream over time.

430.1.2 APPLICATION

The 2013 United States Supreme Court Case, Missouri v. McNeely reversed the longstanding interpretation that police could draw blood from a subject driving under the influence without the subject's consent and without a warrant when done within the parameters set forth by the court. The justification was based on the view that there was based on the view that there was an exigency created by the evanescent (transitory) nature of alcohol and/or controlled substance in a subject's blood. The McNeely ruling has made it clear that natural dissipation of drugs and alcohol from the bloodstream is **NOT** in and of itself a justification for an exigent circumstance in DUI cases. It is evident that the Supreme Court's rationale in McNeely also applies to violations of Health and Safety Code section 11550 and other regulatory codes where a chemical test is indicated.

Under the law, the two primary justifications for obtaining blood samples without consent are as follows:

- A search warrant has been obtained. California Penal Code Section 1524(a)(13) authorizes the issuance of search warrants for misdemeanor DUI cases. It does not include 11550 H&S violations or other misdemeanor regulatory code violations such as Section 655 of the Harbors and Navigation Code. **It is the policy of the Ventura County Sheriff's Office not to seek search warrants for non-DUI misdemeanor violations covered in the policy (including 11550 H&S and Harbors and Navigation Code Section 655(b)).**
- Incident to Lawful Arrest and specific articulable exigent circumstances exist. An exigency does not exist solely because of the short time associated with the natural dissipation of drugs or alcohol in the persons' bloodstream.

IT IS THE POLICY OF THE VENTURA COUNTY SHERIFF'S OFFICE TO NOT UTILIZE THE EXIGENT CIRCUMSTANCE EXCEPTION IN 11550 H&S CASES AS WELL AS ALL OTHER NON DUI VIOLATIONS FOR THE PURPOSE OF CONDUCTING FORCED BLOOD DRAWS.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Blood Sample Collection--Other than Impaired Driving Investigations

430.1.3 ADDITIONAL PROCEDURES FOR 11550 H&S ARRESTS

To aid in the prosecution of individuals who refuse to provide a blood or urine sample in 11550 H&S cases, the following procedures should be followed whenever possible:

- If a person is arrested for Health and Safety Code section 11550(a) and has refused to submit a urine or blood sample, or fails to submit a urine sample, the deputy shall read to the arrestee the advisement from the Department-issued "Urine/Blood Sample Advisement" card. The advisement and refusal should be audio recorded
- The arresting deputy, or deputy who established probable cause for the arrest, completed the Peace Officer's Standards and Training (P.O.S.T.) approved Drug Abuse Recognition (D.A.R.) course or the California Highway Patrol/Los Angeles Police Department P.O.S.T. approved Drug Recognition Expert (D.R.E.) course.
- The initial evaluating deputy should complete two D.A.R. or D.R.E. evaluations of the subject. Whenever possible, the second evaluation should be conducted in a controlled environment.
- A third D.A.R. or D.R.E. evaluation should be completed by another D.A.R. or D.R.E. trained deputy who was not involved in the initial contact or arrest of the subject. This evaluation should be done in a controlled environment and not in the field. The second deputy must observe clear, objective symptoms.

If a third evaluation was conducted, both the initial evaluating deputy and the secondary evaluating deputy shall complete the appropriate sections of the Drug Influence Report documenting their observations of drug influence on the subject being evaluated.

430.1.4 HARBOR AND NAVIGATION CODE SECTION 655(B)

- Harbor and Navigation Code section 655(b) makes it unlawful to operate any vessel or manipulate any water skis, aquaplane, or similar device while under the influence of an alcoholic beverage, any drug, or combination of alcoholic beverage and drug. Harbor and Navigation Code section 655(h) makes it unlawful to do so and proximately cause bodily injury to any person other than the operator.
- Harbor and Navigation Code section 655.1(d) states that the arresting officer shall advise the arrestee that "he or she does not have the right to have an attorney present before stating whether he or she will submit to (the test or tests), before deciding which (chemical) test or tests to take, or during the administration of the (chemical) test or tests chosen."
- Harbor and Navigation Code section 655.1(b) states that a peace officer who has lawfully arrested a person in violation of Harbor and Navigation Code section 655, subsections (b), (c), (d), (e), or (f) "may request that person to submit to chemical testing of his or her blood, breath, or urine for the purpose of determining the drug or alcoholic content of the blood.
- Harbor and Navigation Code section 655(f) states that it is a presumption that the operator of the recreational vessel had .08 percent or more, by weight, of alcohol in his or her blood at the time of the chemical test within three hours after the operation of the vessel.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Blood Sample Collection--Other than Impaired Driving Investigations

- When a subject is arrested for a violation of a regulatory code, and the degree of intoxication/influence may prove to be a vital issue, a blood sample should be obtained whenever possible, especially if the violation is a causal factor or results in injury or death.

Exemptions

- A. Vehicle Code section 23612(b) and Harbor and Navigation Code section 655.1(i) exempt any person who claims to be afflicted with hemophilia from submitting to a blood test.
- B. Vehicle Code section 23612(c) and Harbor and Navigation Code section 655.1(j) exempt any person from submitting to a blood test who claims to be afflicted with a heart condition and is using anticoagulants, or if any other significant medical claims, injuries, or conditions exist which would make the extraction of blood dangerous to the subject's health. The arrestee is not exempt from submitting to a breath and/or urine test.

430.1.5 VICTIMS OF CRIME OR PARTIES IN TRAFFIC COLLISIONS INVOLVING SERIOUS INJURY OR DEATH

If the question of intoxication or drug influence could be raised as an evidentiary factor and another legal justification for obtaining a sample does not exist (e.g., the person is the victim of a crime or a possible suspect but no probable cause exists), investigators should give consideration to the following:

- A. The victims' or parties' consent shall be obtained prior to obtaining a blood sample. If the victim is unconscious or physically unable to give consent, the deputy may consider obtaining consent from an immediate (adult) family member. The circumstances and statement pertaining to the consent should be witnessed and recorded in the deputy's report.
- B. If the medical facility requires a signed request for a blood specimen, the deputy shall complete the portion of the facility's request form at the direction of the medical facility staff.
- C. The Department's "Blood Sample" kit shall be used. As with all blood kits, it shall be booked into a Department evidence refrigerator as soon as possible and documented on the appropriate body fluids log.

First Amendment Assemblies

431.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

431.2 POLICY

The Ventura County Sheriff's Office respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

431.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, deputies shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors deputies may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Deputies should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless a deputy is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

First Amendment Assemblies

431.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious, or social views of associations, or the activities of any individual, group, association, organization, corporation, business, or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

431.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding deputy should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Communications Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

431.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

431.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

431.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with County government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

First Amendment Assemblies

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

431.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

431.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

[Dispersal Order.pdf](#)

431.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm deputies, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

431.8 ARRESTS

The Ventura County Sheriff's Office should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of deputies and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

431.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the News Media Relations Policy).

431.9.1 MEDIA ACCESS

If deputies close the immediate area surrounding any emergency field command post or any other command post, or establish a police line, or rolling closure at a demonstration, march, protest, or rally where individuals are engaged in a protected activity pursuant to the First Amendment, deputies shall comply with the requirements of Penal Code § 409.7 relating to media access (i.e., access to closed areas, obtaining information) (Penal Code § 409.7).

431.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

431.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs

- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, the Communications Center records/tapes
- (g) Media accounts (print and broadcast media)

431.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

431.12 ANTI-REPRODUCTIVE RIGHTS CALLS

Deputy response to public assemblies or demonstrations relating to anti-reproductive rights should be consistent with this policy (Penal Code § 13778.1).

431.13 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.

Deputies should also receive periodic training on the standards for the use of kinetic energy projectiles and chemical agents for crowd control purposes as identified in Penal Code § 13652.

431.14 USE OF KINETIC ENERGY PROJECTILES AND CHEMICAL AGENTS FOR CROWD CONTROL

Kinetic energy projectiles and chemical agents for crowd control purposes shall only be deployed by deputies who have received POST training for crowd control if the use is objectively reasonable to defend against a threat to life or serious bodily injury to any individual, including a deputy, or to bring an objectively dangerous and unlawful situation safely and effectively under control and in accordance with the following requirements of Penal Code § 13652.

- (a) De-escalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.
- (b) Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.
- (c) Individuals are given an objectively reasonable opportunity to disperse and leave the scene.
- (d) An objectively reasonable effort has been made to identify individuals engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of individuals.
- (e) Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.
- (f) Deputies shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.
- (g) An objectively reasonable effort has been made to extract individuals in distress.
- (h) Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.
- (i) Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.
- (j) Kinetic energy projectiles or chemical agents shall not be used solely due to any of the following:
 - 1. A violation of an imposed curfew.
 - 2. A verbal threat.
 - 3. Noncompliance with a law enforcement directive.
- (k) If the chemical agent to be deployed is tear gas, only an Incident Commander at the scene of the assembly, protest, or demonstration may authorize its use.

431.14.1 USE SUMMARY

The TRT Captain or the authorized designee should ensure that a summary of each deployment of kinetic energy projectiles or chemical agents for crowd control purposes is prepared and published

Ventura County Sheriff's Office

First Amendment Assemblies

on the department website within 60 days of each incident. The time frame may be extended for another 30 days where just cause is demonstrated, but no longer than 90 days from the time of the incident. The summary shall be limited to the information known to the Department at the time of the report and include the information required in Penal Code § 13652.1.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC DEPUTY DEPLOYMENT

Several factors are considered in the development of deployment schedules for deputies of the Ventura County Sheriff's Office. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore deputy deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All deputies assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All deputies will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All deputies shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any deputy shall not be used as the sole criterion for evaluating deputy overall performance (Vehicle Code § 41603). The visibility and quality of a deputy's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Traffic Function and Responsibility

500.3.2 CITATIONS

Citations may be issued when a deputy believes it is appropriate. It is essential that deputies fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Deputies should provide the following information at a minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Refusal to sign notice to appear
- (e) Any other misdemeanor at the discretion of the deputy, such as reckless driving with extenuating circumstances

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If a deputy contacts a traffic violator for driving on a suspended or revoked license, the deputy may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the deputy. The deputy shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The deputy will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Traffic Function and Responsibility

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, deputies should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes deputy might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit and in the side box of each sheriff's motorcycle. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored in the vehicle.

A supply of high-visibility vests will be maintained by each assignment location for replacement of damaged or unserviceable vests.

Traffic Collision Reporting

501.1 PURPOSE AND SCOPE

The Ventura County Sheriff's Office prepares traffic collision reports for contract cities in compliance with the California Highway Patrol Collision Investigation Manual (CIM). The California Highway Patrol is responsible for preparing traffic collision reports in unincorporated areas. However, on a case by case basis and as a public service, the Department may prepare traffic collision reports for the unincorporated communities.

501.2 RESPONSIBILITY

Each patrol station will be responsible for distribution of the CIM. The contract station traffic sergeant or a designated contract station traffic Senior Deputy will receive all changes in the CIM manual and ensure conformity with this policy.

501.3 TRAFFIC COLLISION REPORTING

All traffic collision reports taken by members of this department shall be forwarded to their station Traffic Bureau for approval and data entry into the Records Management System. In Headquarters Station, all traffic collision reports will be approved by a sergeant.

In contract cities, the traffic sergeant will be responsible for all reports on traffic collision statistics to be forwarded to the Patrol Assistant Sheriff, or other persons as required.

501.4 REPORTING SITUATIONS

TRAFFIC COLLISIONS TO BE DOCUMENTED

- (a) All collisions occurring on highways.
- (b) All collisions occurring on private property that result in:
 - 1. Injury or death
 - 2. Hit and run
 - 3. DUI
 - 4. Damage to public property
- (c) Bicycle collisions occurring on highways.

Note: Injury classifications are defined in the CIM

501.4.1 TRAFFIC COLLISIONS INVOLVING COUNTY VEHICLES

Traffic collision investigation reports shall be taken when a County-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results.

In all cases when a Sheriff's Office vehicle has been involved in a collision, has sustained damage in any manner, and/or has been towed, the operator of the vehicle shall submit a Ventura County Sheriff's Office Vehicle Damage/Tow Report (Form SO-100) with attached photos of the damage to the operator's supervisor prior to the end of the shift on which the incident occurred.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Traffic Collision Reporting

In cases where injury has rendered the vehicle operator unable to complete the report, the operator's immediate supervisor shall be responsible for the report and photos.

The report shall be submitted to the involved department member's bureau commander for review after the station/unit captain has reviewed and initialed the report.

The original Vehicle Damage/Tow Report shall then be forwarded to the Professional Standards Bureau for review by the Collision Review Committee.

The Professional Standards Bureau staff shall deliver one copy to the Sheriff's Business Office and fax a copy to General Services Agency Risk Management and Fleet Services Administration.

East County Administration shall additionally forward to the east county garage a copy of any report relating to a vehicle assigned to that bureau.

In any case where the vehicle damage is the result of a crime, a crime report shall be completed in addition to the Vehicle Damage/Tow Report.

ON-SCENE COLLISION INVESTIGATION AND REPORTING

When a collision involving a department vehicle results in injury, death, or damage to property other than the department vehicle, an investigation shall be conducted and a Traffic Collision Report shall be completed in addition to the Vehicle Damage/Tow Report.

If the collision occurs in a location outside the Department's jurisdiction, the watch commander may request that an investigation be conducted by the law enforcement agency having geographical jurisdiction. In any event where the requested agency is unable to conduct the investigation, the nearest department traffic bureau will be responsible for the traffic collision report.

Requests for investigations will be made by the watch commander as follows:

Unincorporated county area " California Highway Patrol.

Incorporated city having a municipal police department " local police department.

City that contracts for law enforcement services from the Department:

In the incorporated cities that contract law enforcement services from the Department, a qualified traffic collision investigator will conduct the investigation of all collisions which result in major property damage, injury or death.

For those collisions that do not result in injury or which only result in minor property damage, any patrol deputy or trained traffic collision report writer may conduct the investigation.

Nothing in this policy prevents a department manager or a traffic bureau supervisor from requesting another law enforcement agency, including the California Highway Patrol, to lead or assist in the investigation of a fatal or serious injury accident involving a department vehicle within the geographical jurisdiction of a contract city.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Traffic Collision Reporting

501.4.2 TRAFFIC COLLISIONS WITH SHERIFF'S OFFICE EMPLOYEES

When an employee of this department is involved in a traffic collision on-duty, within the jurisdiction of the Ventura County Sheriff's Office, resulting in a serious injury or fatality, the watch commander, may request the California Highway Patrol for investigative assistance.

The term serious injury is defined as any injury that may result in a fatality.

501.4.3 TRAFFIC COLLISIONS WITH OTHER COUNTY EMPLOYEES OR OFFICIALS

The traffic sergeant or on-duty watch commander may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any county official or employee where a serious injury or fatality has occurred.

501.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

In compliance with the CIM, traffic collision reports are not required for traffic collisions occurring on private property, unless there is a death or injury to any person involved, D.U.I or a hit and run violation.

An incident report may be taken at the discretion of any supervisor.

501.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken in the jurisdiction of all contract cities when a collision occurs on a highway.

501.5 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION

In the event of a serious injury or death related traffic collision, the watch commander shall notify the appropriate station traffic sergeant and station captain to relate the circumstances of the traffic collision and seek assistance. In the absence of a traffic sergeant, the watch commander or any supervisor may assign a traffic investigator to investigate the traffic collision.

Vehicle Towing and Release

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Ventura County Sheriff's Office. Nothing in this policy shall require the Department to tow a vehicle.

502.2 STORAGE AND IMPOUNDS

When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

502.2.1 VEHICLE STORAGE REPORT

Department members requesting towing, storage, or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator, and the original shall be submitted to the Records Bureau as soon as practicable after the vehicle is stored.

502.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the deputy shall have the driver select a towing company, if possible. The tow company the driver selects must be able to respond in a timely manner. The deputy shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Sheriff's Communication Center (SCC).

If the owner is incapacitated, or for any reason it is necessary for the Office to assume responsibility for a vehicle involved in a collision, the deputy shall request the dispatcher to call a towing company listed on the rotation tow list. The deputy will then store the vehicle using a CHP Form 180.

502.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Towing and Release

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

502.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the deputy shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The deputy shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the deputy shall list on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver's license and current vehicle registration.

502.2.5 DRIVING A NON-COUNTY VEHICLE

Vehicles which have been towed, stored, or impounded by or at the direction of the Office should not be driven by sheriff's personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

502.2.6 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The deputy shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Towing and Release

502.2.7 RECORDS BUREAU RESPONSIBILITY

Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

- (a) The name, address, and telephone number of this Department.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.
- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice.

502.3 TOWING SERVICES

The County of Ventura utilizes a rotation list for selection of towing services. The towing services selected from the rotation list is based on location of request and equipment requested. Towing services will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations.

502.4 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in sheriff's custody, to provide for the safety of deputies, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Towing and Release

502.5 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, deputies should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

502.6 RELEASE OF VEHICLE

The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

- (a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:
 - 1. The vehicle was stolen.
 - 2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.
 - 3. Any other circumstance as set forth in Vehicle Code § 14602.6.
 - 4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.
- (d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Towing and Release

requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

502.7 TOWING FOR EXPIRED REGISTRATION

Prior to a member removing a vehicle that is found to have expired registration for more than six months, the member shall verify that no current registration exists with the Department of Motor Vehicles (DMV). If current registration exists with the DMV, the vehicle shall not be removed (Vehicle Code § 22651(o)(1)(A)).

Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

503.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Ventura County Sheriff's Office, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code §§ 22650(a) and 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

503.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Traffic Sergeant will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Vehicle Impound Hearings

where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.
 - 1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.
- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).
- (c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Commander. The hearing officer will recommend to the appropriate Division Commander that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

504.2 POLICY

The Ventura County Sheriff's Office is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

504.3 INVESTIGATIONS

Deputies should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All deputies are expected to enforce these laws with due diligence.

The Traffic Sergeant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating deputies in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The deputy's observations that indicate impairment on the part of the individual, and the deputy's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in California or another jurisdiction.

504.4 CHEMICAL TESTS

A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
- (b) The person is under 21 years of age and is arrested by a deputy having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Impaired Driving

- (c) The person is under 21 years of age and detained by a deputy having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the deputy should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.4.1 CHOICE OF TESTS

Deputies shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of the person's blood or breath, and the deputy shall advise the person that the person has that choice. If the person arrested either is incapable, or states that the person is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the deputy may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

In the event the person submits to a blood test where he/she is suspected of being under the influence of a drug or the combined influence of alcohol and any drug, two vacutainers of blood are necessary to complete confirmatory tests. The deputy shall make every reasonable effort to obtain two vacutainers of blood from the medical staff and properly book the evidence into a refrigerated evidence locker. (VCSO Training Bulletin 2013-04) These two samples are in addition to the sample collected for alternate testing per the arrestee's request.

504.4.2 BREATH SAMPLES

The Traffic Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Deputies obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Sergeant.

When the arrested person chooses a breath test, the handling deputy shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614). Deputies shall observe the person 15 minutes prior to administering a breath test.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Impaired Driving

The deputy should also require the person to submit to a blood test if the deputy has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the deputy's belief shall be included in the deputy's report (Vehicle Code § 23612(a)(2)(C)).

504.4.3 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned deputy. No deputy, even if properly certified, should perform this task.

Deputies should inform an arrestee that if the arrestee chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because the arrestee has a bleeding disorder or has taken medication that inhibits coagulation, the arrestee shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

504.4.4 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The deputy shall follow any directions accompanying the urine evidence collection kit. Urine tests should only be utilized if a person is a hemophiliac or unable to give blood.

Urine samples shall be collected and witnessed by a deputy or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The collection kit shall be marked with the person's name, offense, Ventura County Sheriff's Office case number and the name of the witnessing deputy. The collection kit should be refrigerated pending transportation for testing.

504.4.5 STATUTORY NOTIFICATIONS

Deputies requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

504.4.6 PRELIMINARY ALCOHOL SCREENING

Deputies may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The deputy shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, the person shall be advised that the PAS test is voluntary. The deputy shall also advise the person that submitting to a PAS

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Impaired Driving

test does not satisfy the person's obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

504.4.7 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21

If a deputy lawfully detains a person under 21 years of age who is driving a motor vehicle and the deputy has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the deputy shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the deputy may request the person to submit to chemical testing of the person's blood, breath, or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the deputy shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

504.5 REFUSALS

When an arrestee refuses to provide a viable chemical sample, deputies should:

- (a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
- (b) Audio- and/or video-record the admonishment when it is practicable.
- (c) Document the refusal in the appropriate report.

504.5.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, deputies shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

504.5.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (Penal Code § 1524).
- (b) The deputy can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

ANY JUSTIFICATION FOR AN EXIGENCY PROMPTING A WARRANTLESS FORCIBLE BLOOD DRAW FROM AN INDIVIDUAL ARRESTED FOR DUI SHALL BE PRE-APPROVED BY THE PATROL WATCH COMMANDER.

Ventura County Sheriff's Office

504.5.3 OBTAINING SEARCH WARRANTS FOR NON-CONSENSUAL BLOOD DRAWS

All requests to seek a search warrant for a forced blood draw shall be approved by the on-duty watch commander. If the watch commander approves the request, the deputy shall seek the warrant via the electronic search warrant process. Additionally, the deputy shall verbally provide the specific facts establishing probable cause to either the watch commander or patrol supervisor. The watch commander or patrol supervisor must concur that probable cause exists prior to submitting the warrant affidavit for judicial review.

Please note that the DUI search warrant process is the only search warrant procedure that **does not** include a review of the warrant application by a deputy district attorney prior to being delivered to a judge.

The Ventura County District Attorney's Office has developed a search warrant template for this process (linked below/posted on the Sheriff's Intranet Forms Section under Patrol Services).

https://sheriffintranet/wp-content/uploads/2019/04/ir_SW_DUI_Blood_Draw_Apr2019-2-2.doc

504.5.4 PROCEDURES WHEN OBTAINING FORCED BLOOD SAMPLES

If a person indicates by word or action that he/she will physically resist a blood draw, the deputy shall request a supervisor to respond. The responding supervisor should:

- Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another deputy) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio if practicable.
- Ensure that the withdrawal is taken in a medically approved manner.
- Ensure the forced withdrawal is recorded on audio and/or video when practicable.
- Monitor and ensure that the type and level of force applied is reasonable under the circumstances:
 - (a) Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - (b) In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - (c) In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted. Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related

report. If a supervisor is unavailable, deputies are expected to use sound judgment and perform as a responding supervisor, as set forth above.

504.6 ARREST AND INVESTIGATION

504.6.1 WARRANTLESS ARREST

In addition to the arrest authority granted to deputies pursuant to Penal Code § 836, a deputy may make a warrantless arrest of a person that the deputy has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- (a) The person is involved in a traffic crash.
- (b) The person is observed in or about a vehicle that is obstructing the roadway.
- (c) The person will not be apprehended unless immediately arrested.
- (d) The person may cause injury to themselves or damage property unless immediately arrested.
- (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

504.6.2 DEPUTY RESPONSIBILITIES

The deputy serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

- (a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).
- (b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
- (c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

Traffic Citations

505.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

505.2 RESPONSIBILITIES

The traffic sergeants shall be responsible for the development and design of all department traffic citations in compliance with state law and the Judicial Council.

505.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the station captain or designee. The request shall be submitted via a Traffic Citation Dismissal Request Form

https://sheriffintranet/wp-content/uploads/2018/08/PM_Traffic_memo.pdf

Upon a review of the circumstances involving the issuance of the traffic citation, the patrol station captain or designee may recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should a deputy determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the deputy may request the court to dismiss the citation.

505.4 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the deputy issuing the citation shall submit the citation along with a notice of correction form. The citation and notice of correction form shall then be forwarded to the traffic bureau supervisor or appropriate designee. The traffic bureau supervisor or designee shall forward the citation and notice of correction to the court having jurisdiction and to the recipient of the citation.

505.5 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE

Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

505.5.1 APPEAL STAGES

Appeals may be pursued sequentially at three different levels (Vehicle Code § 40215; Vehicle Code § 40230):

- (a) Administrative reviews are conducted by the Traffic Bureau or designated station supervisor who will review written/documentary data. Requests for administrative reviews are available at the front desk of each station. These requests are informal written statements outlining why the notice of parking violation should be dismissed.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Traffic Citations

Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.

- (b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.
- (c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to the Superior Court of California.

505.5.2 TIME REQUIREMENTS

Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

- (a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking Violation (Vehicle Code § 40215(a)).
- (b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).
- (c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).
- (d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209; Vehicle Code § 40210).

505.5.3 COSTS

- (a) There is no cost for an administrative review.
- (b) Appellants must deposit the full amount due for the citation before receiving an administrative hearing, unless the person is indigent, as defined in Vehicle Code § 40220, and provides satisfactory proof of inability to pay (Vehicle Code § 40215).
- (c) An appeal through Superior Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

505.6 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Disabled Vehicles

506.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

506.2 DEPUTY RESPONSIBILITY

When an on-duty deputy observes a disabled vehicle on the roadway, the deputy should make a reasonable effort to provide assistance. If that deputy is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available field unit, or notify the agency with primary jurisdictional traffic responsibility, of the need for assistance as soon as practical.

506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

506.3.2 EXPENSES

When providing assistance, department personnel shall not cause the department or the County of Ventura to incur any extraneous expenses, such as providing fuel or mechanical supplies.

506.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

72-Hour Parking Violations

507.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the applicable county or city ordinances regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code §§ 22652.6 and 22669.

507.2 MARKING VEHICLES

Vehicles suspected of being in violation of the respective 72-hour parking ordinance shall be marked and noted on an "Unattended Vehicle" notice. No case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the "Unattended Vehicle" notice. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

All "Unattended Vehicle" notices shall be kept on file at the station with jurisdiction over the area.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

507.2.1 MARKED VEHICLE FILE

The station traffic bureau, or other designated personnel, shall be responsible for maintaining a file for all "Unattended Vehicle" notices.

Designated personnel shall be responsible for the follow up investigation of all 72-hour parking violations noted on the "Unattended Vehicle" notices.

507.2.2 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP form 180) shall be completed by the deputy authorizing the storage of the vehicle.

The storage report form shall be submitted to the Records Bureau immediately following the storage of the vehicle. It shall be the responsibility of the Records Bureau to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the station with jurisdiction to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 MODIFICATION OF CHARGES FILED

Employees of the Ventura County Sheriff's Office are required to receive approval of an assistant sheriff or their designee to request that a district attorney, or any other court official, alter or dismiss pending charges that have been filed with any federal or state court.

600.3 CUSTODIAL INTERROGATION REQUIREMENTS

Any custodial interrogation of a person who is suspected of having committed any violent felony offense should be electronically recorded (audio/video or both as available) in its entirety as otherwise allowed by law. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Deputies should also consider electronically recording a custodial interrogation, or any investigative interview, for any other offense when the deputy reasonably believes it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of an interrogation should be destroyed or altered without written authorization from the District Attorney and the Detective Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or different format provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes.

Deputies should not allow the recording to take the place of a thorough report and investigative interviews and should continue to obtain written statements from suspects when applicable.

600.4 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY

The Major Crimes Division Commander is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

- (a) Security procedures are developed to protect information gathered through the use of the technology.
- (b) A usage and privacy policy is developed that includes:
 1. The purposes for which using cellular communications interception technology and collecting information is authorized.
 2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.
 3. Training requirements necessary for those authorized employees.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Investigation and Prosecution

4. A description of how the Department will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.
5. Process and time period system audits.
6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.
7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.
8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department's usage and privacy procedures and all applicable laws.

600.5 USE OF CERTAIN DNA SAMPLES

Known samples of DNA collected from a victim of a crime or alleged crime, and known reference samples of DNA from any individual that were voluntarily provided for the purpose of exclusion are to be used only for the purpose directly related to the incident being investigated and in compliance with the procedures identified in Penal Code § 679.12.

600.6 ANTI-REPRODUCTIVE RIGHTS CRIMES

A member should take a report any time a person living within the jurisdiction of the Ventura County Sheriff's Office reports that the person has been a victim of an anti-reproductive rights crime as defined by Penal Code § 13776 and Penal Code § 423.3. This includes:

- (a) Taking a report, even if the location of the crime is outside the jurisdiction of this department or has not been determined (e.g., online harassment).
- (b) Providing the victim with the appropriate information, as set forth in the Victim and Witness Assistance Policy. Members should encourage the person to review the material and should assist with any questions.

A report should also be taken if a person living outside department jurisdiction reports an anti-reproductive rights crime that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in the [city/county] to facilitate the crime).

A member investigating an anti-reproductive rights crime should ensure that the case is referred to the appropriate agency if it is determined that this department should not be the investigating agency. The victim should be advised that the case is being transferred to the agency of jurisdiction. The appropriate entries should be made into any databases that have been authorized for department use and are specific to this type of investigation.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Investigation and Prosecution

The Detective Bureau supervisor should provide the Crime Analysis Unit (CAU) with enough information regarding the number of calls for assistance and number of arrests to meet the reporting requirements to the California Department of Justice as required by Penal Code § 13777. See the Records Bureau Policy for additional guidance.

600.7 STATE REQUIREMENTS FOR FIREARM INVESTIGATIONS

600.7.1 CALIFORNIA DOJ NOTICE OF LOCATION OF REPORTED LOST OR STOLEN FIREARM

When notification is received from the California Department of Justice (DOJ) that a firearm purchase matches an entry made into the Automated Firearms System by the Department as lost or stolen, the Detective Bureau supervisor shall assign a deputy to retrieve the firearm and book the firearm into evidence in accordance with the Property and Evidence Policy. Recovery of the firearm shall be reported pursuant to Penal Code § 11108.2, Penal Code § 11108.3, and Penal Code § 11108.5. If appropriate, arrangements may be made to have another state or local law enforcement agency retrieve the firearm on behalf of the Department (Penal Code § 28220).

600.7.2 RELINQUISHMENT OF FIREARMS VERIFICATION

The Detective Bureau supervisor shall designate a member to have access to the Armed Prohibited Persons System (APPS) to receive information regarding individuals in the jurisdiction of the Department who have become a prohibited possessor of a firearm registered in their name and have not provided proof of relinquishment. The member shall document steps taken to verify that the individual is no longer in possession of firearms and provide the information to the Records Bureau for preparation of a quarterly report to the California DOJ (Penal Code § 29813) (see the Records Bureau Policy for additional guidance).

Crime Scene Investigation Requests/Callout Procedures for the Forensic Services Bureau

601.1 PURPOSE AND SCOPE

This policy explains procedures for calling out Forensic Services Bureau staff to assist in crime scene investigations. The Field Evidence Technician (FET) from the Crime Scene Investigation Unit (CSI) will handle most of the callouts, but there may be instances where Forensic Scientists could provide assistance. The Forensic Scientists can provide additional techniques that may be useful in certain crime scenes, such as homicides, some sexual assaults, cases requiring bullet trajectory analysis, or cases involving blood pattern analysis.

601.2 CALLOUT PROCEDURES

All requests for a FET or a Forensic Scientist must be made through the Patrol Watch Commander (805-662-6755) or the on scene supervisor. It shall be the responsibility of the Watch Commander or the on scene supervisor to evaluate all requests and determine the need for a FET or Forensic Scientist. The Watch Commander will make the necessary request to the CSI Unit. The Watch Commander can contact members of the CSI Unit, the Crime Scene Supervisor, or the Laboratory Assistant Manager for advice on whether a response is warranted.

The Forensic Services Bureau will provide the Watch Commander with a daily schedule and contact information for available callouts.

601.3 AVAILABILITY

If the Watch Commander determines that a FET shall not be called to a crime scene, or that it would be impossible to arrive in a reasonable period of time, but it is deemed desirable to preserve certain physical evidence, the items of evidence shall be collected, identified, and preserved by the field deputy and booked into the Property Room for processing at a later time. See the Property Room Manual found in the document library under Crime Lab-Property & Evidence Manual on the Sheriff's Intranet or go to: https://sheriffintranet/wp-content/uploads/2018/08/PE_manual.pdf for details on booking evidence into the Property Room.

601.4 BOOKING OF EVIDENCE IN ABSENCE OF A FET OR FORENSIC SCIENTIST

Evidence shall not be held by the field deputy, but shall be booked into the Property Room as soon as it is practical. If the evidence should require fingerprint or other examination by the Laboratory an Electronic Request for Analysis Form (ERFA) must be completed (see the link on the Sheriff's Intranet page under Databases).

601.5 CASES NOT NEEDING A FET OR FORENSIC SCIENTIST

The CSI Unit should not be dispatched on the following types of calls unless special circumstances justify their response.

- (a) Vehicle burglaries when the stolen articles are of minor value
- (b) Petty theft from vehicles (tires, batteries, etc.)

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Crime Scene Investigation Requests/Callout Procedures for the Forensic Services Bureau

- (c) Out of county stolen vehicles
- (d) Attempted entry or attempted burglary
- (e) Malicious mischief
- (f) Illegal dumping

The CSI Unit should not be dispatched for the sole purpose of recovering or transporting property or items (including the service of search warrants).

- (a) The CSI Unit will not transport items listed as "Found Property," "Safekeeping," or "Destruction," unless special circumstances arise.
- (b) The CSI Unit should not be called out to deliver alcohol kits, DNA kits, rape kits, or packing supplies unless emergency circumstances justify their response. These kits should be available at the hospitals or the PTDF Watch Commander/Sergeant's Office.
- (c) Unless involved in a persons crime, narcotics will not be transported by the CSI Unit, due to the requirement for weighing them and performing a presumptive test (reference Property Manual).

Sexual Assault Investigations

602.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Senior and Disability Victimization policies.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY

It is the policy of the Ventura County Sheriff's Office that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Sexual Assault Investigations

602.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

602.5 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.5.1 VICTIM RIGHTS

Whenever there is an alleged sexual assault, the assigned deputy shall accomplish the following:

- (a) Prior to the commencement of the initial interview, advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, about any other rights of a sexual assault victim pursuant to the sexual assault victim card described in Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
- (b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the deputy shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
 1. The deputy shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
 2. A support person may be excluded from the examination by the deputy or the medical provider if the support person's presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Sexual Assault Investigations

602.5.2 VICTIM CONFIDENTIALITY

Deputies investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting deputy shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

602.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately (Penal Code § 680).

602.6.1 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT

The Property Room supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

602.6.2 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned deputy shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Sexual Assault Investigations

into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned deputy determines that a SAFE kit submitted to a private vendor laboratory for analysis has not been tested within 120 days after submission, the deputy shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned deputy shall continue to update the status every 120 days thereafter until the testing is complete, the statute of limitations has run, or the SAFE kit is exempt from the update requirement (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned deputy shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

602.6.3 COLLECTION OF DNA REFERENCE SAMPLES

Reference samples of DNA collected directly from a victim of sexual assault, and reference samples of DNA collected from any individual that were voluntarily provided for the purpose of exclusion, shall be protected as provided in Penal Code § 679.12 (Penal Code § 680).

602.6.4 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

- (a) Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680).
 - 1. Although such information may be communicated orally, the assigned deputy should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 - 2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.
- (b) Sexual assault victims shall further have the following rights (Penal Code § 680):
 - 1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.
 - 2. To be informed if there is a confirmed match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Sexual Assault Investigations

- Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank or the federal Department of Justice or Federal Bureau of Investigation CODIS database of case evidence.
 4. To access the DOJ SAFE-T database portal consistent with Penal Code § 680.3(e) for information involving their own forensic kit and the status of the kit.
- (c) Provided that the sexual assault victim or the victim's authorized designee has kept the assigned deputy informed with regard to current address, telephone number, and email address (if available), any victim or the victim's authorized designee shall, upon request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).
1. Although such information may be communicated orally, the assigned deputy should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 2. No deputy shall be required or expected to release any information which might impede or compromise any ongoing investigation.

602.7 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Detective Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

602.8 CASE REVIEW

The Detective Bureau supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Sheriff.

602.9 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Sexual Assault Investigations

developing helpful investigative leads. The Detective Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

602.10 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
 - 5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

Informants

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

603.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with any member of this department for law enforcement purposes. This includes a person agreeing to supply information to the law enforcement officer for a benefit (e.g. a quid pro quo in the form of a reduced or no criminal penalty, money).

603.1.2 TYPES OF INFORMANTS

The following definitions will assist in making distinctions between types of informants:

- A. **Citizen Informants:** Individuals who provide information and identify themselves to the law enforcement agency, but want their names withheld from public record. Citizen informants supply information out of a desire to be "good citizens" and are generally considered reliable by the courts.
- B. **Anonymous Informants:** Individuals who provide information but do not reveal their identity to the law enforcement agency. The reliability of the information must be established.
- C. **Confidential Informants:** Generally, the reliability of these individuals is not presumed and must be established. For the purpose of this order, confidential informants are individuals who gather information and/or provide assistance at the direction of law enforcement with or without the prospect of judicial leniency or monetary compensation. 603.3 USE OF INFORMANTS

Deputies not assigned to special investigative units shall not independently utilize and/or manage confidential informants. Additionally, members of this department should never guarantee absolute safety or confidentiality to an informant.

Before using an individual as a confidential informant the informant file must be approved by the Narcotics Captain, or his/her designee. The deputy requesting use of a potential informant shall compile sufficient information via a thorough background investigation in order to determine the reliability, credibility and suitability of the potential informant. The deputy should focus on all aspects of the potential informant including, but not limited to: age, maturity, criminal history, and potential risk of physical harm to the informant.

Persons with a past history of violent crimes such as murder, robbery, assault with a deadly weapon, or assault on a peace officer, should only be considered as potential informants in Major Crimes level investigations. Persons with prior arrests for child molestation or other sexual assaults crimes should not be used as informants unless approved by the Special Investigations Bureau Commander or above.

Persons who have a prior history of perjury, forgery, fraud, and theft, should be evaluated carefully on a case-by-case basis as these types of crimes can affect the individuals use as a witness in court. The use of any informant convicted of the types of crimes described in this paragraph is generally discouraged and shall be subject to the approval of the Narcotics captain, or designee.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Informants

Deputies not assigned to special investigative units, shall not independently utilize and/or manage **confidential** informants.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

Deputies assigned to special investigative units shall comply with the policies and/or procedures of their respective units.

If an individual expresses a desire to become an informant in exchange for judicial leniency, proper investigative personnel shall be notified through a supervisor or watch commander.

If it is learned that the informant has previously worked with law enforcement in the past, every attempt should be made to contact the former agency and/or officer prior to utilizing the informant.

There shall be no efforts or attempts to coerce information from a citizen or create a situation where an individual feels threatened or intimidated into supplying information or assistance.

"Oversight" of an informant belongs to the Department - not to any individual deputy or team of deputies. Deputies authorized to utilize confidential informants shall not utilize an informant without the knowledge of their immediate supervisor.

The special investigations unit deputy in charge of recruiting the informant will also be responsible for explaining liability issues as well as entrapment issues.

No deputy shall refuse to disclose information regarding any informant when lawfully ordered to do so (Refer to 1040-1042 of the Evidence Code).

Persons on formal probation or parole shall require the approval of their probation/parole officer prior to being utilized as a confidential informant.

The searching of informants shall be done by members of the same sex.

Informants shall not be introduced to or exposed to more department personnel than is necessary. The deputy handling the informant should minimize the informant's exposure to unit tactics, technical equipment, and undercover vehicles.

Every in person contact with an informant necessitates written documentation detailing the circumstances of the meeting. A synopsis of the meeting shall be documented on a "Contact Report." Pertinent telephone conversations shall also be documented on a Contact Report.

Any time an informant gives information on criminal activity, a debrief report shall be completed listing the criminal activity. The debrief report should be completed in a timely manner and submitted.

Prior to any controlled operation, the informant must be thoroughly strip searched and kept under surveillance before beginning the operation. At the conclusion of all operations, the informant will be strip searched for contraband. Under no circumstances will the informant retain any evidence. Any deviation from this strip search protocol shall be approved by a unit supervisor and documented in the appropriate report.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Informants

If the informant fails to complete any part of their agreement and/or performs unsatisfactorily at any time, then their future as an informant can be terminated. The officer handling the informant shall submit a written report via a deactivation report and submit it to his/her unit supervisor and to the unit captain detailing their request to terminate the informant from the original agreement.

603.3.1 JUVENILE INFORMANTS

The use of juvenile informants under the age of 13-years is prohibited. Except as provided for in the enforcement of the Tobacco Enforcement Act, Business & Professions Code §§ 22950, et seq., the use of any juvenile informant between the ages of 13 and 18-years is only authorized by court order obtained pursuant to Penal Code § 701.5.

For purposes of this policy, a "juvenile informant" means any juvenile who participates, on behalf of this department, in a prearranged transaction or series of prearranged transactions with direct face-to-face contact with any party, when the juvenile's participation in the transaction is for the purpose of obtaining or attempting to obtain evidence of illegal activity by a third party and where the juvenile is participating in the transaction for the purpose of reducing or dismissing a pending juvenile petition against the juvenile.

603.3.2 RESTRICTIONS REGARDING JUVENILE INFORMANTS

Juveniles will not be utilized as confidential informants, except under special circumstances.

If a juvenile is to be utilized as a confidential informant, written approval must be obtained from the juvenile's parent or legal guardian and the unit captain shall give final approval prior to any utilization of a juvenile as a confidential informant.

Furthermore, permission of the Superior Court must also be obtained if the juvenile is a ward of the court or has charges pending. (Refer to Penal Code 701.5 - Use of minor informants.)

603.4 GUIDELINES FOR HANDLING CONFIDENTIAL INFORMANTS

All confidential informants are required to sign and abide by the provisions of the departmental Informant Agreement. The deputy using the confidential informant shall discuss each of the provisions of the agreement with the confidential informant.

Details of the agreement are to be approved in writing by the unit supervisor before being finalized with the confidential informant.

603.4.1 RELATIONSHIPS WITH CONFIDENTIAL INFORMANTS

No member of the Ventura County Sheriff's Office shall knowingly maintain a social relationship with a confidential informant while off duty, or otherwise become intimately involved with a confidential informant. Members of the Ventura County Sheriff's Office shall neither solicit nor accept gratuities nor engage in any private business transaction with a confidential informant.

To maintain deputy/informant integrity, the following must be adhered to:

- (a) Deputies shall not withhold the identity of an informant from their superiors;
- (b) Identities of informants shall otherwise be kept confidential;

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Informants

- (c) Criminal activity by informants shall not be condoned;
- (d) Informants shall be told they are not acting as sheriff's deputies, employees or agents of the Ventura County Sheriff's Office, and that they shall not represent themselves as such;
- (e) The relationship between deputies and informants shall always be ethical and professional;
- (f) Social contact shall be avoided unless necessary to conduct an official investigation, and only with prior approval of the captain responsible for that special investigative unit handling the informant;
- (g) Deputies authorized to utilize confidential informants shall not meet any informant in a one-on-one situation unless they have received prior approval from their immediate supervisor;
- (h) Deputies shall not meet alone with a confidential informant of the opposite sex;
- (i) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

603.4.2 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of a deputy.
- (c) The informant reveals to suspects the identity of a deputy or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant intentionally withholds or destroys evidence.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Informants

- (g) The informant engages in any other behavior that could jeopardize the safety of deputies or the integrity of a criminal investigation.
- (h) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT PAYMENTS

The Ventura County Sheriff's Office recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

603.5.1 INFORMANT PAYMENT PROCEDURE

The potential payment of any sum of money to any confidential informant must be done in a manner respecting public opinion and scrutiny. Additionally, to maintain a good accounting of such funds requires a strict procedure for disbursements.

Any and all money paid to an informant shall be approved by the informant's handler's supervisor. Whenever an informant is paid any money, a "Receipt of Information" form will be completed. The informant, or receiver of funds, is required to sign a receipt of all monies paid. The only exception to this is money paced on an informant's books while in custody. In this case, a receipt for deposit shall be submitted. If an electronic file for an informant exists, payments shall also be documented in the electronic file. Payments to informants shall also be electronically documented in the informant's electronic file. All payments to an informant shall be recorded and witnessed.

The amount of funds to be paid to any confidential informant will be evaluated against the following criteria:

- (a) Significance of the violator (target);
- (b) The type and quantity of the controlled substance or property seized;
- (c) The target's criminal record and/or prior convictions;
- (d) The target's violence potential and the impact on the community;
- (e) Any associates and/or criminal organizations tied to the target;
- (f) The level of risk taken by the informant;
- (g) The use of a firearm by the target;
- (h) Criminal street gang affiliations and/or STEP Act prosecution.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

604.1.1 DEFINITIONS

Definitions related to the policy include:

Blind administration - The completion of a live lineup or photographic identification, where the deputy does not know the identity of the suspect.

Blinded administration - The completion of a live lineup or photographic identification, where the deputy showing the lineup to an eyewitness may know the identity of the suspect, but does not know where the suspect, or his or her photograph, has been placed or positioned in the identification procedure.

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The Ventura County Sheriff's Office will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Eyewitness Identification

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Detective Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
- (k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Eyewitness Identification

The eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures. When it is not feasible to make a recording with both audio and visual representations, an audio recording should be made (Penal Code § 859.7).

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

604.6.1 DOCUMENTATION RELATED TO RECORDINGS

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

604.6.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION

If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

604.7 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Eyewitness Identification

- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h)

604.8 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, blind administration should be used so that the member presenting the lineup is not involved in the investigation of the case, nor does he or she know the identity of the suspect. If the member presenting the lineup knows the suspect, blinded administration should be used. This requires the order of the suspect or photos and fillers to be randomized before being presented so the person presenting the lineup does not know the position of the suspect (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.8.1 OTHER SAFEGUARDS

Witnesses should be asked for suspect descriptions as close in time to the incident as possible, before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that may validate or invalidate an eyewitness' identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

Forensic Genetic Genealogy

605.1 PURPOSE AND SCOPE

This policy provides guidance for the use of forensic genetic genealogy (FGG) to generate investigative leads.

605.1.1 DEFINITIONS

Definitions related to this policy include:

Combined DNA Index System (CODIS) - An FBI computer software program that operates deoxyribonucleic acid (DNA) profile databases for law enforcement use.

DNA typing laboratory - A laboratory that analyzes biological samples, including extracted DNA, in order to provide various DNA profile types. State or local crime labs are generally not equipped to provide single nucleotide polymorphism (SNP) DNA profiles; therefore, the use of private DNA typing laboratories is often necessary for FGG.

Extracted DNA - The DNA isolated from a biological sample remaining after previous DNA testing has been completed.

Forensic genetic genealogy (FGG) - The process of obtaining a SNP DNA profile from a biological sample collected during an investigation; uploading the profile to a genetic genealogy site for comparison to the consumer profiles in the site's database to identify genetic relatives; and using the identified genetic relationships, as well as traditional genealogy research, to generate investigative leads.

Genetic genealogist - A genealogist who uses DNA testing with traditional genealogical research methods to assist law enforcement or private clients in identifying biological relatives of an individual.

Genetic genealogy site - A database of DNA profiles voluntarily submitted by public consumers for the purpose of identifying genetic relatives. The availability of genetic genealogy sites for law enforcement use varies depending on their terms of service.

Short tandem repeat (STR) DNA profile - The results of DNA typing in a format that can be processed through CODIS and state DNA databases. This is the type of DNA used in conventional non-FGG law enforcement investigations.

Single nucleotide polymorphism (SNP) DNA profile - The results of DNA typing in a format that enables an unknown DNA sample to be compared to the DNA profiles maintained by a genetic genealogy site. This is the DNA type used in FGG.

605.2 POLICY

The Ventura County Sheriff's Office's use of FGG will be in coordination with prosecutors, the Medical Examiner, and other appropriate resources only in qualifying cases after reasonable conventional investigative methods have been pursued. Members will take reasonable steps to

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Forensic Genetic Genealogy

maintain the integrity of the FGG process and safeguard the privacy rights of individuals whose DNA profiles are analyzed.

605.3 CRITERIA FOR FGG USE

Before using FGG, the lead investigator should coordinate with the supervisor to determine whether the case meets the following requirements:

- (a) Biological evidence collected as part of the underlying investigation (or extracted DNA from the biological evidence) is available for additional testing and is reasonably believed to be attributable to:
 - 1. The perpetrator of an unsolved violent felony.
 - 2. Any unidentified human remains.
- (b) Conventional investigative methods should be pursued, unless the investigating agency has determined that FGG is an appropriate and necessary step in the development of investigative leads. FGG is a powerful tool and should not replace traditional conventional investigative methods.
- (c) An STR DNA profile has been developed or attempted to be developed from the biological evidence collected in the case and, absent unusual circumstances, has been uploaded to CODIS and any applicable state DNA database for comparison with negative results.

605.4 COORDINATION

On unsolved violent felony cases, once a preliminary determination has been made that a case may qualify for the use of FGG, the lead investigating member should consult with the appropriate prosecutor to address current and prospective legal issues.

In the case of unidentified human remains, the lead investigator should also consult with the Medical Examiner.

605.5 SUBMISSION OF SAMPLE

The biological evidence or extracted DNA should be submitted to a DNA typing laboratory approved by the Department in order to obtain a SNP DNA profile.

Once a SNP DNA profile has been obtained from the biological evidence or extracted DNA, the lead investigating member should arrange for it to be compared to the SNP DNA profiles contained in one or more genetic genealogy sites to identify possible genetic relatives. The lead investigator should work with a qualified genetic genealogist as needed during this process.

When submitting a SNP DNA profile for comparison, the lead investigator or the authorized designee (e.g., assigned genetic genealogist) should confirm that the site's terms of service permit FGG for the type of case being investigated. The use of the SNP DNA profile and any subsequent comparison shall be limited to the original underlying investigation.

If at any time during the FGG process the case no longer meets the criteria for FGG use, the lead investigator should promptly notify the DNA typing laboratory, genetic genealogy site, and/or

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Forensic Genetic Genealogy

genetic genealogist to cease any further analysis and to return all evidence, data, and materials to the Department.

605.6 ANALYSIS OF FGG DATA

Once results of a comparison are received from a genetic genealogy site, the information should be evaluated by a genetic genealogist, who will assist the lead investigator in identifying potential investigative leads.

The lead investigator should promptly and diligently pursue each viable lead identified through the FGG process using traditional investigative methods, as appropriate, to:

- (a) Eliminate an individual as a potential suspect in the case.
- (b) Link an individual to the case as a potential suspect.
- (c) Identify human remains.

605.7 COLLECTION OF THIRD-PARTY DNA SAMPLE

If it is determined that a third-party DNA sample (i.e., from a person not likely to be a suspect in the investigation) should be collected and analyzed for FGG, consent from the third party should be obtained prior to collection.

If there is a reasonable belief that the integrity of the investigation would be compromised by seeking consent from the third party prior to collection, the lead investigator should consult with the prosecutor regarding applicable laws and procedures in both the jurisdiction of the investigation and the jurisdiction where the collection will occur, if different.

The use of a third-party DNA sample shall be limited to the original underlying investigation.

605.8 POST-IDENTIFICATION

Members shall not rely solely on FGG identification of a potential suspect for probable cause to make an arrest or obtain an arrest warrant. Unless there is sufficient evidence independent of the FGG data to support an arrest, a potential suspect identified through FGG should not be arrested until the suspect's identity is confirmed.

Members shall not rely solely on FGG to identify human remains unless there is sufficient evidence independent of the FGG data to declare the identification or confirmation testing has been completed.

Confirmatory DNA testing should be conducted by collecting a known DNA sample from the potential suspect or, in the case of unidentified human remains, from a close biological relative. This known DNA sample should be submitted for comparison to the original unknown DNA profile through conventional methods.

If a search warrant is needed to obtain a known DNA sample, the lead investigator should consult with the prosecutor.

Once the identity of a suspect or the identity of unidentified human remains has been confirmed through conventional DNA testing, the lead investigator should:

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Forensic Genetic Genealogy

- (a) Consult with the prosecutor to evaluate the entire investigative file for consideration of criminal charges or further investigation.
- (b) If applicable, consult with the Medical Examiner for an amendment to a certificate of death.

605.9 PRIVACY CONSIDERATIONS

Members should make reasonable efforts to respect and protect the privacy of non-suspect genetic relatives identified through the FGG process. The names and identifying information of any non-suspect genetic relatives should not be included in official reports, probable cause declarations, or affidavits for search warrants and should not be disclosed unless otherwise required by law or court order.

The lead investigator or genealogist should remove the SNP DNA profile from all genetic genealogy sites upon identity confirmation and should retain a copy of the data for department records.

The supervisor shall direct the memo to the appropriate Assistant Sheriff via channels, which shall include the results of his investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

Upon review and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Sheriff or his designee who will then forward the claim to the Sheriff's Business Office.

All department members determined to have been involved in an avoidable collision, who have also been involved in a prior avoidable collision, may be subject to progressive discipline in accordance with this department's policies, County Personnel Rules and Regulations, and respective Memorandums of Agreement.
 5. If the committee finds that a training deficiency exists, even if the member is not at fault, mandatory remediation shall be ordered. The internal affairs captain shall be responsible for processing the mandatory training notification.
- (f) Disciplinary Guidelines
- (a) The Sheriff or designee reserves the right to institute, review and/or change the committee's recommendation and/or the recommended discipline based on the circumstances including, but not limited to, the gravity of the collision, extent of damage, and injuries or death.
 - (b) These disciplinary guidelines are intended to address vehicle traffic collisions only. These guidelines do not apply to incidents involving damage to a department vehicle or other department property resulting from a cause other than a traffic collision.
 - (c) The following guidelines will apply in the absence of gross negligence or intentional misconduct by the involved member that caused or contributed to the traffic collision. Gross negligence means conduct that is more than ordinary negligence. Ordinary negligence is the failure to exercise ordinary or reasonable care. Gross negligence refers to negligent acts that are aggravated, reckless, or flagrant.
 - (a) First avoidable incident up to, but not to exceed, a written reprimand given by a divisional representative of the rank of sergeant or higher

- (d) Progressive discipline will be imposed for subsequent avoidable incidents in accordance with the Ventura County Personnel Rules and Regulations and Department Policies.
- (e) In considering progressive discipline, 1 year from the occurrence date of an incident resulting in a verbal reprimand, 2 years from the occurrence date of an incident resulting in a written reprimand, and 5 years from the occurrence date of an incident resulting in a reduction in pay, suspension, or demotion will be used.
- (f) In addition to, or in lieu of the listed discipline, the Sheriff or designee may exercise management prerogative and reassign employees who have been involved in multiple avoidable traffic collisions, or a particularly egregious traffic collision, when doing so would be in the best interests of the Department and/or the employee.
- (g) Grievance and Appeal Procedures:
 - 1. Grievance and appeal procedures shall be in accordance with the Department's policies, respective Memorandums of Agreement, and County of Ventura Personnel Rules and Regulations.

REIMBURSEMENT, PERSONAL EXPENSES AND CLAIMS

704.1 PURPOSE AND SCOPE

Department employees shall be reimbursed for any necessary and reasonable expenses incurred while attending to County business when approved or authorized by the department head; such reimbursement is authorized under Section 3601-3603 and Chapter II of the County of Ventura Administrative Manual.

704.2 REIMBURSABLE COUNTY EXPENSES AND PROCEDURES FOR CLAIMS

Claiming procedure for these expenses shall be filed on the form, "Claim for Reimbursement of Travel Expenses" (PAOF 844) in the following manner: Government regulations pertaining to the county auditor require that each employee submit a claim for his/her expenses in the following manner:

- (a) Name of employee;
- (b) Address to be used as: Ventura County Sheriff's Office, 800 South Victoria Avenue, Ventura, CA 93009;
- (c) Statement of purpose of county business or destination and inclusive dates covering trip, or both;
- (d) All receipts should be retained by the claimant (except textbook and tuition) to be made available for examination upon request. Textbook and tuition claims should include copies of all receipts and grade reports.
- (e) Detailed breakdown by day and location of meals, lodging, parking fees, etc. Included will be names of individuals involved and where applicable the subject matter discussed;
- (f) Prisoner's meals will be itemized as such on transporting officer's claim;
- (g) Mileage to be entered in space provided with form PAOF 789 (Trip Log) attached;
- (h) Sign declaration statement section; attach required receipt; forward in triplicate to division commander to review and forwarding through channels to department business office. Claims for reimbursement of expenses are to be submitted within thirty (30) days of accrual.

704.3 DEFINITION OF NECESSARY AND REASONABLE EXPENSES

- A. Reasonable means that the expenditure was for an amount normally expected to be incurred. As an example, under current County policy the County would normally not pay for first class plane fare if suitable accommodations were available at a lower rate. Meal and lodging costs will and are expected to vary depending on the areas involved.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

REIMBURSEMENT, PERSONAL EXPENSES AND CLAIMS

- B. Necessary implies that the purpose was appropriate. There is no problem in determining if expenses are necessary when they are incurred in connection with an out-of-County trip. The purpose of the trip is usually quite clearly defined and therefore identifiable as County business. The expense of getting to and from the destination, and the length of time outside the County determines what travel and meal expenses are "necessary".

However, the same is not true for meals within Ventura County. Whether or not the in-County meal is a necessary county expense turns principally on whether this is the only reasonable time to conduct the County business involved. Generally, it is possible to arrange the meetings during normal business hours. Therefore, a clear specific explanation must be made as to why the meal was a necessary part of the meeting.

By itself the fact that an individual is visiting from out of town does not justify paying for his/her meals. It should be noted that generally the employer of the out-of-town visitor will reimburse that individual for out-of-pocket expenses. However, even the lack of such reimbursement does not automatically convert the expense into a necessary County expense.

Additionally, the fact that dinners or other forms of expenses may make meetings more pleasant is not adequate reason to convert the expense into a necessary expense. On the other hand when the meeting is lengthy, such as all day, and it is important to keep the group together or to avoid the time lost when dispersing to eat, the cost of the meal would be necessary to further County business and then would be reimbursable.

If the officer or employee is uncertain as to whether or not the expense can be classified as necessary advance clarification should be obtained from the Auditor-Controller's or County Counsel's offices.

704.3.1 RULES FOR LODGING AND MEALS

- A. **LODGING** - The County will pay actual room rental costs for each day that lodging away from home is required for business reasons. Whenever practical, individuals are expected to use good quality but reasonably priced hotels/motels. Most hotels/motels give a discount to governmental employees which should be requested when making reservations or registering. Employees should also inquire about transient occupancy tax (bed tax) exemption.
- B. **MEALS** - The County will reimburse appropriate meal expenses that are associated with overnight County business travel or are a necessary and ordinary expense of conducting County business based on the following chart. The listed amounts include Tax and 18% maximum tip (unless percentage of gratuity is set by the establishment on the meal receipt). Receipts are required unless the per diem reimbursement method applies and is utilized by the employee. For the current reimbursement rate for meals, refer to Financial Management Chapter VII (C), in the Administrative Policy Manual for the County of Ventura.. As a secondary consideration for the Department, meals purchased within the County by employees who are required to work overtime because of some unusual contingency may be reimbursed. Reimbursement to be regulated by the following: A minimum of 4 hours longer than the normal 8-hour

Ventura County Sheriff's Office

Ventura County SO Policy Manual

working day must be worked (12-hour total), and a normal meal period must occur during the overtime period worked. Reimbursement would be for actual cost.

- A. Airline or other travel insurance.
- B. Annual premiums for personal property insurance.

Payment for expenses incurred for or by constituents or citizen observers who are not official participants at an authorized activity is prohibited.

704.5 EXPENSE ADVANCES, PURCHASE ORDERS AND COUNTY CREDIT CARDS

- A. Purchase Orders
 - 1. Where possible purchase orders should be utilized. Air travel, tuition and registration are the best example.
- B. County Credit Cards

TEXTBOOK AND TUITION REIMBURSEMENT

705.1 PURPOSE AND SCOPE

The Ventura County Sheriff's Office encourages its employees to further their education in preparation for the changing demands of their jobs and to prepare for promotion within the department. The department expects to benefit from such education through greater employee effectiveness, and therefore intends to share in the costs of tuition, textbooks, registration, and laboratory fees.

705.1.1 COURSES ELIGIBLE

- (b) Job-related graduate course work is eligible for reimbursement.
- (c) Courses that are prerequisites to job-related courses are also eligible.

- (f) Conferences and seminars can also be eligible for textbook and tuition reimbursement. However, these should be considered for funding from the division's conference and seminar account prior to consideration under textbook and tuition reimbursement. Seminars and workshops directly job-related are eligible if offered in conjunction with a recognized college, educational institution, professional organization or county training facility.

The course work must be recommended and approved by the Sheriff or designee.

705.1.2 COURSES NOT ELIGIBLE FOR REIMBURSEMENT

- (a) Those taken to bring unsatisfactory performance up to an acceptable level.
- (b) Those that duplicate in-service training.
- (c) Those that duplicate training the employee has already received.

705.1.3 COSTS NOT COVERED

- (a) Courses must be taken on the employee's own time, on compensatory time, vacation time, or administrative leave.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

- (e) Conventions and conferences not qualifying as a "course" are not covered.

705.2 TEXTBOOK AND TUITION REIMBURSEMENT

The amount allowed for reimbursement each fiscal year varies according to each labor agreement. Employees should consult their current Memorandum of Agreement (MOA) for the annual amount eligible for reimbursement. The Sheriff's Business Office will track all claims to assure that they meet the eligibility criteria and do not exceed the dollar amount provided in the appropriate MOA.

Employees shall submit a Textbook and Tuition Reimbursement Application to the commander of the Human Resources Bureau for approval prior to the first class session. Applications must be submitted through the employee's bureau. A copy of the pre-approved Textbook and Tuition Application will be returned for inclusion in the final claim package.

- Completed Textbook and Tuition Claim Form
- Copy of the pre-approved Textbook and Tuition Application form
- Receipts Grade card, (if applicable)
- Certificate of completion, (if applicable)

PROCUREMENT BANK CARD PROGRAM

706.1 PURPOSE AND SCOPE

To improve operational efficiency and reduce costs associated with purchasing supplies for Sheriff's operations, the Department is initiating the Procurement Bank Card Program. This program includes the issuance of a VISA card to designated employees responsible for making purchases of supplies for the various divisions, bureaus and units within the Department. The purchasing card is designed to eliminate the need for requisitions and purchase orders associated with small dollar purchases.

706.2 GENERAL PROVISIONS

The procurement card will have the employee's name embossed on it. The named employee is the only one authorized to use the card. The card has been specially designed to avoid confusing it with personal credit cards. **THE PURCHASING CARD SHALL NOT BE USED FOR PERSONAL PURCHASES.**

A maximum dollar amount for each single purchase and a total for all purchases made with the purchasing card within a given cycle period will be assigned.

Prior to being issued a procurement card, each designated employee shall be assigned a copy of the County's Procurement Bank Card Procedures Manual; be given the appropriate training and orientation as provided by the General Services Agency/Purchasing Services; and complete a Procurement Bank Card Request Form.

706.2.1 USE POLICY

Use of the card does not relieve the cardholder from adherence to all County and Department acquisition regulations, policies, and procedures. The purchasing card is a supplement to the purchase order process. The following conditions must be met when using the card:

Each single purchase may be comprised of multiple items, but the total cannot exceed the single purchase dollar limit on the purchasing card.

When purchases exceed the limit established by the Department, the normal procedures of using purchase orders must be followed.

The least expensive item that meets the basic need must be sought.

Cardholders must ensure that sufficient appropriations are available prior to making a purchase.

Purchases must not be split to circumvent procurement regulations, i.e., purchase of an item in excess of the individual credit card limit on two separate credit cards. The intent of the policy is to ensure that purchases for items are made on one card at one time. Items comprised of separate components are to be purchased together on one credit card.

The card must not be used for purchases when the cardholder has a personal interest or knowledge which would create a conflict of interest. An example is buying from a relative or close friend.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

PROCUREMENT BANK CARD PROGRAM

Intentional use of the card for other than official County purposes will result in immediate cancellation of the purchasing card and disciplinary action as appropriate.

The purchasing credit card is not to be used for the purchase of services due to the complexity of IRS 1099 reporting. Other restrictions include the purchase of the following:

Ammunition and weapons;

Automobile rental;

Automotive parts, repairs, or maintenance;

Cash advances through bank tellers or teller machines;

Chemicals & hazardous materials;

Consultants, instructors, or speakers;

Fixed asset purchases;

Gasoline, diesel fuel, oil;

Personal computers, peripheral equipment and printers;

Purchase of items stocked in the Central Stores unless required in emergencies;

Systems office furniture;

Telecommunications equipment;

Travel, lodging and meals;

Work on County property by outside contractors.

706.2.2 RESPONSIBILITIES

Each division, bureau or unit will have a designated officer (approving officer) to approve purchases.

Cardholders will be responsible for logging all purchases on the "Order Log", compiling receipts and reconciling monthly statements of purchases.

Approving officers will be responsible for reviewing all charges and monthly statements from cardholders and forwarding same to the Business Office by the fifth (5) business day of each month.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

PROCUREMENT BANK CARD PROGRAM

The Business Office will be responsible for reviewing all documents to ensure compliance with existing policy and for reconciling monthly statements. The Business Office will maintain all permanent records relating to procurement bank cards.

706.3 COUNTY ISSUED CREDIT CARDS FOR TRAVEL

County credit cards shall be used only in connection with official County business. In cases where it is used to defray an employee's personal expense, the employee is required to reimburse the County for that particular charge. (Example: an employee on an official trip pays for his and his spouse's meal by charging them to the County credit card. The cost of the spouse's meal shall be paid by the employee when he submits his statement of expenses for that particular trip).

The employee using the County credit card shall be ultimately responsible for the charges made against the credit card. That responsibility terminates upon approval of those charges as legitimate business expenses and therefore chargeable against the County.

Lost or stolen County credit cards shall be reported immediately by telephone by the employee who had custody of the card, to be followed by a memorandum to the division custodian who had signed out the card.

Limits on meal and other travel expenses set forth by the Auditor-Controller or the Board of Supervisors shall be adhered to by the employee when using the credit card. The cost of meals such as those obtained from fast food restaurants and other incidentals, such as parking, which could not be paid for with a credit card, shall be reimbursed by submitting a statement of expenses for County reimbursement.

Airline tickets shall be obtained through established County vendors. Credit cards shall not be used to obtain airline tickets except under emergency circumstances, and only with the approval of the respective commander.

706.3.1 PROCEDURES

Each Division Assistant Sheriff will be responsible for appointing credit card custodians for their respective divisions.

The custodian will be responsible for the following:

Proper secure storage, issuance, and timely return of each card upon completion of travel.

The maintenance of a "Credit Card Checkout Log" in conformance with Auditor-Controller policy.

Collecting all receipts from credit card use. If a receipt is lost or otherwise unavailable, a memo from the employee must be submitted in lieu of the receipt. The memo will identify, in detail, what was purchased, where it was purchased, from whom it was purchased, the date it was purchased, and the purchase price.

Auditing all transactions for mathematical accuracy and conformance to existing policies of the County of Ventura and the Ventura County Sheriff's Office. It will be the responsibility of the custodian to remain current on those policies.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

PROCUREMENT BANK CARD PROGRAM

Ensuring that the employee signs the "Acknowledgment of Receipt of Credit Card and Repayment Agreement."

Promptly forwarding all audited receipts and the acknowledgment repayment form to the Business Office. The budget unit and account to be charged should be annotated on the acknowledgment/repayment form.

The Business Office will reconcile all receipts to the monthly credit card statements and process payments. All permanent records will be maintained by the Business Office.

For purposes of internal control, any designated "Division Custodian" or "Alternate Division Custodian" will not be permitted to use the credit cards entrusted to their custody. To address their needs and still satisfy internal control standards, the support services commander is hereby designated as the "Department Custodian" from whom those designated division custodians may obtain County credit cards subject to the same policy and rules set forth by the Auditor-Controller.

The department custodian will be responsible for maintaining a record of all credit cards assigned to each division custodian.

SECURITY SYSTEM, SHERIFF'S FACILITIES

707.1 PURPOSE AND SCOPE

To establish accountability for the Department's card key system.

Most sheriff's facilities are secured with an electronic access control and monitoring system which allows access to certain areas using a card key on a "need only" basis.

One card key shall be issued to each deputy sheriff at the time of employment. The access code shall be determined by job function and rank. Professional staff shall be issued a card key according to their job function and location of assignment. Access levels will be changed to accommodate any transfers of assignment or promotion.

A master roster shall be maintained by Sheriff's Human Resources listing the employee's name, card key number, and current access levels. If a card key is damaged or becomes inoperable it shall be returned to Sheriff's Human Resources for a replacement.

Each employee shall be responsible for card key until termination of employment when it shall be returned to Sheriff's Human Resources.

If a card key is lost or stolen, immediate notification of the loss/theft should be made to Sheriff's Human Resources followed by an appropriate official report (i.e., crime report or lost property report) and a memorandum stating the card number if known and the date and circumstances of the loss/theft. Upon notification the card will be removed from the system making it inoperable.

Replacement card keys may be issued upon completion of the necessary reports and memorandum. Employees on leave of absence may retain possession of their key card unless directed otherwise.

Personal Protective Equipment

708.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

708.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. Respiratory PPE may be worn when necessary or when authorized by a scene supervisor who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene supervisor shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene supervisor reasonably believes (8 CCR 5144):

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Personal Protective Equipment

- (c) The member needs to replace the respirator, filter, cartridge or canister.

708.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

- (a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.
- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

Respirators assigned to sworn members shall be clean, sanitary, and in good working order.

- (a) **Cleaning and Disinfection:** Respirators will be cleaned and disinfected by the assigned member after each use, using the manufacturer's recommendations for each respirator.
- (b) **Storage:** Respirators will be stored in the issued carrying case in compliance with the manufacturer's recommendation so they are protected against damage, contamination, dust, sunlight, temperature extremes, excessive moisture, and damaging chemicals.
- (c) **Repairs:** Any defective respirators shall be removed from service, and shall be repaired or discarded as appropriate. Any member who determines their respirator needs repair or replacement shall contact the In-Service Coordinator at the Training Center. Only persons who have been trained to perform such operations shall make repairs. All repairs shall be made according to the manufacturer's recommendations and specifications.

708.7.3 GAS MASK

708.7.4 SELF-CONTAINED BREATHING APPARATUS

SCBA's are available in custody facilities. Scene supervisors may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.

PAYROLL PROCEDURE

801.1 PURPOSE AND SCOPE

To provide a uniform method of reporting payroll information to the Business Office-Payroll

801.1.1 GENERAL INSTRUCTIONS

1. A pay period consists of 2 weeks (Sunday to Saturday). On or about the first Tuesday of each pay period, Department Time Record (timesheets) are distributed to division timekeepers. Timekeepers are required to report hours worked/off by time reporting codes. The 'Total Hours' column on the timesheet should reflect the sum of all hours reported. Overtime hours reported on the timesheets (excluding the built in 12-Plan overtime) must have an original approved 'Sheriff's Office Overtime Report' submitted with the timesheets. Court time and standby time hours reported on the timesheets must have an original approved 'Off-Duty Court Appearance' form or 'Sheriff's Office Standby Report' submitted with the timesheets.
2. Completed timesheets are to be delivered to the Business Office-Payroll no later than 1300 hours of the second Tuesday. All hours reported for the period from the second Tuesday, Wednesday, Thursday, Friday and Saturday are to be entered based on the best information available at the time, for scheduled workday hours. Any changes to reported hours, after the timesheets have been submitted to the Business Office-Payroll, should be faxed to the Business Office-Payroll by 0930 daily. Changes should be reported on a 'Time Record Correction' form or 'Late Overtime Adjustment' form, as applicable. Original copies of the 'Time Record Correction', 'Late Overtime Adjustment' and 'Sheriff's Office Overtime Report' must be submitted to the Business Office-Payroll by the first Tuesday of the pay period.
3. The 'Employee Time Record Correction' form is used to report changes in hours or codes previously submitted. This form must be faxed to the Business Office-Payroll by 0930 hours daily from second Wednesday through the following Monday, and signed by the supervisor or timekeeper.
4. The 'Late Overtime Adjustment' form is used to report changes in reported overtime hours. This form must be faxed to the Business Office-Payroll by 0930 hours daily from second Wednesday through the following Monday, and signed by the supervisor or timekeeper.

801.1.2 ADDITIONAL INFORMATION

1. The Sheriff's Office maintains an overtime database that generates the 'Sheriff's Office Overtime Report', also known as overtime slip. All submitted hard copy overtime slips must have an employee, supervisor and unit commander signature.
2. Division supervisors have the responsibility to determine that the overtime worked was necessary. The supervisor or unit commander reviews the hard copy of the overtime slips for accuracy and verifies that each reflects on the master schedule. Approved overtime slips that are not paid in the current pay period must be marked 'Late' or 'Past Due' and submitted to the Business Office-Payroll by Friday after payday.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

PAYROLL PROCEDURE

3. An 'Off-Duty Court Appearance' form (court slip) shall be used for reporting off-duty court and must be accompanied by either subpoena or court docket. Approved court slips not paid in the current pay period need to be marked 'Late' or 'Past Due' and submitted to Business Office-Payroll by Friday after payday.
4. The 'Sheriff's Office Standby Report' shall be used for reporting standby duty hours. Approved standby reports not paid in the current pay period need to be marked 'Late' or 'Past Due' and submitted to Sheriff's Business-Payroll by Friday after payday.
5. The 'Annual Leave/Vacation Buydown Request' form shall be used to request annual leave/vacation redemption. This form can be found in the Sheriff's Intranet. The original signed buydown request form is due to the Business Office-Payroll by Friday after payday.
6. Any changes in employee work schedules must be emailed to the Business Office-Payroll no later than 1200 hours of Friday after payday.

Communication Operations

802.1 PURPOSE AND SCOPE

The radio is the primary communication method between field units and the dispatcher and it will be used to communicate field unit activity, unit status updates, calls for service and related information. All communication will be accurate, brief and courteous, yet thorough.

802.1.1 FCC COMPLIANCE

Radio communication shall be conducted in accordance with FCC procedures and guidelines.

802.2 RADIO CHANNEL USE

Channel 1 will be used as the primary radio channel for all units working in the cities of Camarillo, Fillmore, Ojai and the unincorporated areas of West County.

Channel 2 will be used by all units, county-wide, for wants/warrants inquiries and miscellaneous requests for tow trucks, contacts for miscellaneous entities such as Animal Control, utility companies and non-law enforcement city or county resources.

Channel 3 will be used as the primary radio channel for all units working in the cities of Thousand Oaks, Moorpark and the unincorporated areas of East County.

802.2.1 EMERGENCY RADIO TRAFFIC/RESTRICTED RADIO USE (10-33)

Radio use may be limited when a field unit or the dispatcher has the need to restrict radio traffic to "emergency radio traffic only" by declaring a 10-33. When this occurs, field units should only use the radio to relay pertinent information related to the incident that prompted the restricted radio traffic.

However, the dispatcher or a unit with radio traffic that would be deemed "emergency radio traffic", may use the radio, even if unrelated to the initial incident.

Units with routine radio traffic including status updates, traffic stops, subject stops, etc., should not use the radio until the restriction (10-33) has been lifted.

802.3 UNIT/RADIO CALL SIGNS

Each member using the two-way radio will use their entire and correct call sign when initiating and responding to radio communication. This requirement does not apply to continuing conversation between the mobile unit and dispatcher once the mobile unit has been properly identified.

802.4 LISTENING TO AND ACKNOWLEDGING RADIO TRAFFIC

Dispatchers and field units are required to listen to radio traffic and acknowledge radio traffic that is directed to them and/or related to the incident they are handling. Dispatchers and deputies should make every effort to avoid interfering with radio traffic by listening for other radio users and waiting for them to finish before talking on the radio.

802.5 TELEPHONE COMMUNICATION IN LIEU OF RADIO

The telephone will not be used in lieu of radio communication unless it is necessary to do so.

Employee Time Card Verification

803.1 THIS POLICY ESTABLISHES A PROCESS WHEREBY ALL SHERIFF'S OFFICE EMPLOYEES REVIEW THEIR TIME CARDS AND VERIFY THAT THEIR WORK HOURS AND TIME VARIANCES HAVE BEEN ACCURATELY RECORDED.

803.1.1 BACKGROUND

All Sheriff's Office employees who do not enter their own time in VCHRP, are required to login to Ventura County Human Resources/Payroll (VCHRP) to verify and approve their time.

VCHRP, which can be accessed from the link on the Sheriff's Intranet homepage or from the following link:

<https://vchrp.co.ventura.ca.us>

803.1.2 PROCEDURE

VCHRP Time Card Verification Procedure

Within one week **after** the Friday that paychecks are issued, all Sheriff's employees must log in to VCHRP, review and approve their time.

Step-by-step instructions for verifying time card hours through VCHRP can be found at the following link:

<https://sheriffintranet/wp-content/uploads/2023/02/Employee-Time-Card-Verification.pdf>

Exceptions are as follows:

- Deputy trainees, who do not have VCHRP access should sign the paper version of their time card for each pay period until their graduation.
- Employees on vacation or extended leaves must review and approve their time cards in VCHRP within one week of their return to work.

Time discrepancies found by the employee can be noted in the "Employee Pay Approval" section of the VC Employee Pay Approval page. This information will then be forwarded to the employee's timekeeper for appropriate action.

Property and Evidence

804.1 PURPOSE AND SCOPE

This policy provides for the proper collection, transfer, storage, and security of evidence and other property.

804.2 DEFINITIONS

Property - Includes all items of evidence, items taken for safekeeping, found property, recovered property, and property submitted for destruction.

Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Safekeeping - Includes the following types of property:

- Property obtained by the Department for safekeeping such as a firearm;
- Personal property of an arrestee not taken as evidence;
- Property taken for safekeeping under authority of a law (e.g., Welfare and Institutions Code § 5150 (mentally ill persons)).

Found Property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

Recovered Property- stolen or embezzled property (e.g., recovered during an investigation of a burglary).

Property for Destruction- Property submitted by the public to the Department for destruction (e.g., guns no longer desired by the owner).

804.3 GENERAL REQUIREMENTS

All property or evidence shall be transferred to the Property Room as soon as practical. No property submitted to the Department will be retained, even temporarily, for personal use.

Property is transferred to the Property Room:

- by taking it to the counter of either the West or East County Property Room during business hours;
- by placing it in the overnight lockers provided at the West and East County Property Rooms;
- by placing it in the secure evidence lockers provided at each station.

Evidence must be accompanied by the correct paperwork.

All property submitted to the property rooms must be properly tagged and packaged. Procedures for packaging evidence and completing the necessary paperwork are found in the Property and Evidence Manual on the Sheriff's web site at: <https://sheriffintranet/wp-content/uploads/2018/08/>

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Property and Evidence

[PE_manual.pdf](#). Check this manual from time to time to be sure you are using current procedures. Processing of evidence can be delayed by improper packaging or incomplete documentation.

The chain-of-custody must be documented for all evidence. The chain of custody must show who had control of the evidence (or where it was stored), who received and relinquished the evidence, and at what times. This information can be recorded in the officer's narrative or on the Property/Evidence Report.

If a suspect is taken into custody, his or her personal property that is not evidence is retained by the custodial institution (jail, prison, or mental institution). The exception to this practice is that items that are illegal if taken within the confines of the custodial institution, or items too large (backpacks, suitcases, briefcases) to store at the custodial institution will be accepted by the Property Room for safekeeping. Personal medications will be retained by the custodial institution and will be accepted by the Property Rooms only as evidence or for destruction.

The property rooms are responsible for storing, protecting, transferring, and disposing of all evidence. The West County Property Room also acts as the point of intake for evidence intended for examination by the crime laboratory, including evidence from outside agencies.

The Property Room will dispose of property or evidence upon receipt of (a) an Evidence Disposition Memo from the DA's Office, (b) a court order, or (c) written instructions from the investigative office. The exception is that evidence from misdemeanor cases may be disposed of when the court database shows that the case has been cleared, or that the statute of limitations has elapsed and there are no outstanding warrants. Because evidence disposal requirements are complicated, the Property Room must be notified whenever evidence needs to be retained longer than is mandated by law.

The property rooms will make all reasonable efforts to locate the rightful owner of found property or evidence not needed for investigation. Inquiries from citizens should be directed to the West County (805-654-2363) or East County (494-8264) Property Room. Found property is retained for a minimum of 90 days or until returned to the rightful owner, whichever occurs first. The Property Room will not accept found property having a value less than \$100.

Where the ownership of found property having no apparent evidentiary value can be established, such property may be released to the owner without the need for booking. A field interview card shall be completed to document the release of property not booked.

Found evidence may qualify for return to the rightful owner before the case is adjudicated. It is the responsibility of the investigator to see that all legal requirements are met before such return, and to notify the Property Room in writing when recovered property may be released. Such notification must identify the recipient and the specific items to be released.

804.4 SPECIAL CONSIDERATIONS

Explosives, explosive devices, or class-C fireworks shall be handled exclusively by the Bomb Squad. The Property Room does not accept such items.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Property and Evidence

Money, firearms, drugs, flammables, ammunition, fireworks, and jewelry will be packaged separately from all other property or evidence.

No firearms taken into possession shall be submitted loaded unless paramount to the case and then only if plainly marked as loaded (e.g., to support a claim of malfunction in an accidental shooting).

Per agreement with the Medical Examiner's Office, the Department, when involved, will retain control of all firearms involved in a death and will release them directly to the family of the deceased or provide for appropriate destruction, as necessary.

All money over \$500 shall be verified via an independent count by another person and his name and I.D.# written on the envelope. Discrepancies in counts must be rectified prior to the envelope being sealed.

License plates found not to be stolen or connected to a known crime can be booked into the Property Room, or delivered to the Department of Motor Vehicles (DMV). No formal booking process is required if they are returned directly to the DMV.

Refer to the Crime Laboratory's Evidence and Property Manual at https://sheriffintranet/wp-content/uploads/2018/08/PE_manual.pdf for complete instructions.

804.5 RETENTION OF BIOLOGICAL EVIDENCE

The Property Room Supervisor shall ensure that no biological evidence held by the Department is destroyed without adequate notification to the following persons, when applicable:

- (a) The defendant
- (b) The defendant's attorney
- (c) The appropriate prosecutor and Attorney General
- (d) Any sexual assault victim
- (e) The Special Services Division Commander

Biological evidence shall be retained for a minimum period established by law (Penal Code § 1417.9), the Property Room Supervisor or the expiration of any sentence imposed related to the evidence, whichever time period is greater. Following the retention period, notifications should be made by certified mail and should inform the recipient that the evidence will be destroyed after a date specified in the notice unless a motion seeking an order to retain the sample is filed and served on the Department within 180 days of the date of the notification. A record of all certified mail receipts shall be retained in the appropriate file. Any objection to, or motion regarding, the destruction of the biological evidence should be retained in the appropriate file and a copy forwarded to the Special Services Division supervisor.

Biological evidence related to a homicide shall be retained indefinitely and may only be destroyed with the written approval of the Sheriff and the head of the applicable prosecutor's office.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Property and Evidence

Biological evidence or other crime scene evidence from an unsolved sexual assault should not be disposed of prior to expiration of the statute of limitations and shall be retained as required in Penal Code § 680. Even after expiration of an applicable statute of limitations, the Investigation Bureau supervisor should be consulted and the sexual assault victim shall be notified at least 60 days prior to the disposal (Penal Code § 680). Reasons for not analyzing biological evidence shall be documented in writing (Penal Code § 680.3).

805.6 DETERMINATION OF FACTUAL INNOCENCE

In any case where a person has been arrested by deputies of the Ventura County Sheriff's Office and no accusatory pleading has been filed, the person arrested may petition the Department to destroy the related arrest records. Petitions should be forwarded to the Records Supervisor. The Records Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Records Supervisor should forward the petition to the Detective Bureau Supervisor for review. After such review the Detective Bureau Supervisor and the Records Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Records Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California DOJ and other law enforcement agencies (Penal Code § 851.8).

The Records Supervisor should respond to a petition with the Department's decision within 45 days of receipt. Responses should include only the decision of the Department, not an explanation of the analysis leading to the decision.

RECORDS RETENTION SCHEDULE

806.1 PURPOSE AND SCOPE

To establish guidelines and policy for the retention of and subsequent destruction of Sheriff's Office records. This guideline permits, and in some cases mandates, bureaus to destroy records after the elapsed time period.

REFER TO THE SPECIFIC DOCUMENT RETENTION TABLE BELOW TO ASCERTAIN THE RETENTION SCHEDULE FOR EACH DOCUMENT TYPE:

806.1.1 INTRODUCTION

The Sheriff's Office is required by California State law to collect and process certain records. The different Bureaus of the Sheriff's Office have different types of records they are responsible for maintaining. Certain values were taken into consideration when determining this retention schedule for Sheriff's Office records, which are not regulated by State Codes or other regulations. These values are: Administrative Value; Legal Value; Fiscal Value; and Research, Historical, or Archival Value.

For the purposes of this policy, records are defined as "papers, maps, exhibits, magnetic or paper tapes, microfilm, photographic film and prints, electronic recordings, computer files, and other documents produced, received, owned or used by this agency, regardless of physical characteristics." Certain kinds of material can be classified as "non-records" and can usually be discarded as soon as they are read. According to the State Records Retention Handbook, these non-records include:

- Transmittal letters and acknowledgments that do not add any information to the material transmitted.
- Requests for printed material after the requests have been filled (i.e., Public Records Act requests).
- Informal notes, worksheets, and rough drafts of letters, memoranda, or reports that do not represent basic steps in the preparation of documents.
- Notes which have been transcribed.
- Miscellaneous notices of meetings and community affairs.

In addition, certain records become less valuable as an information resource with the passage of time. Their continued retention inhibits our agency's ability to reference more current and valuable information sources. With this in mind, the Board of Supervisors has approved, per sections 26205, 26205.1, 26202.6 & 34090.6 of the California Government Code and 832.5 of the California Penal Code, a retention schedule of Sheriff's Office records.

806.1.2 DESTRUCTION PROCEDURE

1. Due to limited storage space available for Sheriff's Office records, it is necessary that records be routinely destroyed after the authorized time has elapsed.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

RECORDS RETENTION SCHEDULE

2. Prior to destruction, each Bureau Captain/Manager will advise the Division Commander via memorandum of the pending destruction and receive approval to proceed with the destruction.
3. The most common form of destruction for hard copy documents is by shredding. The documents can either be shredded in Sheriff's Office owned shredders, or in the case of large destruction jobs, a bonded contracted service may be used. In all cases, shredding should reduce the documents to no larger than 3/16" cross-cut shred, which are unrecognizable. Under no circumstances are documents that are to be destroyed be placed into paper recycle boxes without being shredded first.
4. Electronic records will be demagnetized, erased, reformatted, or reused, whichever method applies. In the case of files on a document imaging system, the index pointer shall be deleted.

Restoration of Firearm Serial Numbers

807.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

807.2 PROCEDURE

Any firearm coming into the possession of the Ventura County Sheriff's Office as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

807.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

807.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

807.2.3 DEPUTY RESPONSIBILITY

The Property Room personnel receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Restoration of Firearm Serial Numbers

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

807.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Evidence Technician will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

807.3 BULLET AND CASING IDENTIFICATION

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

809.4.1 RELEASE OF CRIMINAL OFFENDER RECORD INFORMATION (CORI)

CORI is further defined as any/all arrest or citations regardless of the issuing agency. Only the persons listed below are authorized to release CORI. Examples of situations where the transmission of summary criminal history information would be justified include a hostage situation or an armed suspect however a routine investigation or traffic enforcement stop would not be sufficient justification.

Nothing in this procedure is intended to prohibit broadcasting warrant information concerning wanted persons.

809.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

When circumstances reasonably indicate that the immediate safety of deputies, other department members, or the public is at risk, only summary information may be transmitted.

In cases where the transmission of protected information, such as Personally Identifiable Information, is necessary to accomplish a legitimate law enforcement purpose, and utilization of an encrypted radio channel is infeasible, a MDT or department-issued cellular telephone should be utilized when practicable. If neither are available, unencrypted radio transmissions shall be subject to the following:

- Elements of protected information should be broken up into multiple transmissions, to minimally separate an individual's combined last name and any identifying number associated with the individual, from either first name or first initial.
- Additional information regarding the individual, including date of birth, home address, or physical descriptors, should be relayed in separate transmissions.

Nothing in this policy is intended to prohibit broadcasting warrant information.

 - 1. Peace officer personnel records that are deemed confidential shall not be made public or otherwise released to unauthorized individuals or entities absent a valid court order.
 - 2. The identity of any deputy subject to any criminal or administrative investigation shall not be released without the consent of the involved deputy, prior approval of the Sheriff, or as required by law.
- (d) Victim information that may be protected by statutes, including victims of certain crimes who have requested that their identifying information be kept confidential, victims who are minors, and victims of certain offenses (e.g., sex crimes or human trafficking (Penal Code § 293)). Addresses and telephone numbers of a victim or a witness shall not be disclosed to any arrested person or to any person who may be a defendant in a criminal action unless it is required by law (Government Code § 7923.615; Penal Code § 841.5).

Records Maintenance and Release

- (l) Any record created exclusively in anticipation of potential litigation involving this department (Government Code § 7927.200).
- (m) Any memorandum from legal counsel until the pending litigation has been adjudicated or otherwise settled (Government Code § 7927.205).
- (n) Records relating to the security of the department's electronic technology systems (Government Code § 7929.210).
- (o) A record of a complaint, or the investigations, findings, or dispositions of that complaint if the complaint is frivolous, as defined by Code of Civil Procedure § 128.5, or if the complaint is unfounded (Penal Code § 832.7 (b)(9)).
- (p) Any other record not addressed in this policy shall not be subject to release where such record is exempt or prohibited from disclosure pursuant to state or federal law, including but not limited to provisions of the Evidence Code relating to privilege (Government Code § 7927.705).
- (q) Information connected with juvenile court proceedings or the detention or custody of a juvenile. Federal officials may be required to obtain a court order to obtain certain juvenile information (Welfare and Institutions Code § 827.9; Welfare and Institutions Code § 827.95; Welfare and Institutions Code § 831).

810.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, County Counsel or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to County Counsel for the Department so that a timely response can be prepared.

810.7 RELEASED RECORDS TO BE MARKED

The first page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

810.8 SEALED RECORD ORDERS

Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or

Ventura County Sheriff's Office

conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Manager shall ensure that the required notations on local summary criminal history information and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

810.8.1 SEALING JUVENILE RECORDS

Upon receiving notice from a probation department to seal a citation, juvenile arrest records, or other related records pursuant to Welfare and Institutions Code § 786.5, the Records Manager should ensure that the records are sealed within 60 days of that notice and that the probation department is notified once the records have been sealed (Welfare and Institutions Code § 786.5).

Upon receiving a list of juvenile arrest records that are eligible to be sealed from the California Department of Justice (DOJ), the Records Manager or the authorized designee shall review the records identified in the list and determine if the records are eligible to be sealed in accordance with Welfare and Institutions Code § 781.2. Within six months of receiving the list, the Records Manager or the authorized designee shall electronically report to the DOJ which records were sealed (Welfare and Institutions Code § 781.2).

810.9 SECURITY BREACHES

The Records Manager shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual's first name or first initial and last name in combination with any one or more of the following (Civil Code § 1798.29):

- (a) Social Security number
 - 1. Driver license number, California identification card number, tax identification number, passport number, military identification number, or other unique identification number issued on a government document commonly used to verify the identity of a specific individual
 - 2. Account number or credit or debit card number, in combination with any required security code, access code or password that would permit access to an individual's financial account

3. Medical information
 4. Health insurance information
 5. Information or data collected by Automated License Plate Reader (ALPR) technology
 6. Unique biometric data
 7. Genetic data
- (b) A username or email address, in combination with a password or security question and answer that permits access to an online account

810.9.1 FORM OF NOTICE

- (a) The notice shall be written in plain language, be consistent with the format provided in Civil Code § 1798.29 and include, to the extent possible, the following:
1. The date of the notice.
 2. Name and contact information for the Ventura County Sheriff's Office.
 3. A list of the types of personal information that were or are reasonably believed to have been acquired.
 4. The estimated date or date range within which the security breach occurred.
 5. Whether the notification was delayed as a result of a law enforcement investigation.
 6. A general description of the security breach.
 7. The toll-free telephone numbers and addresses of the major credit reporting agencies, if the breach exposed a Social Security number or a driver license or California identification card number.
- (b) The notice may also include information about what the Ventura County Sheriff's Office has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).
- (c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):
1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.
 2. When the breach involves an email address that was furnished by the Ventura County Sheriff's Office, notification of the breach should not be sent to that

Ventura County Sheriff's Office

email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

810.9.2 MANNER OF NOTICE

- (a) Notice may be provided by one of the following methods (Civil Code § 1798.29):
 - 1. Written notice.
 - 2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.
 - 3. Substitute notice if the cost of providing notice would exceed \$250,000, the number of individuals exceeds 500,000 or the Department does not have sufficient contact information. Substitute notice shall consist of all of the following:
 - (a) Email notice when the Department has an email address for the subject person.
 - (b) Conspicuous posting of the notice on the department's webpage for a minimum of 30 days.
 - 4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.
- (b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

810.10 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 7923.625).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by a deputy, or depicts an incident in which the use of force by a deputy against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 7923.625).

The Custodian of Records should work as appropriate with the Sheriff or the Professional Standards Bureau supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

810.10.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Records Maintenance and Release

- (a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.
- (b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.
- (c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 7923.625).

810.10.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 7923.625):

- (a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.
- (a) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Sheriff in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

810.10.3 REDACTION

If the Custodian of Records, in consultation with the Sheriff or the authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 7923.625).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 7923.625).

810.10.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE

If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted

Ventura County Sheriff's Office

Ventura County SO Policy Manual

or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 7923.625):

- (a) The person in the recording whose privacy is to be protected, or the person's authorized representative.
- (b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.
- (c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 7923.625).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 7923.625).

Chapter 9 - Custody

SEARCHING FEMALES

900.1 PURPOSE

To establish the criteria under which male employees may search females.

900.2 PROCEDURE

- (a) When a female deputy is not available within a reasonable timeframe, a search for weapons or items that may be used as weapons may be conducted in an appropriate manner. Whenever possible, and when officer safety and time allows, the following options should be pursued prior to conducting any search of a female:
 - 1. Notify a Field Supervisor.
- (b) If it becomes necessary for a male to search a female, it would be preferable to have a witness present in the following order:
 - 1. A female department member.
 - 2. A male department member.
 - 3. A female witness who is not part of, or connected to, the detention / arrest situation.
- (c) If possible, tape-record the contact and any subsequent search
- (d) Officer safety is the first priority and the amount of time available to secure a witness will vary from case to case, and may necessitate performing the search without a witness. Clearly, the intent of having a witness is to allow the employee an opportunity to defend any potential complaints of impropriety.
- (e) When a male member of the Department performs a search, pat down or frisk of a female, the Department member performing the search shall fully document the circumstances and witness information, if any, on any report written as a result of the stop or arrest. At the earliest opportunity, the deputy who conducted the search shall notify a field supervisor of the incident. If no report is required, a memorandum shall be completed, before the completion of the shift, which contains all relevant facts. The memo shall be directed to the Unit Captain.

Chapter 10 - Personnel

Grievance Procedure

1000.1 PURPOSE AND SCOPE

It is the policy of this department that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. Our Department's philosophy is to promote a free verbal communication between employees and supervisors.

1000.1.1 GRIEVANCE DEFINED

A grievance is any difference of opinion concerning terms or conditions of employment or dispute involving the interpretation or application of any of the following documents by the person(s) affected:

- (a) The employee bargaining agreement (Memorandum of Agreement)
- (b) This Policy Manual
- (c) County rules & regulations covering personnel practices or working conditions

Grievances may be brought by an individual affected employee or by a group representative.

1000.2 PROCEDURE

Grievance procedures are outlined in the Memorandums of Agreement established between individual bargaining units and the County of Ventura. Procedures are different in each Memorandum of Agreement. Refer to the appropriate Memorandum of Agreement for details. They can be located online at: <https://hr.ventura.org/policies-memorandum>

Reporting of Employee Convictions

1001.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

1001.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS

California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1001.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

1001.4 REPORTING PROCEDURE

All members of this department and all retired deputies with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired deputies with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Reporting of Employee Convictions

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1001.5 PROCEDURE FOR RELIEF

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Employees shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm or ammunition as a part of the individual's employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned, or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee, or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

1001.5.1 NOTIFICATION REQUIREMENTS

The Support Services Division Commander shall submit within 10 days of final disposition a notice to the Commission on Peace Officer Standards and Training (POST) of a conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

The Support Services Division Commander shall submit within 10 days a notice to POST of any appointment, termination, reinstatement, name change, or status change regarding any peace officer, reserve peace officer, public safety dispatcher, and records supervisor employed by this department (11 CCR 1003).

Communicable Diseases

1002.1 PURPOSE AND SCOPE

This policy is intended to provide guidelines for department personnel to assist in minimizing the risk of contracting and/or spreading communicable diseases and to minimize the incidence of illness and injury. The policy will offer direction in achieving the following goals:

- (a) To manage the risks associated with blood borne pathogens (BBP), aerosol transmissible diseases, and other potentially infectious substances.
- (b) To assist department personnel in making decisions concerning the selection, use, maintenance, limitations, storage, and disposal of personal protective equipment (PPE).
- (c) To protect the privacy rights of all department personnel who may be exposed to or contract a communicable disease during the course of their duties.
- (d) To provide appropriate treatment and counseling should an employee be exposed to a communicable disease.

1002.2 PROCEDURES FOR EXPOSURE TO BLOOD, BODILY FLUIDS OR AEROSOLTRANSMISSIBLE DISEASES

All department personnel who are exposed to another person's blood, bodily fluids or an aerosol transmissible disease (e.g., during an altercation or while attending to any injured person) shall follow these procedures and guidelines.

Exposure to blood or other potentially infectious materials includes, but is not limited to, the contact of such substances with the eye, mouth, other mucous membranes, non-intact skin, needle sticks, human bites, cuts or abrasions or any exposure that otherwise qualifies under Health and Safety Code § 121060.1 or 8 CCR § 5193.

Exposure to an aerosol transmissible disease is any event in which all of the following have occurred (8 CCR 5199):

- (a) An employee has been exposed to an individual who is a case or a suspected case of a reportable aerosol transmissible disease, or to a work area or to equipment that is reasonably expected to contain aerosol transmissible pathogens associated with a reportable aerosol transmissible disease.
- (b) The exposure occurred without the benefit of applicable exposure controls required by this policy.
- (c) It reasonably appears from the circumstances of the exposure that transmission of disease is sufficiently likely to require medical evaluation.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Communicable Diseases

1002.2.1 UNIVERSAL PRECAUTIONS

All human blood and body fluids such as saliva, urine, semen, and vaginal secretions are to be treated as if they are known to be infectious. Where it is not possible to distinguish between body fluid types, all body fluids are to be assumed potentially infectious. If an aerosol transmissible disease is known or suspected, airborne precautions (N-95 respirator/mask) should be utilized.

1002.2.2 PERSONAL PROTECTIVE EQUIPMENT

Personal protective equipment is the last line of defense against communicable disease. Therefore, the following equipment is provided for all personnel to assist in the protection against such exposures:

- Not less than two pair disposable latex gloves. (Keeping a box in the car recommended.)
- Safety glasses or goggles
- Rescue mask with a one-way valve
- Alcohol (or similar substance) to flush skin at emergency site. (Keeping several alcohol hand wipes in the car recommend)
- N-95 respirator/mask

1002.2.3 IMMUNIZATIONS

All department personnel who, in the line of duty, may be exposed to or have contact with a communicable disease shall be offered appropriate treatment immunization. Pursuant to CCR T8 §5193 and §5199, the department is required to keep records of vaccinations received or declined.

1002.2.4 WORK PRACTICES

All personnel shall use the appropriate barrier precautions to prevent skin and mucous membrane exposure whenever contact with blood or body fluid is anticipated.

Disposable gloves shall be worn on all medical emergency responses. Disposable gloves shall be worn before making physical contact with any patient and/or when handling items (e.g., evidence, transportation vehicle) soiled with blood or other body fluids. Should one's disposable gloves become contaminated with blood or other body fluids, the gloves shall be disposed of as contaminated waste. Care should be taken to avoid touching other items (e.g., pens, books, and personal items in general) while wearing the disposable gloves in a potentially contaminated environment.

All procedures involving blood or other potentially infectious materials shall be done in a way to minimize splashing, spraying, or otherwise generating droplets of those materials.

Eating, drinking, smoking, applying lip balm, and handling contact lenses shall be prohibited in areas where a potential for an exposure exists.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Communicable Diseases

1002.3 DISPOSAL AND DECONTAMINATION

The following procedures will apply to the disposal and decontamination after responding to an event that involved contact with a person's blood or body fluids, and/or aerosol transmissible diseases:

1002.3.1 USE OF WASTE CONTAINERS

Deputies shall dispose of biohazard with the on-scene fire response vehicle, or at the attending clinic/hospital with their approval, or in an appropriately marked biohazard waste container at the station immediately upon arrival.

The biohazard waste container located at the station shall be collapsible, leakproof, red in color or appropriately labeled with a biohazard warning and routinely emptied.

1002.3.2 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES

Personnel shall wash their hands immediately (on-scene if possible), or as soon as possible following the removal of potentially contaminated gloves. Antibacterial soap and warm water or an approved disinfectant shall be used to wash one's hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood or bodily fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of his/her body with soap and warm water and/or an approved disinfectant, as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by an approved hospital strength disinfectant. If large areas of the employee's skin are contaminated, the employee shall shower as soon as possible, using warm water and soap and/or an approved disinfectant. Medical treatment should be obtained.

Contaminated non-intact skin (e.g., injured skin, open wound) shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required.

All hand, skin, and mucous membrane washing that takes place in the station shall be done in a designated cleaning or decontamination area. Cleaning shall not be done in the kitchen, bathrooms, or other locations not designated as the cleaning or decontamination area.

1002.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE

All personnel shall avoid using or holding sharps (needles) unless needed to do so while assisting a paramedic, or collecting them for evidence. Unless required for evidentiary reasons related to evidence preservation, employees are not to recap sharps. Disposal, when possible, shall be into a puncture proof biohazard container.

All sharps and items that cut or puncture (e.g., broken glass, razors, and knives) shall be treated cautiously to avoid cutting, stabbing, or puncturing one's self or any other person. In addition, if a sharp object contains known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. Rather, use a device such as tongs, or a broom and a dustpan to cleanup debris. If the material must be hand held, protective gloves must be worn.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Communicable Diseases

1002.3.4 DISPOSABLE PROTECTIVE EQUIPMENT

Contaminated disposable supplies (gloves, dressings, CPR mask) shall be transported with the patient or suspect in the ambulance or sheriff's vehicle. The waste material shall then be disposed of in a biohazard waste container at the hospital or sheriff's station. Disposable gloves are to be worn while placing the waste into the waste biohazard container, placing the gloves in with the waste when through.

1002.3.5 DECONTAMINATION OF PERSONAL PROTECTIVE EQUIPMENT

After using any reusable personal protective equipment, it shall be washed or disinfected and stored appropriately. If the personal protective equipment is non-reusable (e.g., disposable gloves), it shall be discarded in a biohazard waste container as described above, DISPOSABLE PROTECTIVE EQUIPMENT.

Any personal protective equipment that becomes punctured, torn, or loses its integrity, shall be removed as soon as feasible. The employee shall wash up and replace the personal protective equipment if the job has not been terminated. If this situation resulted in a contaminated non-intact skin event, DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES practices as mentioned above, shall be implemented.

Contaminated reusable personal protective equipment that must be transported prior to cleaning it shall be placed into a biohazard waste bag and transported in the ambulance, paramedic truck or sheriff's vehicle. Gloves shall be worn while handling the biohazard waste bag and during placement into the biohazard waste container, and then included in with the waste.

1002.3.6 DECONTAMINATION OF VEHICLES

Contaminated vehicles and components such as the seats, radios, and doors shall be washed with soap and warm water and disinfected with an approved germicide as soon as feasible.

1002.4 POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS

In actual or suspected exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities and to ensure the best protection and care for the employee(s).

1002.4.1 EMPLOYEE RESPONSIBILITY TO REPORT EXPOSURE

To provide appropriate and timely treatment should exposure occur, all employees shall verbally report the exposure to their immediate supervisor and complete a written exposure report as soon as possible following the exposure or suspected exposure. That report shall be submitted to the employee's immediate supervisor. Additionally, employees should document in the exposure report whether they would like the person who was the source of the exposure to be tested for communicable diseases.

1002.4.2 SUPERVISOR REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure that occurs as soon as possible following the incident, while gathering the following information:

- (a) Name of the employee(s) exposed.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Communicable Diseases

- (b) Date and time of incident.
- (c) Location of incident.
- (d) What potentially infectious materials were involved.
- (e) Source of material or person.
- (f) Current location of material or person.
- (g) Work being done during exposure.
- (h) How the incident occurred or was caused.
- (i) PPE in use at the time of the incident.
- (j) Actions taken post-event (e.g., clean-up, notifications).

The supervisor shall advise the employee of the laws and regulations concerning disclosure of the identity and infectious status of a source, and the information contained in the section of this policy entitled, SOURCE TESTING.

It is the responsibility of the exposed employee's supervisor to ensure testing is sought. SOURCE TESTING (See below).

1002.4.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Any employee who was exposed or who suspects he/she was exposed to HIV or to hepatitis B or C should be seen by a physician or qualified health care provider as soon as possible. The doctor or qualified health care provider should be provided with the supervisor's report and the employee's medical records relevant to the visit and examination. The blood of the exposed employee shall be tested.

The health care professional will provide the County's Risk Manager with a written opinion/evaluation of the exposed employee's medical condition. This opinion should only contain the following information:

- If a post-exposure treatment is indicated for the employee.
- If the employee received a post-exposure treatment.
- Confirmation that the employee received the evaluation results.
- Confirmation that the employee was informed of any medical condition resulting from the exposure incident and whether further treatment or evaluation will be required.
- Whether communicable disease testing from the source is warranted, and if so, which diseases should the testing include.

All other findings or diagnosis shall remain confidential and are not to be included in the written report.

Communicable Diseases

1002.4.4 COUNSELING

The Department shall provide the exposed employee (and his/her family if necessary) the opportunity for counseling and consultation.

1002.5 SOURCE TESTING

Testing for communicable diseases of a person who was the source of an exposure should be sought when it is desired by the exposed employee or when it is otherwise appropriate. There are five methods to obtain such testing. It is the responsibility of the employee's supervisor, in conjunction with the appropriate health care professional, to ensure that the proper testing and reporting occur. These methods are:

- (a) Obtaining voluntary consent from any person who may be the source of an exposure to cover testing for any communicable disease.
- (b) Filing a report with the county health officer when an employee is exposed to the bodily fluids of an arrestee. The county health officer may pursue testing for HIV or hepatitis B or C (Penal Code § 7510 et seq.).
- (c) Seeking consent for testing or applying for a court order for HIV, hepatitis B and hepatitis C testing (Health and Safety Code § 121060 et seq.).
- (d) Seeking a court order when the person who may be the source of an exposure will not consent to testing and the exposure does not fall under the statutory schemes for testing. This covers testing for any communicable disease as deemed appropriate by a health care professional and documented in the request for the court order.
- (e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing an adult or juvenile when an employee of the Ventura County Sheriff's Office qualifies as a crime victim (Penal Code § 1524.1).

1002.5.1 EXPOSURE FROM A NON-ARRESTEE

Upon notification of an employee's exposure to a person who was not arrested, the employee's supervisor should attempt to determine if the person who was the source of the exposure will voluntarily consent to testing. If consent is indicated, the following steps should be taken:

- (a) A licensed health care provider should notify the person to be tested of the exposure and make a good faith effort to obtain voluntary informed consent from the person or his/her authorized legal representative to perform a test for HIV, hepatitis B, hepatitis C and other communicable diseases the health care provider deems appropriate.
- (b) The voluntary informed consent obtained by the health care provider must be in writing and include consent for three specimens of blood for testing. The ECO should document the consent as a supplement to the Exposure Control Report.
- (c) The results of the tests should be made available to the source and the exposed employee.

If consent is not obtained, the ECO should promptly consult with County Counsel and consider requesting that a court order be sought for appropriate testing.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Communicable Diseases

1002.5.2 EXPOSURE FROM AN ARRESTEE

Upon notification of an exposure to an employee by a person who was arrested, the employee's supervisor should take the following steps:

- (a) Comply with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
- (b) Take reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).
- (c) In all cases, comply with the reporting and testing scheme of Penal Code § 7510 et seq. This includes completing a State Department of Health Services Form CDPH 8479 and submitting it to the County Health Officer with a copy of the Exposure Control Report by the end of the employee's shift. If submission by the end of the shift is not practicable, it must occur as soon as possible but no later than two days after the incident. The exposed employee's name should not appear on this form.
- (d) Remain in contact with the County Health Officer to determine whether testing of the arrestee will occur and whether the testing satisfies the medical needs of the employee.
- (e) The results of the tests should be made available to the donor and the exposed employee.
- (f) Notify Occupational Health Services and advise the Nurse Practitioner of the employee exposure.

Since there is potential for overlap between the two statutory schemes, the ECO is responsible for coordinating the testing with the County Health Officer to prevent unnecessary or duplicate testing.

In the rare event that the exposed employee is not covered by either statutory scheme, the ECO should seek consent or a court order in the same manner as for a non-arrestee.

Personnel Complaints

1003.1 PURPOSE AND SCOPE

The purpose of this procedure is to provide guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members and employees of this department.

1003.1.1 PERSONNEL COMPLAINTS DEFINED

Personnel complaints consist of any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state or local law.

Inquiries about employee conduct which, even if true, would not qualify as a personnel complaint may be handled informally by a department supervisor and shall not be considered complaints.

The department believes that a relationship of confidence and trust with the public is essential to effective law enforcement. Deputies are often faced with a difficult task, they:

- must enforce the law in a fair and impartial manner and still protect the rights of all parties involved
- come into contact with people under the most stressful of circumstances and yet must remain patient and courteous
- must exercise good judgment at all times though they are often called upon to make split-second decisions.

Deputies must be free to exercise their best judgment and to initiate law enforcement action in a reasonable, lawful and impartial manner without fear of reprisal. Likewise they have a special obligation to meticulously respect the rights of all persons.

The department acknowledges its responsibility to establish a system of complaint and disciplinary procedures that will subject personnel to corrective action when they conduct themselves improperly. The department welcomes from the public constructive criticism and valid complaints against its members and procedures. In addition to providing the public with a procedure to present their legitimate complaints, this system is designed to protect employees from false charges and unwarranted criticism.

Any person, regardless of age, race, religion, sex, sexual orientation, national origin, or political affiliation, wishing to lodge a complaint regarding an employee of the Ventura County Sheriff's Office, may do so through contact with any member of this department or through any other police agency for relay to this department. Complaints may be verbal, either in person or by phone, or in written form. It is preferable that the "Citizen's Complaint Form" be utilized by members of the public and other law enforcement agencies if at all possible; however, any form is acceptable.

1003.2 POLICY

The Ventura County Sheriff's Office takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Personnel Complaints

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1003.2.1 AVAILABILITY OF COMPLAINT FORMS

Personnel complaint forms will be maintained at Sheriff's Human Resources, sub-stations and bureaus, and on the Sheriff's Internet site.

1003.2.2 SOURCE OF COMPLAINTS

- (a) A department employee who becomes aware of alleged misconduct shall immediately notify a supervisor.
- (b) A supervisor who receives a complaint from any source alleging misconduct of an employee which, if true, could result in disciplinary action.
- (c) Anonymous complaints and third party complaints made to a department member.

1003.2.3 ACCEPTANCE OF COMPLAINTS

Any employee of this department receiving a personnel complaint, or wishing to initiate one, shall submit it in writing on a memorandum form and direct it to their immediate supervisor. If that supervisor is named in the complaint, the memorandum shall be directed to the next person in the chain of command.

- (a) If the complaint is submitted in writing, the original Citizen Complaint Procedure cover letter and a copy of the complainant's statement shall be provided to the complaining party at the time the complaint is made. Additionally, the department member receiving the written complaint shall sign and date the bottom of each form prior to giving the copy to the complainant.
- (b) If the complaint is verbal (in person or by telephone) the person receiving the complaint shall put it in writing and forward to his or her immediate supervisor as soon as possible. In the event the complaint involves the immediate supervisor, the information shall be forwarded to the next person in the chain of command. The supervisor or manager who receives the complaint shall ensure it is forwarded to the Professional Standards Bureau for processing. A Citizen Complaint Procedure cover letter with the department member's name and the date shall be attached to the statement and a copy retained by the Professional Standards Bureau.
- (c) The Professional Standards Bureau shall track each complaint by the I.A. number assigned to all cases.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Personnel Complaints

1003.2.4 COMPLAINT DOCUMENTATION

Formal complaints of alleged misconduct shall be documented by a supervisor on a personnel complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

When a personnel complaint form is completed in person, the complainant should legibly write a detailed narrative of his/her complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. In an effort to ensure accuracy in any complaint, it is recommended that a recorded statement be obtained from the reporting party. A refusal by a party to be recorded shall not alone be grounds to refuse to accept a complaint. Whether handwritten or dictated, the complainant's signature should be obtained at the conclusion of the statement. However, a signature is not necessary to file a complaint. The complainant should be provided with a copy of his/her own original complaint per Penal Code § 832.7.

1003.3 SUPERVISOR RESPONSIBILITY

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation. Moreover, supervisors shall also maintain the ability to engage in the interrogation of an employee in the normal course of duty, counseling, instruction, or informal verbal admonishment, or other routine or unplanned contact (Cal. Govt. Code 3303(i)).

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant or has any personal involvement regarding the alleged misconduct. The Sheriff or the authorized designee may direct that another supervisor investigate any complaint.

The responsibilities of supervisors include but are not limited to:

- (a) Responding to all complainants in a courteous and professional manner
- (b) Investigating a complaint as follows:
 - 1. Making reasonable efforts to obtain names, addresses, and telephone numbers of witnesses.
 - 2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.
 - 3. Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).
 - 4. Ensuring interviews of the complainant are generally conducted during reasonable hours.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within a reasonable time of the Department receiving the complaint.
 - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form or memorandum and forward the form to the Internal Affairs Captain, via the change of command.

Ventura County Sheriff's Office

Personnel Complaints

- (d) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed, by complainant or a member of the agency.
 - 1. The original complaint form will be directed to the Internal Affairs Captain, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Sheriff, who will initiate appropriate action.
- (e) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Watch Commander and the Sheriff are notified via the chain of command as soon as practicable.
- (f) Promptly contacting the Department of Human Resources and the Internal Affairs Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic, or other forms of prohibited harassment or discrimination.
- (g) Forwarding unresolved personnel complaints to the Internal Affairs Captain, who will determine whether to contact the complainant or assign the complaint for investigation.
- (h) Informing the complainant of the investigator's name and the complaint number after assignment.

All alleged violations of law, civil rights, or violations of department policy or procedures shall be sent through channels to Support Services Professional Standards, Internal Affairs for investigation or assignment by the Internal Affairs Bureau Captain.

- (a) After review, the Internal Affairs Captain or designee shall assign the investigative responsibility. If the alleged misconduct is criminal in nature, the complaint shall be forwarded to the Major Crimes Captain who will direct the criminal investigation and submit the case to the district attorney for review as necessary.
- (b) Upon completion of any criminal investigation, the investigation and conclusion will be submitted to the Internal Affairs Captain who will then direct the administrative investigation. At the direction of the Support Services Commander or designee, an administrative investigation may be conducted at the same time as the criminal investigation, provided that both investigations are kept separate. The administrative investigation will be confidential with the Professional Standards Bureau maintaining the file.
- (c) The Bureau Commander to which the employee is assigned shall be notified by the Internal Affairs Commander or Captain when an investigation is opened or closed unless confidentiality is critical to the success of the investigation.
- (d) A supervisor dealing with an accused employee shall ensure that the procedural rights of the employee are followed pursuant to Government Code § 3303, et seq.

1003.4 ALLEGATIONS OF CRIMINAL CONDUCT

When an employee of this department is accused of potential criminal conduct, a Major Crimes detective shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Sheriff or designee shall be notified as soon as practical when an employee is formally accused of criminal conduct. In the event of serious criminal allegations, the Sheriff may request a criminal investigation by an outside law enforcement agency.

An employee accused of criminal conduct shall be provided with all rights and privileges afforded to any member of the public and the employee may not be administratively ordered to provide any information to a criminal detective.

No information or evidence administratively coerced from an employee may be provided to a criminal detective.

Any law enforcement agency is authorized to release information concerning the arrest or detention of a peace officer, which has not led to a conviction, however, no disciplinary action, other than paid administrative leave shall be taken against the accused employee based solely on an arrest or crime report (Labor Code § 432.7(b)). An independent administrative investigation shall be conducted based upon the allegations in the report in accordance with department policy.

1003.5 ADMINISTRATIVE INVESTIGATION OF COMPLAINT

Whether conducted by a supervisor or an assigned member of the Professional Standards Bureau, the following procedures shall be followed with regard to the accused employee(s) for all formal complaints:

- (a) Interviews of accused employees shall be conducted during reasonable hours and, if the employee is off-duty, the employee shall be compensated (Government Code § 3303(a)).
- (b) No more than two interviewers may ask questions of an accused employee (Government Code § 3303(b)).
- (c) Prior to any interview, an employee shall be informed of the nature of the investigation (Government Code § 3303(c)).
- (d) All interviews shall be for a reasonable period and the employee's personal needs shall be accommodated (Government Code § 3303(d)).
- (e) No employee shall be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers. Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively or be subject to discipline for insubordination. Nothing administratively ordered may be provided to a criminal investigator (Government Code § 3303(e)).
- (f) Absent circumstances preventing it, the interviewer should record all interviews of employees and witnesses in all Formal Complaint Investigations. The employee may also record the interview. If the employee has been previously interviewed, a copy

Ventura County Sheriff's Office

of that recorded interview shall be provided to the employee prior to any subsequent interview (Government Code § 3303(g)).

- (g) In all Formal Complaint Investigations, the employee shall be advised of his/her Constitutional rights pursuant to *Lybarger*. This admonishment shall be given administratively whether or not the employee was advised of these rights during any separate criminal investigation. (Government Code § 3303(h)).
- (h) All employees subjected to interviews that could result in punitive action shall have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual employee's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).
- (i) All employees shall provide complete and truthful responses to questions posed during interviews.
- (j) No employee may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

1003.5.1 ADMINISTRATIVE SEARCHES

An employee of this department **may be** administratively ordered to submit to a blood, breath, or urine test for alcohol and drugs when the employee is found to be exhibiting objective symptoms of intoxication or drug influence while on duty.

The use of compelled testing results shall be restricted to the administrative investigation.

Any employee may be compelled to disclose personal financial information pursuant to proper legal process; if such information tends to indicate a conflict of interest with official duties, or, if the employee is assigned to or being considered for a special assignment with a potential for bribes (Government Code § 3308).

Employees shall have no expectation of privacy when using telephones, computers, radios or other communications provided by the department.

Assigned lockers and storage spaces may only be administratively searched in the employee's presence, with the employee's consent, with a valid search warrant or where the employee has been given reasonable notice that the search will take place (Government Code § 3309).

All other departmentally assigned areas (e.g., desks, office space, assigned vehicles) may be administratively searched by a supervisor, in the presence of an uninvolved witness, for non-investigative purposes. (e.g., obtaining a needed report or radio). An investigative search of such areas shall only be conducted upon a reasonable suspicion that official misconduct is involved.

1003.6 DISPOSITION OF PERSONNEL COMPLAINTS

Each allegation shall be classified with one of the following dispositions:

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Personnel Complaints

Unfounded - When the investigation discloses that the alleged act(s) did not occur or did not involve department personnel. Complaints which are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.5(c)).

Exonerated - When the investigation discloses that the alleged act occurred, but that the act was justified, lawful and/or proper.

Not Sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the employee.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

Abated - Due to lack of merit; the complainant withdraws the complaint or refuses to cooperate with the investigation, and/or there is insufficient evidence or alternative sources of information to pursue the matter further.

If an investigation discloses misconduct or improper job performance which was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1003.7 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation. In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1. If the nature of the allegations dictate that confidentiality is necessary to maintain the integrity of the investigation, the involved employee(s) need not be notified of the pending investigation unless and until the employee is interviewed or formally charged within one year of discovery.

All investigations shall be reviewed by the Professional Standards commander upon completion. Additionally, all investigations with a sustained allegation should be forwarded through the chain of command to the commander of the involved employee(s).

Once received, the Sheriff or designee may accept or modify the classification and recommendation for disciplinary action contained in the report.

Within 30 days of the final review by the Sheriff or designee, written notice of the findings shall be sent to the complaining party. This notice shall indicate the findings, however, will not disclose the amount of discipline, if any imposed. The complaining party should also be provided with a copy of his/her own original complaint (Penal Code § 832.7).

Any complaining party who is not satisfied with the findings of the department concerning their complaint may contact the Sheriff or designee to discuss the matter further.

Nothing set forth herein shall be considered to restrict the right of management to take immediate disciplinary action when it is deemed appropriate. The foregoing is merely a summary and employees should refer to their respective Memorandum of Agreement or the County Personnel Rules and Regulations for a comprehensive explanation of the appeal process and the individual responsibility required of an appellant in that process.

1004.10.1 REDACTION

The Custodian of Records, in consultation with the Sheriff or authorized designee, shall redact the following portions of qualifying records made available for release (Penal Code § 832.7(b)(6)):

- (a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of deputies
- (b) Information that would compromise the anonymity of whistleblowers, complainants, victims, and witnesses
- (c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about possible misconduct and use of force
- (d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the deputy or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(7)).

1004.10.2 DELAY OF RELEASE

Unless otherwise directed by the Sheriff, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of qualifying records due to any of the following conditions (Penal Code § 832.7):

- (a) Active criminal investigations
 1. Disclosure may be delayed 60 days from the date the misconduct or use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
 2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against a deputy or against someone other than a deputy who engaged in misconduct or used the force.
- (b) Filed criminal charges
 1. When charges are filed related to an incident in which misconduct occurred or force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.
- (c) Administrative investigations
 1. Disclosure may be delayed until:
 - (a) There is a determination from the investigation whether the misconduct or use of force violated law or department policy, but no longer than 180 days

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Personnel Records

after the date of the department's discovery of the misconduct or use of force or allegation of misconduct or use of force

1004.10.3 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of qualifying records, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

- (a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.
- (b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.
 1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:
 - (a) When the criminal proceeding is against someone other than a deputy and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about misconduct or use of force by deputies.

In cases where an action to compel disclosure is brought pursuant to Government Code § 7923.000, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(8)).

Seat Belts

1005.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1005.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1005.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1005.3 TRANSPORTING PERSONS IN CUSTODY

Persons who are in custody should be in a seated position and secured in the rear seat of any department vehicle with a restraint system or, when a restraint system is not available, by seat belts provided by the vehicle manufacturer. The restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

- (a) This order does not apply to prisoners/passengers on Sheriff's transportation buses or vans or to prisoners with physically disabling or medical conditions which would prevent the proper utilization of factory installed safety belts.
- (b) If the prisoner is so combative as to create a potential for injury to the officer or prisoner, the belt need not be used until the prisoner can be restrained safely.

An incarcerated person in leg restraints or the WRAP shall be transported in accordance with the Handcuffing and Restraints Policy.

1005.4 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Seat Belts

front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1005.5 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Sheriff.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

Body Armor

1006.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1006.2 POLICY

It is the policy of the Ventura County Sheriff's Office to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1006.3 ISSUANCE OF BODY ARMOR

The Administration supervisor shall ensure that body armor is issued to all deputies when the deputy begins service at the Ventura County Sheriff's Office and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administration supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1006.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Deputies shall only wear agency-approved body armor.
- (b) Deputies shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Deputies may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action. Deputies are also excused from wearing body armor in a detention environment.
- (d) Body armor shall be worn when a deputy is working in uniform in the field.
- (e) A deputy may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1006.3.2 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should be cared for, cleaned, and stored pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance

capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

Transfer Policy

1007.1 PURPOSE AND SCOPE

It is the intent of the department that all requests for change of assignment are considered equally. To facilitate the selection process, the following procedure is established whereby all such requests will be reviewed on an equal basis as assignments are made.

Due to the differences in positions held by sworn and professional staff, this policy applies only to sworn personnel. Transfers of professional staff, when such opportunities exist, are at the discretion and approval of the command and executive staff of each respective division.

1007.1.1 GOALS

- To distribute acquired professional expertise throughout the department.
- To provide personnel the opportunity to acquire broad job experience and increased eligibility for a variety of assignments.
- To provide the opportunity for an employee to enhance his/her individual promotability.
- To provide personnel the opportunity for professional growth.
- To improve job efficiency, provide personnel the opportunity to display individual initiative by providing the opportunity for job satisfaction and the vehicle to identify and reward exemplary performance.

1007.2 REQUEST FOR CHANGE OF ASSIGNMENT

Personnel wishing a change of assignment must complete a Transfer Request Form. The original form should then be forwarded in the manner designated on the posting along with a copy to Sheriff's Human Resources.

No transfer shall be considered without the submittal of a formal transfer request, in accordance with this policy.

Applicants may not be considered for transfer if they have performance or disciplinary issues deemed relevant for the position they are seeking.

Transfer request applications shall be purged and may be renewed annually after January 1st of each successive year.

Trades and/or requests for transfers to non-specialized assignments shall be subject to the provisions of this policy and shall occur as part of other routine transfers. Urgency to meet department needs or because of personal hardships shall be a consideration.

1007.2.1 DEPARTMENTAL GUIDELINES AND CONSIDERATIONS

1. A listing of job descriptions for all classifications/assignments shall be maintained by Human Resources considered non-general custody or general patrol. Descriptions shall identify prerequisite job experience, specialized skills, and personal traits

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Transfer Policy

necessary to successfully perform the job along with a general description of the conditions of the work environment.

Each division commander/bureau manager is responsible for monitoring the term length for sworn staff in specialty positions. Factors to consider when deciding to facilitate transfers include, but are not limited to: complexity of assignment/time needed to gain competency, the loss of expertise a transfer will have on the unit/bureau, desire to develop department wide professional expertise, desire to reward initiative/positive performance to those seeking greater opportunity, and the performance of the individual currently holding the position.

2. Establish format for evaluating applicants in filling vacancies within their respective division, subject to review by the Human Resources Bureau.

3. Maintain a transfer request book as the recognized source of personnel to consider in filling divisional vacancies.

4. Remove annually to an inactive file, all transfer requests and evaluation selection documents at the conclusion of each calendar year. These documents shall be maintained subject to inspection by the Human Resources Bureau and shall be purged after one (1) year.

5. Post department-wide, with a minimum of thirteen (13) days notice, a listing of any anticipated vacancies. Posting of anticipated vacancies shall be based on upcoming transfers and anticipated promotions. Personnel should recognize that the timely backfilling of secondary vacancies created through promotions or fulfillment of specialty assignments may not allow time to post notice of vacancy.

1007.3 SELECTION PROCESS

The selection process may vary, based upon the type and number of vacancies. Applicant evaluation shall be part of any selection process and be limited to the most recent five (5) year work history.

- (a) Division Assistant Sheriff may review and consider the following as a part of their selection process:
 1. Personnel files including; performance appraisals, commendations and awards, discipline, sustained complaints.
 2. Job attendance history and sick leave usage.
 3. An audit or prior written exemplars for content and effective communications.
 4. Resumes (limited to two (2) pages), reflecting work history, collateral assignments, education and training.
 5. Skills, training and education applicable to vacant assignment.
 6. Other items, which shall be specifically identified as part of the application evaluation.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Transfer Policy

- (b) Evaluations may include a personal interview with each applicant at least once each calendar year.
- (c) Selection to fill any vacancy shall be on the basis of proven job competency, exhibited capability and possession of prerequisite skills necessary for position sought. All things being equal, consideration shall be given to seniority within the classification.
- (d) At the conclusion of the evaluation process, the successful applicant(s) shall be recommended for appointment to the Sheriff or his designee who shall make the final decision.

1007.4 HUMAN RESOURCES BUREAU

Exceptions to the provisions of this policy may be granted by the Sheriff, if necessary, to meet identified department needs.

Nothing in this policy shall prevent a bureau manager from exercising his/her discretion and rights as a manager, subject to the review by the division Assistant Sheriff, to remove a staff member from his/her assignment prior to the expiration of his/her term for cause or behavior disruptive to the efficiency of the work environment.

COLLATERAL ASSIGNMENTS

1008.1 PURPOSE AND SCOPE

To establish departmental guidelines for the selection of personnel for collateral assignments throughout the department.

1008.2 BACKGROUND

The department has found that a number of specialized functions can operate most cost effectively as collateral assignments. Personnel train for and carry out specialized function, such as SWAT or Mounted Patrol, in addition to their normal work assignment. Each specialized unit has independent requirements used to evaluate applicants. On occasion, deputies serve on more than one specialized unit, which can potentially have an adverse impact on their primary assignment, or other collateral assignments. To reduce potential conflicts, the following review process shall be observed.

1008.3 REVIEW PROCESS

First Collateral Assignment:

If a deputy wishes to join a specialized collateral unit, he/she must submit a completed copy of the attached Collateral Authorization Memo https://sheriffintranet/wp-content/uploads/2018/08/HR_Collateral_Authorization_Memo.pdf to his/her respective captain prior to applying for the position. The Collateral Authorization Memo is only an approval to apply for the collateral assignment. The captain will review the memo and the deputy's performance in his/her regular assignment. As both the department and the deputy benefit from collateral assignments, captains should generally be supportive of requests. If the captain authorizes the request, the deputy shall submit a copy of the approved request with the application to the specialized unit.

More than one Collateral Assignment:

Some deputies may wish to participate on more than one collateral team. If the second collateral assignment is not time intensive in terms of training and call out requirements, this may be a reasonable request. An example of this might be a deputy working with the Mounted Unit wishing to join the Honor Guard. The second collateral unit is not time intensive and activation is not likely to conflict with the first collateral assignment. However, having two or more collateral assignments is generally discouraged. The requesting deputy shall complete the Authorization Memo listing his/her current primary assignment, current collateral assignment, and the collateral unit the deputy wishes to join prior to applying for the collateral. The deputy's captain and commander must approve the request. If approved, the signed memo shall accompany the application to the collateral unit.

1008.3.1 SELECTION PROCESS

Prior to final selection, the supervisor responsible for the appointment shall verify with the applicant's respective commander that the approval is still in effect. This will eliminate the potential for any division being adversely impacted by excessive collateral assignments.

Fitness for Duty

1009.1 PURPOSE AND SCOPE

All employees are required to be free from any physical, emotional, or mental condition which might adversely affect their ability to perform their duties.

1009.1.1 SWORN EMPLOYEES

All sworn employees are required to be free from any physical, emotional, or mental condition which might adversely affect the exercise of peace officer powers. The purpose of this policy is to ensure that all deputies of this department remain fit for duty and able to perform their job functions (Government Code § 1031).

1009.2 EMPLOYEE RESPONSIBILITIES

- (a) It shall be the responsibility of each member of this department to maintain good physical condition sufficient to safely and properly perform essential duties of their position.
- (b) Each member of this department shall perform his/her respective duties without physical, emotional, and/or mental constraints.
- (c) During working hours, all employees are required to be alert, attentive, and capable of performing his/her assigned responsibilities.
- (d) Any employee who feels unable to perform his/her duties shall promptly notify a supervisor. In the event that an employee believes that another employee is unable to perform his/her duties, such observations and/or belief shall be promptly reported to a supervisor.

1009.3 SUPERVISOR RESPONSIBILITIES

- (a) Any supervisor observing circumstances indicating that the emotional or mental fitness of an employee may be in question should meet with the employee if to do so will not aggravate the situation. If the meeting does not relieve the supervisor's concern, or no meeting is conducted the supervisor shall prepare a written report and contact his division commander. All information shall be forwarded to the Support Services Assistant Sheriff.

Lactation Breaks

1011.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding reasonable accommodations for lactating members (Labor Code § 1034).

1011.2 POLICY

It is the policy of the Ventura County Sheriff's Office to provide, in compliance with federal and state law, reasonable accommodations for lactating members. This includes break time and appropriate facilities to accommodate any member desiring to express breast milk for the member's nursing child (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; Labor Code § 1030).

1011.3 LACTATION BREAK TIME

A rest period should be permitted each time the member requires a lactation break (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Members desiring to take a lactation break shall notify the [dispatcher or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1011.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view, free from intrusion from coworkers and the public, and otherwise satisfy the requirements of federal and state law (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; Labor Code § 1031).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Lactation Breaks

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

1011.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the member's shift ends.

1011.5.1 STATE REQUIREMENTS

Members have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Members who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).

- (d) The foregoing will not apply in time of emergency.
- (e) Regular scheduling difficulties are not considered emergencies. However, employees who volunteer for overtime and as a result are not available for, or in the opinion of a supervisor, capable of safely working or completing their regular assigned shift, may be assigned compensatory time off at that time.

The following rules shall apply when employees are to be called in from their regular off duty time:

- (a) A supervisor has the authority to call in off duty employees for emergency situations or to meet minimum deployment standards.
- (b) Whenever possible consideration should be given to the employee who has worked the least amount of overtime and/or total hours.

 1. Annually on January 1

- (d) Involves time demands that would render performance of the employee's duties for this department less efficient.

1013.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Employee Speech, Expression and Social Networking

1018.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1018.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

1018.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to conflict with the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees adhere to the department's conduct and ethics standards while engaging in social networking activities.

To achieve its mission and efficiently provide service to the public, the Ventura County Sheriff's Office will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of oversight regarding its employees' speech and expression.

1018.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Ventura County Sheriff's Office employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family, or associates.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Employee Speech, Expression and Social Networking

Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of a deputy who is working undercover.
- Disclosing the address of a fellow deputy.
- Otherwise disclosing where another deputy can be located off-duty.

1018.4 PROHIBITED SPEECH, EXPRESSION, AND CONDUCT

To meet the department's safety, performance, and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation, or professionalism of the Ventura County Sheriff's Office or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Ventura County Sheriff's Office and tends to compromise or damage the mission, function, reputation, or professionalism of the Ventura County Sheriff's Office or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination, or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Ventura County Sheriff's Office.
- (f) Use or disclosure, through whatever means, of any information, photograph, video, or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Sheriff or the authorized designee.

marked vehicles, equipment, or other material that specifically identifies the Ventura County Sheriff's Office on any personal or social networking or other website or web page, without the express authorization of the Sheriff.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1018.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or deputy associations, employees may not represent the Ventura County Sheriff's Office or identify themselves in any way that could be reasonably perceived as representing the Ventura County Sheriff's Office in order to do any of the following, unless specifically authorized by the Sheriff (Government Code § 3206; Government Code § 3302):

- (a) Endorse, support, oppose or contradict any political campaign or initiative.

- (c) Endorse, support or oppose any product, service, company or other commercial entity.
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or deputy associations), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Ventura County Sheriff's Office.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or deputy associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1018.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Employee Speech, Expression and Social Networking

The Department shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the Department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

Nepotism and Conflicting Relationships

1019.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure equal opportunity and effective employment practices by avoiding actual or perceived favoritism, discrimination or actual or potential conflicts of interest by or between members of this department. 1019.1.1 DEFINITIONS

- (a) Employees are prohibited from directly supervising, occupying a position in the line of supervision or being directly supervised by any other employee who is a relative or with whom they are involved in a personal or business relationship.

Ventura County Sheriff's Office

Ventura County SO Policy Manual

Nepotism and Conflicting Relationships

1. If circumstances require that such a supervisor/subordinate relationship exist temporarily, the supervisor shall make every reasonable effort to defer matters pertaining to the involved employee to an uninvolved supervisor.
 2. When personnel and circumstances permit, the Department will attempt to make every reasonable effort to avoid placing employees in such supervisor/subordinate situations. The Department, however, reserves the right to transfer or reassign any employee to another position within the same classification in order to avoid conflicts with any provision of this policy.
- (b) Employees are prohibited from participating in, contributing to or recommending promotions, assignments, performance evaluations, transfers or other personnel decisions affecting an employee who is a relative or with whom they are involved in a personal or business relationship.
 - (c) Whenever possible, FTOs and other trainers will not be assigned to train relatives.  - (f) The Department's preference is that employees who are a relative or in a personal relationship as defined by this section do not work on the same shift and at the same station as a regular assignment to avoid actual or potential conflicts. The Department does recognize that staffing requirements may override this preference from time to time on a temporary basis.

1019.2.1 EMPLOYEE RESPONSIBILITY

All Department supervisors who become involved in a romantic or sexual relationship with a subordinate are encouraged to report such relationships to their immediate supervisor.

The intent of this requirement is not to interfere or discourage the right of individuals to freely enter into relationships, but to make necessary modifications in scheduling work assignments, or other work conditions if necessary to avoid conflicts between individuals in the work assignment. The commanding officer shall ensure that all direct supervision in such relationships is avoided and that any necessary changes are made.

Whenever any employee is placed in circumstances that would require the employee to take enforcement action or provide official information or services to any relative or individual with whom the employee is involved in a personal or business relationship, the employee shall promptly
